“Brother Leopard, Lord Leopard, please don’t come over here. My meat doesn’t taste good, haven’t you heard that human meat is sour...”

Qi Baoer continuously backed away on a quivering branch with a slightly pale face.

One hand held onto the branch on the side while the other grasped a multipurpose knife.

Her nervous little eyes looked into the spotted leopard’s big eyes.

That leopard wasn’t small.

It catwalked closer towards the trunk of the tree she was on.

Its jade green eyes emitted a deep ice cold radiance, its saliva dripped from the corner of its mouth.

Qi Baoer nearly cried but had no tears as her chest unceasingly grieved about how bad her luck was.

When Qi Baoer had nothing to do, she liked to travel.

It was in her nature to like taking risks, and she even knew martial arts.

After traveling here, she heard that this place had a secret cave, and that cave was called the Ghost Cave by the locals.

There were many twists and turns inside that cave, even the caves had caves, and they all weaved and overlapped. It was like a maze trap, and was rumored that many people had disappeared inside that cave.

This aroused her exuberant adventurous spirit.

After preparing a knapsack, she went into the Ghost Cave.

The Ghost Cave was like a huge labyrinth.

Qi Baoer walked around for a while inside, and felt that aside from being a little gloomy, with a little more forks in the road, with an underground river that was a little too fast, this cave wasn't really anything out of the ordinary.

Intending to walk out due to her diminishing interest, she unexpectedly walked a bit too fast, slipped underfoot and tumbled greatly.

When she opened her eyes, the surroundings had completely changed.

The cave disappeared without a trace, and a vibrant jungle appeared before her...

She was originally not particularly panicked since she had, after all, an army background.

In those days, it was not know how many times she had to travel through jungles for training.

To her, this time's unfortunate circumstance was nothing special.

Besides, she knew that there was no real forest in the vicinity. She even had a compass in her hand, so she wasn't all that worried about not being able to get out.

But unexpectedly, even though she had been walking for the whole day, she still had not left this wretched jungle!

This jungle was actually so large that it didn't seem to have any boundaries.

The jungle overhead covered the entire sky, and the entire forest ceiling was a deep field of green.

Not even a sliver of sunlight could be seen penetrating through.

Countless strange shaped flowers were sprinkled everywhere, and above the tall trees were various kinds of creeping vines.

She couldn't see the sunlight if she lifted her head and couldn't see the ground even if she lowered it...

Wife is Outrageous 2

2. The pretty little boy (2)

She couldn't see the sunlight if she lifted her head and couldn't see the ground even if she lowered it...

And it looked like the jungle she had first been in before she had started walking.

Fortunately, she had come out to explore, there were a lot of travel essential items in her knapsack. There were obviously provisions and drinking water, so she wouldn't be thirsty or go hungry today.

Her leg strength wasn't too bad. After walking for an entire day, she'd at least walked over ninety kilometers.

But unexpectedly, she still could not see the jungle's boundary.

This caused her to be a bit panicked and suspect that the compass in her hand was broken, making her walk in circles in this jungle...

This primitive jungle had all sorts of wild animals.

Qi Baoer walked cautiously, and just when she was rejoicing over the fact that she had not encountered a large carnivorous beast, she unexpectedly bumped directly into a leopard!

It was practically an instinctive reaction; using her limbs, Qi Baoer quickly climbed up a nearby large tree at flying speed.

Just as she was rejoicing that she did not learn martial arts in vain, she actually saw the leopard climb up after her.

It was then she realized that leopards could actually climb trees!

Good thing for her quick intelligence and adaptability, for she immediately

climbed towards a comparably thin branch.

Qi Baoer was petite and nimble, she was lighter than the leopard by many times.

She continuously trembled while standing on that slender branch.

That leopard had just climbed up, and that branch shook like a level ten earthquake.

And even released a cracking noise, as if it was about to snap...

At this time, one person and one leopard were extremely far away from the ground.

If this branch really snapped, even if one were as strong as a leopard, they would still end up injured.

This leopard had lived in this forest for a long time, so it obviously knew that too.

Which was why it did not dare to take another step further, but it was not willing to abandon this delicacy.

Since it was stayed in place, it was stuck with Qi Baoer.

This had become a deadlock.

Qi Baoer had an extreme painful headache.

Even though she learned martial arts, she had only wrestled against humans, never with large carnivorous wild animals.

She didn't know if she was this leopard's match.

Besides, weren't leopards like these considered second class national-level protected animals?

If she killed it, she might even end up in jail...

She had already walked for an entire day, and was exhausted since long ago. At this time, even her limbs had weakened.

If she wasn't careful enough, she'll fall down half dead...

Wife is Outrageous 3

3. The pretty little boy (3)

If she wasn't careful enough, she'll fall down half dead...

Seeing the sun slant towards the west, she was already at a deadlock with this leopard for a full three hours.

This leopard was calm and easygoing, it still did not have any intent of withdrawing.

"Leopard, my brother, can you not waste time with me? I don't really have much meat on my body, probably barely enough for it to get stuck between your teeth. Its been so long, and you might even catch a wild boar to eat, so please don't waste your precious time on me..."

Qi Baoer suddenly discovered that she had the potential to become a monk, she was actually having a chat with a leopard—— No choice, if she didn't have a way to divert its attention away from her, she'll probably just fall asleep here...

That leopard twisted its head and ignored her.

"Looks like my only choice is to fight!" Qi Baoer's eyes flashed with a smear of killing intent.

If she didn't want to be the leopard's food, then she had no other choice but to kill it!

She'll think about the jail part afterwards. She had to save herself first.

"Whoosh!" A burst of wind blew, and a strange white thing fell down from who knew where!

It just so happened to coincidentally drop directly on the crouching leopard's body!

Caught off guard, the leopard was smashed head-on.

Along with a wretched howl, it fell off the tree with the white thing!

Bang! Bang!

After the sound of a heavy object falling to the ground and the leopard's last wail came from under the tree, there were finally no other sounds of movement.

All of this happened too fast. Before Qi Baoer had time to react, everything under the tree had already settled...

What kind of thing rescued her?

Qi Baoer blinked in confusion and looked down.

She immediately stared, in a daze.

Below the huge tree, that leopard was motionlessly lying in place.

And next to the leopard's body, was actually a little curled up person. It was not known whether he was dead or alive.

Her heart thumped. Not caring about the consequences, she hurriedly slid down the tree.

In spite of her legs going soft, she ran to the little person's side.

Only when she was near enough did she see that the little person was only four or five years old.

Even though his little face was a bit dusty, his skin was undamaged and cute like white jade.

His long fanlike eyelashes covered his eyelids. It was actually a dumpling-like, extremely beautiful cute little boy!

Why would such a little child appear in the middle of this forest?

Wife is Outrageous 4

4. The pretty little boy (4)

Why would such a little child appear in the middle of this forest?

And from the looks of it, he seemed to have fallen from the sky...

She lifted her head and looked all around. In the top was densely covered up, and aside from all that greenery, she couldn't see anything else.

Eh? What was he wearing?

That little kid was wearing a white colored robe embroidered with a dark gold flowing cloud pattern. His hair was long and scattered. No matter how she looked at it, why did it seem like it wasn't from the modern era...

Was this child shooting a movie?

But why didn't she see the director and camera? Or even the other workers...

Where did this little child come from?

Qi Baoer tested his breath. Good, he had only fainted, his life was not in danger.

"Hey, dumpling, wake up, wake up."

Qi Baoer slapped the little child's face, and then examined his arms and calves. Good, good, no injuries...

Eh? If they were shooting a movie, then there should be a mark from a hanging wire on his waist.

This little kid actually had nothing on him.

She slightly wrinkled her brows.

Where exactly did this child come from?

The little kid let out a “wuu”, but still didn’t open his eyes.

He wouldn’t have fallen so hard that he had a concussion, right?

After all, falling from such a tall height was no fun matter!

Qi Baoer carried the little child onto her knees.

She rubbed his head, testing if it had grown a lump.

Oh, this little child’s skin isn’t just normally good.

It was so smooth that it make one want to have a bite.

Qi Baoer had always liked children, and had an extreme affinity with children.

At this time, she was a bit suspicious as to where this little kid had come from.

But she still couldn’t help but lower her head to kiss the little kid’s cheek.

Just as Qi Baoer’s lips left the little kid’s cheek, the little kid’s long eyelashes trembled.

Then he opened his eyes.

Qi Baoer did not have time to move away, and had a direct staring competition with the little kid.

Qi Baoer stared blankly for a while.

She didn’t know why, but she saw a faint sliver of a mocking smile in the little kid’s eyes.

This mocking smile flashed for an instant, but still did not escape from Qi Baoer’s eyes.

Was—— Was this an expression that a little kid should have?

Wife is Outrageous 5

5. The pretty little boy (5)

Qi Baoer slightly stiffened and laughed awkwardly: “You’re awake? Little kid?”

The little kid lazily stretched his waist and stood up.

His big eyes sparkled at her, but he didn’t say a single word.

That beautiful of a child couldn’t be a mute, right?

That’s just way too pitiful!

Qi Baoer loosened her expression and smiled at him: “Little kid? Were you shooting a movie? Why did you randomly fall down here from the sky?”

The little kid slightly raised his brows, yet still did not answer her question.

Patting the dust off his own body. It wasn’t know what kind of material that robe was made of, but he only gently patted it and all the dirt disappeared.

It was tidy to the point where it looked so new that it seemed as if it was a newly washed robe that had just been ironed.

Without even looking at Qi Baoer, he turned around and started to leave.

What a cocky little brat! He had actually ignored her!

“Little brat, I just saved you and you actually give me that attitude?”

Even though Qi Baoer thought that the way this little kid had appeared was really strange and was a little on guard, it was still a little wimp. No matter how strange it was, it wasn’t as if the heavens had flipped over.

And she really wasn’t willing to let a little kid look down on her. After a slight daze, she chased after him.

“Saved me?” That little kid suddenly stopped walking and looked at Qi Baoer

with a faint smile.

He said coolly: “Don’t you mean that I’m your savior? If I didn’t crush that leopard to death, you would already be the meal inside that leopard’s stomach.”

He had a clear child’s voice that sounded like pearls dropping on a jade plate, it sounded very pleasant.

How did he know?

Could it be that in the split second the kid fell, he clearly saw what was going on?

Qi Baoer raised her eyebrows and rubbed his head while beaming: “Dumpling, looks like you do know how to talk, I thought that you were a little mute. What’s your name? Why did you suddenly appear here?

The little kid curled the corner of his pink lips, narrowed his eyes, and looked at Qi Baoer: “And who are you? Aren’t you scared that people will think you’re a [spirit monster](#) because of your strange clothes and arrest you?

Think she was a spirit monster and arrest her?

Qi Baoer frowned.

To make it more convenient for her to go exploring, she was wearing a white t-shirt.

Wife is Outrageous 6

6. The pretty little boy (6)

So ordinary that it couldn't be anymore ordinary, how did she look like a spirit monster? The one wearing weird clothes should be him...

Her heart suddenly lurched as she looked at the scenery around her.

When she looked back at the little boy in ancient clothes, a bad premonition attacked her— She, she couldn't have died and traveled through time, right?!

She let out a long breath and steadied her mind.

Mustering up the most gentlest and nicest smile, she asked: "Dumpling, do you know where this is?"

The little kid's eyelashes trembled as he looked at her, replying with a question:" "You don't know where this is? Then why are you even here?"

Qi Baoer slightly raised her brows. This little kid isn't simple, huh, so tight lipped.

She wondered which family this kid was from. His background was probably not that simple!

Her head started to slightly hurt again.

She had read a few time traveling novels before. When other people traveled through time, they usually crossed onto a big bed, and usually had a servant girl to pamper them on the side.

Why did she have such bad luck?

To actually cross through to such an old forest area deep in the mountains!

Let's not talk about almost getting eaten by a leopard, she'd even encountered such a strange little kid.

She had run through this primitive looking jungle for an entire day, but didn't even see a single person.

So she shouldn't be lost in near a village.

Then—— Where exactly was she?

He had actually fallen from such a tall height, yet there wasn't even a single scar on his body. He could—— couldn't be a spirit monster, right?!

Qi Baoer didn't know why, but she suddenly thought about the red child from 《Journey to the West》.

She involuntarily took a step back and sized up that little kid.

That little kid had two big, sparkling eyes, and a powdery white face. There didn't seem to be any abnormalities.

Qi Baoer smiled wryly in her heart. It's not as if she had Su Wukong's piercing eyes.

If this little kid was a spirit monster, she just couldn't see it at all.

He who strikes first prevails, he who strikes late fails! She had to subdue this little kid first!

After being touched by Qi Baoer's 'ill intentioned' gaze, that little kid instinctively sensed danger and took a step back.

Seeing that his guarded little face, Qi Baoer quickly laughed.

Gentling her voice, she crouched down and beckoned him with her hands: "Good dumpling, come to big sis."

Wife is Outrageous 7

7. The pretty little boy (7)

That little kid slightly knitted his brows as a trace of disdain flashed past his eyes.

That gaze was as if he was seeing a big bad wolf trying to lure Little Red Riding Hood. Not only had he not been duped, he'd actually took a step back.

This little kid's cautiousness wasn't at a normal high!

Could he be a [ginseng baby](#)? Is he scared that I'll eat him?

Qi Baoer was scared of her own talented thinking, and then carefully sized up that little kid again.

Snow white arms and calves that look like tender lotus roots, they would make one want to pounce up to bite him.

But he didn't have that ginseng flower on his head, nor was he wearing that undergarment...

He shouldn't be one, right?

"Good boy, tell big sis, what's your name?"

As Qi Baoer's mouth talked, she slowly advanced step by step.

That little kid's eyes flashed with a faint light, then he suddenly turned around and starting running!

I can't just let him run away!

That was Qi Baoer's first reaction!

Almost by instinct alone, she charged forward.

That little kid's movements were quick and agile. He ran really fast, but sadly, he had the misfortune of being small and having short legs.

Even though he ran desperately, he could not escape from Qi Baoer's evil clutches, and was beautifully caught by her, then was pressed onto the ground!

Heh, got him in one move!

Looks like she hadn't been a special forces soldier in vain.

Qi Baoer was a bit proud of herself.

She turned the little kid around. She was also afraid of injuring the little kid, so she naturally controlled her power: "Speak, who are you? Where exactly is this place?"

"WAAH!" The little kid under her hands began to cry loudly. His crying shook the forest and startled countless birds.

Qi Baoer was also startled.

This, this little kid had always been calm and cocky. Why, why did he start crying now?

Did she hurt him by accident?

Seeing the little kid cry, Qi Baoer's heart secretly let out a breath of relief.

I know right, that's how a little kid's suppose to act.

Not only that, the little kid's pulse didn't seem to be some kind of evil spirit's; it was no different from any other little kid's.

She probably was overthinking it.

It was such a sin to look at such a pretty little kid cry.

Seeing his 'golden peas' tumble down from his eyes, Qi Baoer's heart slightly tightened.

Wife is Outrageous 8

8. The pretty little boy (8)

Quickly loosening her grip, she rubbed the little kid's head: "Okay, okay, good boy, don't cry..."

"You're bullying me, wuuu, you're not a good person..."

That little kid didn't have the power to withdraw his tears as he pointed at her, as if accusing her of child abuse.

Qi Baoer only felt like there was a huge sweatdrop behind her head.

She rummaged through her knapsack and took out a lollipop: "Good boy, don't cry anymore, I'll give you a lollipop."

This lollipop was the best thing to do to coax a child. Nine out of ten children will smile through tears because of it.

But unexpected, this little kid didn't fall for it. After eyeing the lollipop in her hands, he closed his eyes and continued to cry: "Wuuu, you're an evil spirit monster who bullies little children..."

Qi Baoer clenched her teeth and went for broke.

Rummaging through her knapsack again, she took out her most favorite——Dove chocolate.

She waved it in front of the little kid: "Guess what this is? Chocolate! Try it, it's really smooth, really silky, and really sweet..."

Qi Baoer had even used the phrase from the television commercial, only hoping that this brat before her eyes would close his 'faucet'.

She had no resistance against this little child's tears.

Let alone such an outrageously beautiful child's tears which soured her heart

and nearly made herself want to cry too.

She knew that this ancient clad child had no idea how chocolate tasted.

Quickly unpeeling the package, she broke off a chunk and squeezed it between the kid's mouth.

That little kid tightly closed his mouth and took a step back.

He continued to sob and sniffle: "What... What is that black thingy? You want to poison me to eat my meat, wuuu, I heard it from Mother, evil spirit monsters particularly like to eat little children meat..."

Wh, what kind of logic was that?!

He thought she was the [White Bone Demon](#) or something?

Totally the saying that 'no good deed goes unpunished'!

Qi Baoer restrained herself from her urge to roll her eyes as she put that chunk of chocolate in her mouth.

Little wimp, why won't you eat such yummy thing that I gave you.

That's just your own bad luck, I can't bear to give it to you to eat anyway...

Seeing that she really liked eating it, the little kid curled his lip and cried even harder: "Bad woman, hogging yummy things to yourself..."

囧 !

Qi Baoer only felt that her brain had gotten larger.

This little wimp, matching everything to his own rationale, huh?

Wife is Outrageous 9

9. The pretty little boy (9)

Pretty little boy? He's clearly a little demon king!

Qi Baoer was tired, but she still couldn't get angry at this dumpling-like little kid.

She was still considered a special forces soldier, so how could she lower herself to argue with a little kid?

Sighing helplessly, she took out another piece of chocolate

Sigh, this was the last piece. If she really crossed through time, then she'll never be able to eat such deliciousness again...

So painful! Looking at the rain filled pear like 'dumpling' again, she threw caution to the wind!

"Here, this is the last piece. As long as you stop crying, this one's yours."

Qi Baoer waved the chocolate in front of the little kid with a very tempting voice.

The little kid suddenly stopped crying as he stretched out a hand: "Okay, I'm not crying anymore, gimme that!"

Qi Baoer's brain momentarily stopped working.

Th, this little kid changed attitudes too fast!

He's even more fickle than the month of June!

However, this damned kid finally stopped his devilishly penetrating noise.

And allowed her to slightly let out a breath of relief.

She waved that chocolate and lectured sternly: "As a man, even if you bleed,

you can't cry. Look at you, didn't even get hurt and you cry. Not manly at all."

The little kid lowered his head, his long eyelashes obstructing his eyes as he reflected for a while.

Then he began to stamp his feet and angrily pointed at her: "You're the one who bullied me because I'm young..."

Qi Baoer sweated a little.

After a snort, she slapped the kid on the head: "Dumpling, it's because you're young that I didn't bother to argue with you. Otherwise, hmph, hmph!"

The little kid smirked: "Otherwise what? As expected, I am the grownup. You still dare to bully me?"

Qi Baoer shoot him a glance and said coolly: "If you're a grownup and you're this disrespectful and shameless to me, I'll beat the crap out of you..."

If this little kid was a grownup, she would've already been on guard against him!

The little kid started giggling.

A trace of mischief flashed through his beautiful eyes: "If I grew up, you wouldn't be able to beat me..."

Qi Baoer only thought that it was a mere child's unacceptable bragging, so she did not lower herself to argue with him.

Wife is Outrageous 10

10. The pretty little boy (10)

She laughed: “Yes, yes, once you grow up, I’ll be old, so of course you’ll beat me. You have the nerve to bully me, an old woman? Alright little dumpling, do you want this chocolate or not?”

After going through such a disturbance, the two had finally gotten familiar with each other.

Knowing that this little child was only a normal kid and not a spirit monster, Qi Baoer’s heart was at ease.

The little kid stretched out his hand and took the chocolate.

Carefully staring at the wrapping, a smear of confused curiosity flashed past his beautiful eyes.

Sticking out his pink tongue, he licked.

Eh? Never tasted this before.

It tastes really good!

He broke off the block of chocolate into small little chunks.

Then threw it into his mouth as he ate with utter satisfaction.

She didn’t know why, but Qi Baoer felt that sometimes, this little kid didn’t really act like a little kid.

Seeing him eat this way, she felt that he was like a sloppy little ruffian...

At this moment, the sun had set under the mountain, and the sky had turned dark.

Qi Baoer had walked an entire day and had long since been completely exhausted.

There was a cliff quite a distance in the pitch-black front of them.

She quickly brought the kid there.

This cliff was steep, and was probably 80,000 feet straight up. In the dim light of the night, it was fundamentally impossible to see the scenery above them.

In the dark night, they couldn't find a place where they could climb up anyway.

Feeling a bit disheartened, she could only just gather a few dry branches to start an open fire.

She took out a little mosquito preventing tent from her knapsack and quickly started a fire near it.

She then fished out a snake and bug repellent and finely sprinkled a circle around it...

She set up a simple campsite under this cliff.

The little kid sat on the side, watching her, as if she was doing magic tricks as she transformed many strange things out.

Her movements were swift and agile, it was evident that she had done this many times before.

He couldn't help but narrow his eyes, this woman really was too weird...

Qi Baoer occasionally turned her head around and saw that little kid stare fixedly at her knapsack.

She couldn't help but laugh a little as she patted her knapsack: "These are my essential items I bring when I go out. As long as you're obedient, big sis will give you lots of new things to eat."

Feeling through the interior again, she took out a sausage: "Little brat, you're hungry right? Try this."

Wife is Outrageous 11

11. How to eat a sausage

That little kid didn't care for formalities and just took the sausage in hand.

He sized it up, and bit into it.

It was tough and didn't taste quite right...

Qi Baoer started looking like this: 囧!

Not able to withhold a little giggle, she snatched back the sausage.

Then she easily tapped the little wimp: "Stupid, you're not suppose to eat the outside packaging."

She pulled the outer wrapping downwards into three strips: "Here, now try it."

The kid got it back and tasted again, it really was different from how it tasted earlier...

"Dumpling, tell big sis, how did you appear here? Where exactly is this place?"

Qi Baoer felt that she had gotten a bit more familiar with the kid, so she started to dig information out of him.

She had to know where exactly she had fallen into.

Deep inside, she was still holding onto a feeble hope that she might not have traveled through time.

It might just so happened that the cave she was exploring was linked to a jungle...

The little kid shot her a glance: "How did you appear here?"

囧. This little kid really wasn't an ordinary blackhearted child.

She had already sacrificed so much of her good food, yet she still had not

gotten close with this little ingrate...

He didn't let anything out when speaking!

She knew that if she didn't say where she came from, this child wouldn't either.

She wasn't particularly interested in where this child had come from.

She only wanted to know if she had really traveled through time...

Thinking for a while, she still decided to not say the truth.

Otherwise, this little wimp would talk on forever and ask for her to explain what it meant to travel through time.

Remember the trick that time traveling protagonists used, she decided to try it: "Big sis accidentally hit her head, and don't remember anything from the past."

"Look here, big sis gave you so many things to eat. In this jungle, if I didn't protect you, you, a little dumpling, would've been eaten by a wild animal." This was an intimidation tactic.

"Look, look. Big sis is so nice to you. If you don't want to say where you came from, that's fine, just tell big sis where this place is, and who's currently in power..." Now she tried to tempt him.

That kid crooked his head to look at her. He blinked at her several times, obviously not believing her words.

But then he laughed, and magnanimously said: "Alright, it's not like I'll eat without paying. Seeing that you're don't really look like a bad person, I'll tell you. This place is called Cloudmist Mountain, and it's within the State of Tang's borders, the current monarch's surname is Li..."

Wife is Outrageous 12

12. What lady, lady?!

Cloudmist Mountain?

State of Tang?

Qi Baoer's shoulders drooped. Doom, doomed! She really did travel through time!

State of Tang, king's surname is Li?

She couldn't have traveled to the Tang dynasty, could she?

Good, good thing it wasn't somewhere imaginary!

Qi Baoer was alright in history. She could use her ample knowledge of history to become a prophet.

Mn, she had to first ask who the current emperor was, if only it was the time when Emperor Tang Taizong was in power...

"State of Tang? Is it the Tang dynasty? Dumpling, do you know which emperor's reign it is right now?"

The little kid looked at her: "It's the State of Tang, and it's currently the reign of Kaiping, the emperor is Tang Ruidi..."

Qi Baoer was in a daze!

Wrong, wrong, all wrong!

She whirled through all the Tang dynasty emperors one by one in her head, and none of the reigns fit.

Besides, all the Tang dynasty emperors were all named "Zong", not "Di"

Which meant that she had still traveled to an imaginary dynasty!!!

The little kid looked on as Qi Baoer's face suddenly became overcast, then clear, then looked as if she had been struck by lightning in the end.

A trace of amazement and amusement flashed past his eyes: "Little lady, what's wrong? Why does it look like you've seen a ghost?"

The three words "little lady" gave Qi Baoer goosebumps all over.

She glared at this impudent little kid: "Little wimp, what lady, lady?! You ought to call me big sis!"

The little kid's eyes sparkled.

He turned his little face: "Hmph, I don't wanna."

His little mouth frowned slightly, as his long eyelashes blinked upon his faintly pink face.

His facial features were as delicate as a sculpted crystal jade. Even though it was somewhat twisted at the moment, he still indescribably cute and pretty.

He sat behind Qi Baoer.

Qi Baoer couldn't help but lower her head to kiss his little face: "Good boy, let me hear you call me big sis."

The little kid's body stiffened slightly as he retreated backwards.

Two large eyes stared at her accusingly: "You... you..."

It looked as if a big bad wolf had dirtied a little innocent rabbit.

That kind of expression was just too easy to make one want to bully him!

Qi Baoer blanked her face: "I'm way older than you, so you should call me big sis. If you still won't call me that, I'll..."

Wife is Outrageous 13

13. The dumpling almost became a meat patty

She swept her gaze through the already black surroundings.

And began to frighten him: “If you still won’t call me that, I’ll just leave you here alone and not care about you anymore.

“This forest has all kinds of wild animals. Tigers, leopards, wolves, bears, and any one of them could casually take your little life at will...”

“.....”

“Your skin and flesh is quite soft, just enough to be their appetizer...”

“.....”

As if giving her words some power, the distant sound of a tiger roar was suddenly heard from the distance, scaring Qi Baoer into a shiver.

Uhm— — this forest area really wouldn’t actually have a tiger, would it?!

Even though she had been in the army, she was no [Wu Song](#), who could defeat a tiger unarmed. How could she possibly fight against a tiger?

A sneer flashed past the little kid’s eyes, and suddenly, his little body was in Qi Baoer’s bosom.

He said in a trembling voice: “T... tiger...”

Even though Qi Baoer herself was scared out of her wits, she could not appear weak in front of this child.

She hurriedly patted his back to comfort him: “Good boy, don’t be afraid, with big sis here, the t... tiger won’t dare to come here.”

With her own heart filled with fear, she naturally did not feel the corners of the little kid in her arm’s face that smiled like a fox that had stolen a fish.

Qi Baoer made the fire a bit bigger, wild animals were all afraid of fire, right?

If only those large carnivores would not dare to come here...

“Dumpling, you’re so young, why did you suddenly run to this forest area?”

It was going to be a long night. Qi Baoer did not dare to fall asleep, and could only continuously chat with the little kid.

The little kid looked at her with a slight frown: “I live in the nearby village. I was playing on top of the cliff, but then I slipped and fell down.

Qi Baoer widened her eyes.

This little kid had fallen from such a height?

Wow, this kid’s really lucky!

Fortunately, he had a good leopard cushion, or else this dumpling would’ve become a meat patty...

Mn, looks like to get out of this boundless forest, the best thing to do is to climb up this cliff as fast as possible...

She planned secretly.

She had prepared a flying tiger claw in her knapsack for cases in which she had to climb.

Perhaps she’ll look and see if it was possible to climb this cliff tomorrow.

Back when she was in the modern era, she had done some climbing before.

Wife is Outrageous 14

14. That smile really doesn't look like a child's smile...

In the modern era, she had learned how to climb trees, and even climbing a building several tens of floors high was as easy as pie.

Even though this cliff was completely vertical, it probably could not deter her. But she still had to bring along this kid.

Could she succeed if she had to carry someone with her?

She shot the kid a glance, then saw the kid nod off.

Must be quite tired.

She couldn't help but laugh. As expected, this little kid couldn't refrain from being tired.

This kid was indeed really weird, but had actually hit it off pretty well with her.

Seeing the kid's tiredness, her heart softened as she rubbed his head: "Dumpling, go sleep in the tent."

"What about you?" The kid's eyes glistened brightly.

"I need to keep watch. This forest has so many wild animals, I can't let the fire go out..."

There was a bit of helplessness and exhaustion in Qi Baoer's voice.

She also wanted to sleep really badly, but there were only two people here, and she obviously didn't want such a little child to keep watch at night.

The little kid flattened his mouth: "But—— I'm really hungry."

Once he said that, Qi Baoer just realized that they had not eaten dinner yet.

She originally wanted to hunt for some game, but she wasn't at ease in leaving

such a little kid here.

She couldn't help but sigh: "It's best to eat the provisions then."

She took out a bag of compressed biscuits and gave one to the kid.

The kid looked at the square-shaped little thing in his hands with completely curiosity.

After trying a bite, he felt that it was kind of hard, like pastries...

His little eyebrows slightly wrinkled.

Sweet again...

The pastry was too dry, so Qi Baoer took out a travel cup and drank some water.

Once she lifted her head, she saw the kid's two large eyeballs staring right at her.

Speaking precisely, he was staring at her travel cup.

Qi Baoer obviously knew what he was curious about. Along with a slight laugh, she said: "Dumpling, drink some water."

The little kid received it, and drank a few mouthfuls.

Oh? The water was actually warm.

He looked inside the weird but pretty cup.

Then looked at the big odd backpack next to her.

He raised his eyebrows and slightly narrowed his eyes as the corner of his mouth revealed an amused smile.

Seeing his expression, Qi Baier was a bit dazed.

That...

That smile really doesn't look like a child's smile...

15. A very long night

The little kid looked at Qi Baoer's somewhat shocked expression.

Putting on a silly face, he giggled: "You have a lot of weird things on you. I've never seen any of them before. Where exactly did you come from?"

Qi Baoer chuckled and slapped his head: "I've already said it before, I don't remember anything from the past, and you're still asking! You, a little wimp, is actually being this impolite to me, calling me you, at least call me big sis."

The little kid glanced at her, then patted his little hands: "Alright, I'm full, I'm going to sleep."

With a face full of smiles, he went inside the little tent.

That damned little kid, getting him to call her big sis was even harder than reaching the sky!

Qi Baoer sighed, and then added more branches to the fire.

Sigh, this night was bound to be a sleepless night.

She had to find some amusement to pass this long night.

She felt around in her pocket.

Good, good, she still had her cellphone.

Even though there was no signal in this time period, she still could play games.

This cellphone of hers could recharge through solar energy anyway.

So she didn't need to be afraid that it would be out of battery.

This cellphone had more than tens of downloaded games. She picked a few she was interested in and started playing...

The very long night had finally passed.

Even though Qi Baoer didn't want to sleep, she was just too tired.

Once dawn arrived, she dozed off in place.

The tent curtain lifted and the little kid walked out.

He saw Qi Baoer sit there, already asleep with her head on her knees.

He couldn't help but laugh. Even if he walked through three worlds, he would never find a second weird enough girl.

Especially her things.

He had never seen anyone of them before, which was rare. He wondered where she came from...

As if she heard the sound of movement, Qi Baoer's body slightly moved.

She looked as if she was about to wake up.

The kid slightly raised his brows.

As he raised his little hand, a streak of white light entered the space between Qi Baoer's brows.

Qi Baoer's lips mumbled, and then went back to sleep.

The kid laughed.

Lifting his head towards the sky, a flash of radiance swept through his eyes.

At this moment, the east was already pale, and in the extreme boundaries in the horizon, a stream of dawn had appeared.

16. The most bewitching man

At this moment, the east was already pale, and in the extreme boundaries in the horizon, a stream of dawn had appeared.

Following the appearance of the first dawn, that child's body had an astonishing reaction!

The gentle rays of light rippled on his body, enveloping its entirety...

The radiance gradually dispersed, and the child disappeared. Standing there, was man clad in white.

Ink black hair draped over his shoulders. Under dawn's light, it was as if it had the luster of a pearl.

His eyebrows were smokey moons, and a fire red lightning bolt imprint appeared in the space between his brows.

Like a blossoming red plum in the midst of snow, he had a stunning, bewitching aura.

He had a pair of obsidian eyes that occasionally appeared to be as deep as the ocean, yet was sometimes so clear that it could be transparent, with an enchanting luster.

His lips were like red clouds, curled up to what seemed to be a faint smile. His entire person appeared to be lazy yet coquettish.

But the strength of the aura surrounding his body would make one timid and not dare to look at him.

He extended a jade white finger and caressed Qi Baoer's face.

The corner of his mouth revealed a slight smile: "Little girl, you'd actually

wanted this king to call you big sis, but this king is far older than you...”

He gently raised his hand, and Qi Baoer’s body floated horizontally.

Quietly floating into the tent: “Little girl, you have allowed this king to have a good rest, so this king shall also let you have a good rest.”

With a wave of his hand, a flowerlike stream of light shot straight for the horizon.

After a small while, along with a streak of blue light, a streak of blue light flew over, landing in a spin inside the jungle.

It was actually two people. One clad in black, as neat and nimble as the night time bat.

One was clad in a blue robe and was as mind as a scholar taking an imperial exam.

These two human forms hurriedly came over, and as soon as they saw the white robe man, both revealed expressions of pleasant surprise.

The black clad man hurriedly rushed forward: “Your Highness, you have suffered. It is this subordinate’s incompetence that he could not protect you. This subordinate deserves to die. I ask Your Highness to punish me!”

The blue attired person had also bowed: “Your Highness, we have received Hong Shi’s emergency message, saying that Your Highness has suffered a sneak attack from Purple Cloud Clan, and we two had immediately come rushing over. But halfway through, we lost Your Highness’s aura. This subordinate was incompetent, and was searching up until now...”

That black clothed man couldn’t help but ask: “Your Highness, the place you hid in was so hard to find, how did those Hui bastards from the Purple Cloud find you?”

Then he looked at the surroundings: “Why isn’t Hong Chao and Huang Yu here protecting you?”

Wife is Outrageous 17

17. The bewitching man

It turned out that this white attired man was the demon sect's Holy Ruler, Yue Wushang.

More than a hundred years ago, he unified the completely uncooperative and divided demon sects.

Established the Mirage Palace, and had already reigned for over a century.

Hong Chao, Huang Yu, as well as the latter two, Qing Feng and Lan Tao, were his competent aides.

Yue Wushang had a secret disease. Every century, he would return to being a child, and every time he changed into a child, he would lose all of his power.

In these couple of years, the Purple Cloud Clan that was headed by the so called righteous teachings were completely incompatible with the demon sect's demonic teachings. As for inside the demon sect, there were also many demon leaders who had been covetously eyeing his Holy Ruler position.

So he kept his secret extremely well. The only ones who knew of his secret illness were only his four close generals.

Fortunately, this secret disease only broke out for one day.

He would recover his normal state after one day.

So whenever the secret disease flared up, he would always leave two of his trusted aides inside the demon palace and handle the daily affairs.

He himself would bring the other two aides to find a secret place to hide in.

Then leave when the secret disease passed by.

This ought to have happened yesterday too, even though the place where he

had hidden, Cloudmist Mountain, was Purple Cloud Clan's territory.

It was still a place that was really remote, and was normally deserted.

It was not known what happened yesterday, but it just so happened that the Four Great Elders had come over to patrol.

And Hong Chao accidentally exposed their whereabouts.

A large fight had broken out and Hong Chao, as well as Huang Yu had died under the hands of those Four Great Elders.

And at that time, since Yue Wushang was still in child form, the Four Great Elders had not recognized him.

They only saw him with two demons, so they presumed that he was also one of the demon palace's little demon 'whelps'.

Uncomfortable about laying hands on child, they threw him off the cliff.

They left his life or death up for fate to decide.

Even though Yue Wushang had lost all of his power at that time, he still was not of mortal flesh.

Moreover, he had fallen on top of that unfortunate leopard's body.

Which had decreased a large amount of the falling impact.

When he had fallen onto the ground, that leopard had become his cushion.

So he wasn't harmed in the slightest, and it could also be said that he had gotten through a scary experience without mishap...

Hearing Qing Feng's question, the white robed man's gaze sunk: "Hong Chao and Huang Yu have died for me. However—— this king won't let those two die in vain. This king will inevitably demand back this debt."

18. In the blink of an eye, the old mother hen had become a duck

After flicking his finger, he said faintly: “The strength of those ox-nosed four elders of the Purple Cloud Clan seemed to have increased by quite a bit. They suddenly came here together yesterday, so there must have been something going on here. This requires a close investigation.”

Lan Tao bowed: “Reporting to Your Highness, when we two were searching for Your Highness, we had accidentally heard some information.”

Yue Wushang lifted his gaze: “What information?”

Lan Tao said: “We heard that this year, the Purple Cloud Clan has been hiring female disciples throughout the entire State of Tang. It has been said that they had received a heavenly sign, saying that a Celestial Maiden will appear in the southeast part of the State of Tang.

Celestial maiden?

Yue Wushang cast a glance at the little tent— — was it that little girl?

Then he shook his head. If i was a celestial maiden, her celestial powers would be strong.

But this little girl didn’t even have a sliver of spiritual energy.

Aside from dressing up and doing weird things, there wasn’t anything different...

Qing Feng also looked at the little delicate tent, and could even faintly see that someone was sleeping inside it.

A puzzled expression appeared on his face. He had a frank disposition, and couldn’t help but ask: “Your Highness, this is...”

Yue Wushang laughed lightly: “Only a mere little human. No need to care about her. You two go to the Mirage Palace first, to guard against the other demon king’s riots.”

Lan Tao stared blankly: “Your Highness isn’t coming back?”

Yue Wushang suddenly smiled with an incomparable brilliance.

Yet his smile didn’t reach his eyes: “Purple Cloud Clan has killed two of my great guardians. If this king doesn’t take back this debt, how could this king possible sleep peacefully?”

Lan Tao stared dazedly: “Your Highness is saying?”

Yue Wushang faintly laughed: “Weren’t they recruiting disciples? This is exactly the opportunity to invade the Purple Cloud Clan.”

Lan Tao was scared stiff: “Your Highness is saying that you want to be a common disciple of the Purple Cloud Clan? How can this be? Many elder level characters of the Purple Cloud Clan have fought with Your Highness. I’m afraid that if you go, they’ll recognize you, it’s too dangerous!”

Yue Wushang’s eyes glimmered as he laughed: “That’s easy.”

With a wave of his hand, a stream of white light flashed.

Lan Tao and company only saw a bright light flash before their eyes. Then, a white clothed woman appeared out of nowhere.

All five facial features were peerlessly exquisite, with skin that looked as if it might break with just a puff of the wind.

Dense flowing light filled the eyes, as the corner of her mouth curled, and because of the smile, she had become seventy percent more lovely to look at.

Wife is Outrageous 19

19. Stealing all of her things with good intentions

A face so beautiful that it would shake one to the core, making one unable to dare look straight at.

A white colored dress fluttered in the wind, making her entire person seem indescribably charming beyond belief.

“How is it? With me like this, no one would recognize me, right?”

“Weren’t they looking for a celestial maiden? This lord shall pretend to be one! I want to flip the entire Purple Cloud Clan upside down, as revenge for yesterday’s enmity.”

Yue Wushang’s beautiful eyes flashed with a fierce sharpness.

“Besides, this lord also wants to see who exactly is the true celestial maiden.” A calculating light appeared in his eyes.

“Being able to turn her to our demon sect is the best situation, killing her is also not a bad idea. The main point is to break their dreams of having a celestial maiden anyway.” Yue Wushang smiled with an incomparable brilliance.

“Your Highness, it’s too dangerous! You are our Holy Ruler, how could you easily take such risks? ...It’ll be terrible if they find out.”

Lan Tao slightly knitted his brows.

Yue Wushang laughed in a low voice: “Don’t worry, those ox-nosed Purple Cloud Clan members could barely fight with me, as for the others... Hmph, this king already said that he is going, do you even think you two can obstruct me?”

Then he lowered his head and glanced at Qi Baoer’s little tent. A mischievous smile appeared on his face.

Slowly walking over, he opened the knapsack he was extremely curious about.

And poked around at the things inside.

Huh! He had never seen a majority of the things inside here. Then he won't be courteous and take it away!

He patted his body to look for something, and fished out an ordinary looking pouch.

And then took out everything inside Qi Baoer's knapsack.

Taking the binoculars, compass, thermos bottle, lighter, ballpoint pen, gun, and so on, and threw it all into his pouch.

Then he saw a case with a bunch of transparent looking glass bottles.

Inside were a few brightly colored, circular seedlike looking things.

He took a sniff. This— — could this be medicine?

Whatever, it wasn't easy for this little girl to bring along so many things, he'll just leave these bottles behind for her.

He could not just casually eat these medicine anyway...

His two subordinates watched with a stupefied expression, watching their always noble master, that had always looked down on everyone, look like a bandit as he completely wiped out someone's knapsack...

It was starting to get messy in the wind— —

Wife is Outrageous 20

20. You don't need to thank me too much

It was not known what Yue Wushang's pouch was made of.

So many items had been put inside, yet it was still as deflated and palm sized as before.

After he finished taking everything, Qi Baoer's originally bulging knapsack was only left with the flying tiger claw and those medicines.

It looked like a punctured balloon.

Flattened— —

Yue Wushang patted the knapsack, confirming that there were no other things he could take.

After that, he stretched contently.

Alright, this little girl's travel bag has considerably lightened.

Such a dainty little exquisite thing did not need to carry such heavy things like a snail.

He had done a good deed, this shall be considered to be the favor he granted her for saving him...

He easily tucked the pouch inside his sleeve.

He beckoned his two subordinates with a beaming face: "You two can go back now. When you go back, tell the little animals here to now disturb this girl's rest."

He glanced at Qi Baoer, who was deep in sleep: "Little girl, look at how this king is being so considerate to you. You don't have to thank me too much."

After he chuckled, his sleeve fluttered and he vanished in place...

“Miss, wake up.”

“Miss, wake up.”

Qi Baoer was idling in a sea of flowers within her dream.

In front of her eyes, a large house fly buzzed around her in circles.

Disturbing her, making her involuntarily slap it away: “Scram!”

In this slap, she unintentionally used a bit of Taekwondo. For her, hitting a house fly with a one hundred percent accuracy was easy.

But unexpectedly, this large housefly was quite slippery, and this palm strike had actually hit empty air.

Not only that, this housefly suddenly extended a huge hand, and instantly held onto her wrist.

Making her unable to slap again.

“Spirit monster!” Instantly shocked, Qi Baoer immediately opened her eyes.

In front of her was actually a magnified human face.

Dense eyebrows, starry eyes, a wide nose, a square face, and tensed lips...

Ugh! This housefly actually had the face of an uncle!

Qi Baoer immediately leapt up.

She leapt with such speed and urgency that she narrowly knocked into the uncle face.

Fortunately, that human faced monster seemed to have retreated back three steps, which prevented a fate where they would collide.

That ‘uncle face’ knitted his brows: “Miss, what’s wrong?”

Wife is Outrageous 21

21. Someone beautiful to this extent, is still considered to be human?

A voice that was calm and magnetic.

His appearance shouldn't be that frightening, right?

Why did this miss look as if she'd seen a ghost?

Qi Baoer was frightened to the point where her body was drenched in sweat, then she was thoroughly awake.

It was then that she clearly saw that there wasn't any housefly. Standing before her was a middle aged uncle.

Wearing a long sky blue robe and currently staring at her with wrinkled brows.

Qi Baoer immediately went into a daze.

If she were to see that kid, she would still be a bit suspicious about whether or not she had crossed through, but now that she saw this ancient clad uncle, her suspicions had become cleared smoke.

She wrinkled her brows, and then remembered that she had spent the night here with that little kid.

She couldn't endure it any longer when dawn came, and took a nap...

Eh? Wasn't this forest suppose to be uninhabited? Who's this guy in front of her?

Don't tell me that I'm dreaming about someone rescuing me?

She couldn't help up look around at her surroundings. The forest was still that forest.

Her own travel tent was still there— —

Eh? Where's the kid?!

Where'd he go?!

And—— and who was this white robed man standing before her tent with his back to her?

Was he studying her tent?

Qi Baoer made a  face!

She was originally a light sleeper, if there was any signs of movement, she could easily wake up.

Why did she sleep like a pig today?

She didn't even know when these two living people came here.

If her captain were to know of this, he'd scold her non-stop!

Qi Baoer secretly sucked in a breath of air and tried to be calm: "Who are you guys?"

The middle aged uncle slightly raised his eyebrows and looked at Qi Baoer.

Yet did not answer her question: "Miss, where are you from? Why did you suddenly appear in such a dense forest?"

Qi Baoer's mouth twitched, and said coldly: "Uncle, I was the one who asked first, alright? How about you answer me first?" That middle aged uncle stared blankly, and did not expect this young lady to speak so straightforwardly.

After a short while of being dazed, he answered: "We—— we're from the Purple Sun Clan. That one is our Purple Cloud Clan's Vice Clan Master —— Senior Master Yun Hua. This humble one is Hao Yunzhong, and is an elder of the Purple Sun Clan..."

Qi Baoer widened her eyes.

Purple Sun Clan?

Sounded like a faction name in a wuxia story.

Wife is Outrageous 22

22. Someone beautiful to this extent, is still considered to be human? (2)

She'd never expect that in this world, she would encounter two people that sounded like they were from factions within a wuxia story.

And these two were even two big bosses.

One was an elder, and one was vice master.

This uncle called that guy senior master, so that guy should be quite old...

Eh? Judging from his back, he's still quite young!

"Miss, is this tent yours?"

That white clothed person slowly turned around and asked.

His voice was indifferent yet misty, like a white cloud mountain peak.

When wind-borne, it had a sort of lingering charm.

Not even the world's most heavenly sound could surpass this.

Shocked, Qi Baoer stared, and was instantly dumbfounded.

It was actually an extremely young face. His nose and eyes might not be the most beautiful, but together, they were shockingly beautiful.

That kind of beauty had already far surpassed one's facial beauty.

A refined beauty, an otherworldly beauty.

His sleeves fluttered, as if covering up the sun and moon's light.

All living creatures had become quiet, becoming an ink and wash painting. The sky that was filled with greenery only had his white and never dusty silhouette.

It was as if he walked out of a painting to let Qi Baoer get a good look at him.

Pan An!

Song Yu!

Celestial!

Spirit monster!

In this instant, all the names of all the names of the beautiful men in the past went through her mind.

Based on her thoughts, who the hell cared about some faction's clan master. Probably was some super stiff guy like Yue Buqun or as straightforward as Zhang Fei!

How could she have thought that it would such a handsome and leisurely person?

In the modern era, Qi Baoer could also be considered a great beauty, but compared to the person in front of her, she was vastly inferior!

Would such a man that was this beautiful even let a woman live?

Qi Baoer went crazy, went stupid, and teared up!

This man had seen the reactions Qi Baoer was showing many times before. He was no longer fazed since long ago.

He only raised an eyebrow.

And then asked again: "Miss, is this tent yours?"

Fortunately, Qi Baoer had only blanked out for a few seconds, and finally answered him.

Breathing in deeply, she replied: "Mn, it's mine? Is there something wrong?"

A faint light flashed past the white robed man's eyes, as he said casually: "This young lady's tent is quite odd, I wonder where it came from?"

Wife is Outrageous 23

23. Someone beautiful to this extent, is still considered to be human? (3)

Qi Baoer laughed awkwardly, she obviously could not say the truth: “Haha, this... this was passed down from generation to generation within my family.”

It was obvious that this explanation was halfhearted with just a listen.

The middle aged uncle wrinkled his brows as he looked Qi Baoer over: “Passed down? Where is miss from?”

Qi Baoer raised her brows and laughed: “I am living away from home at the moment, why is there a need to question my origin? I can live wherever I find comfortable. You have no need to ask me, and I won’t ask you, isn’t that even better?”

In the modern era, Qi Baoer had watched a bunch of [wuxia](#) drama, and was very interested in their classical scripts that she had even recited a few.

She had even used one now, with enough emotion and the appropriate feeling to it.

That Hao Yunzhong stared for a while, but the white clad man raised a brow, and then quietly read out those few sentences.

Then he glanced at Qi Baoer with consideration.

Then he said: “Miss, you have great literary talent and style! May I ask for your name?”

His voice was clear and magnetic, like shattered jade. When she heard that, Qi Baoer’s little heart incessantly pounded.

Her heart lurched after hearing his question.

Her old grandfather was an officer and she had six male cousins who were all

soldiers.

Her old grandfather had longed for a granddaughter and when she was born, he had finally gotten his wish. She was like his treasure.

Her old grandfather had personally named her.

Everyone had called her Baobao.

In her opinion, this name was really childish, but she was unable to change it.

Now that she crossed over, she could make up a new name for herself.

She needed to make up a fancy one, a name that had poetic grace...

With her eyes expressing a smile, she said: "My name is Qi Luoer, is yours Yun Hua? That name is quite elegant."

At this time, Purple Cloud Clan was extremely famous, it was the celestial world's number one faction.

Usually, commoners would only see a small disciple from the Purple Cloud Clan, and they would already be extremely deferential.

They would usually revere that disciple, and address him as Great Celestial.

Let alone seeing one of this faction's clan masters.

Yun Hua usually resided within Whitejade Bamboo Peak's Drifting Cloud Palace.

He was the third disciple of the previous generation's clan master, Revered Master Ye Tianxiao, and was viewed to be the number one ranked.

His fame and status were world renown, even so much that the entire Purple Cloud Clan's celestial sect was could not surpass him.

Wife is Outrageous 24

24. One must answer the call of nature

As the Vice Clan Master appointed by the revered senior, he had the authority to resolve major decisions within the Purple Cloud Clan.

His celestial arts were undoubtedly the best within Purple Cloud Clan.

He was the only one who could fight with the demon sect master, Yue Wushang to a draw, in the up and coming celestial demon apocalypse.

He was the most reputable celestial superior after Purple Cloud's revered master.

His reputation and status had even far surpassed the current Clan Master, his Senior Brother Ling Xu, by leaps and bounds.

The entire three thousand disciples of the Purple Cloud Clan were extremely reverent towards him.

Aside from Clan Master Ling Xu, there were none who dared to look at him on the same level, let alone those common folk of the mortal world. If they saw him, they wouldn't even dare to lift their heads.

In the three worlds, there were none who did not know the great name Yun Hua.

He'd never expected that when this young lady before him had heard his name, she had on an expression that seemed as if she had never heard of it before.

Apart from being awed at his appearance like the majority, she didn't have any other expression.

Her greeting of 'you' and 'I' was as if she was greeting anybody she'd meet on the street.

It was natural, without the slightest of shyness and manners. It simply didn't have any notion of status at all...

That Hao Yunzhong knitted his brows, and opened his mouth with the intent of speaking.

Yun Hua had instead raised an eyebrow, and slightly shook his head at him.

That middle aged uncle could only close his mouth again.

After going past her initial infatuation, Qi Baoer seemed to have suddenly remembered something: "Eh, where's dumpling? Why hasn't he returned for so long?"

When she woke up, this was the situation she had thought had happened:

Even though she did not see the little kid, she knew that one must answer the call of nature. The child had probably hidden himself to relieve himself, so she didn't really mind it much.

But a long time had passed since then, and she still did not see the little kid's silhouette, which made her slightly anxious.

That little kid couldn't have been taken away by some wild animal, right?

Or was he being hidden by the two people in front of her?

She sized up the two in front of her.

That was indeed quite a possibility.

That Hao Yunzhong knitted his brows: "What dumpling? Was there someone else traveling with you, miss?"

"Not really traveling, I encountered that child yesterday. I wasn't assured about a little kid being inside the forest, so I brought him along. Did you guys see him when you came here?"

Hao Yunzhong shook his head: "When we came here, we only saw you, miss."

Wife is Outrageous 25

25. A police officer interrogating a thief

“Then when did you guys come here?”

Because Qi Baoer was a bit worried about the kid’s safety, her words were a bit forward, like a police officer interrogating a thief.

As expected, Hao Yunzhong wrinkled his brows.

He was still an elder of the Purple Cloud Clan, and had never been interrogated like this by a mortal in his entire life!

He stared blankly, but still answered Qi Baoer’s question: “We’ve been here for almost an hour...”

He and the Revered Yun Hua was originally inside Clear Cloud City, which was a hundred fifty kilometers away from here. They had accidentally seen a flashing radiance from where they were and flew over to check the situation.

When they arrived, they had actually only seen a weird looking little tent, and a woman dressed in weird clothes inside that tent.

At first, Hao Yunzhong thought that she was someone from the demon sect.

Then when he probed her aura, he realized that there was not the slightest of demonic aura on her person, she was only a common mortal.

She appeared to have been put to sleep by someone with a dowsing technique.

If Yun Hua had not undone the spell, she would’ve probably slept here for an entire day and night!

After hearing Qi Baoer mention a child, Hao Yunzhong’s heart lurched.

He asked hurriedly: “What did that child look like? Was he extremely pretty,

and wore a white robe?”

Qi Baoer widened her eyes: “How do you know? Uncle, have you seen him? Where is he?”

Yun Hua glanced at Hao Yunzhong.

Hao Yunzhong quickly sound transmitted to him through the celestial line: “Revered Superior, that child ought to be the child we had encountered. He was thrown down the cliff by Senior Brother Luo Yinfan, I didn’t expect that he would still be alive. As expected of a demon whelp, his life is quite tenacious.”

Yun Hua slightly raised his brow.

The news about four of their Great Elders annihilating two of the demon sect’s Great Guardians had already been reported to them, including the incident with the little child.

He had even rebuked them for being too excessively harsh.

Even though the child was of the demon sect, he was still a mere child.

So what great evil had he done? How could they have so easily executed him?

As a result, Luo Yinfan had even been punished by him for a month of closed door rumination.

And now, he had heard that the child was the one Qi Baoer had called ‘dumpling’.

His heart lurched. The fact that the child had not fallen from such a tall height mean that he wasn’t that simple!

Then he remembered the drowsing technique used on that weirdly dressed woman.

That aura had felt somewhat familiar.

Wife is Outrageous 26

26. That child—— might not have been human...

It seemed to resemble... resemble his arch nemesis Yue Wushang's techniques!

Could it be that the little kid was a transformed Yue Wushang?

When he thought it over, he decided that it couldn't be, Yue Wushang's demonic arts were nearly unrivaled under the heavens.

If it really was him, how could he have beared to watch two of his subordinates die in front of him?

If it really was him, four of Purple Cloud Clan's Great Elders wouldn't have lived to come back...

Qi Baoer saw that they didn't answer her question. Instead, she saw them exchange glances, as if they didn't know what to do.

She was in a rush, and couldn't help but shout: "Hey! What about my question! Why didn't you answer it? You couldn't have possibly kidnapped that child, right?!"

Hao Yunzhong's face was completely overcast as he gave a glance at the little girl shooting her mouth off: "What do you think our Purple Cloud Clan is? What would we do with a randomly kidnapped child?"

Qi Baoer snorted, and replied darkly: "What do I think you Purple Cloud Clan do? You guys might even be bandits specialized in a shady business like child trafficking!"

Before she had let out all of her true feelings, that Yun Hua glanced at her, and looked at her in the eye: "Miss Qi, that child—— might not have been human..."

Not human?!

Qi Baoer heart bounced as she raised her brows: “If he’s not human, what is he? Don’t tell me that he’s some kind of mountain spirit monster, or some kind of ginseng baby.”

Yun Hua looked at her: “No matter what he is, he’s not human. You were put under a drowsing technique by someone, and it was most likely done by that child.”

Drowsing technique?

Qi Baoer went into a daze as her heart moved. She was usually a light sleeper, and she did indeed sleep like a pig this time.

Perhaps she had been put under some kind of a drowsing spell.

Could it really have been done by that child?

She looked at the surroundings, and suddenly saw her deflated knapsack.

Her heart skipped, as if it had been kicked by someone.

She quickly ran over and grabbed it with one hand.

When she opened the zipper, she almost howled in grief.

There was only the small medicine box and the flying tiger claw left, everything else was gone!

It was as if a crow had flown past Qi Baoer’s head.

(alyschu: Caw, caw, caw.)

Her vision went dark, and she nearly fell over.

Hao Yunzhong watched her suddenly look like she had lost both her parents.

Hao Yunzhong watched her suddenly look like she had lost both her parents.

He was a bit puzzled: “What’s wrong?”

Qi Baoer said dispiritedly: “That unlucky kid stole all my possessions and ran away!”

Good heavens, her compass, her binoculars, her little alarm clock.

And even all those food that she couldn’t eat in this world anymore...

That pretty child was actually a little thief.

Qi Baoer almost wanted something crazy to happen. She wanted to cry, but had no tears.

She quietly took down the tent and carefully folded it into the knapsack...

Hao Yunzhong glanced at the Revered Master, and sound transmitted: “Revered Superior, this girl is weird, the things she uses are also weird, could she be the celestial maiden?”

Yun Hua muttered to himself for a bit, ignoring Hao Yunzhong’s question. He glanced at Qi Baoer: “Miss Qi, where are you heading to?”

Heading to?

How should I know?

Qi Baoer’s entire face had darkened. She smiled wryly, and then said: “I’ll— take a look around.”

She didn’t even know what was outside of this forest, so she could only answer this vaguely.

“Then— — how about coming to our Purple Cloud Clan?”

Yun Hua suddenly said those kinds of words.

And almost scared Hao Yunzhong out of his wits.

Purple Cloud Clan wasn't a place where one could just randomly waltz in, and this was actually an invitation from a clan master.

This woman was just too lucky!

Yet Qi Baoer only wrinkled her brows.

She was still completely in the dark about the things in this world and didn't know what was what.

Even more so, she didn't know what kind of 'thing' this Purple Cloud Clan was.

It could even be some sort of criminal organization for all she knew.

And since they invited her on their first meeting, they were bound to not be a big faction.

They might even be similar to those multi-level marketing gangs in the modern era, and were fooling her to join them...

She muttered to herself for a bit, and then tactfully declined: “Forget it, this is my first time here. It's best for me to take a look around first. We can talk after I have a look around.”

This woman actually declined!

Hao Yunzhong stared at Qi Baoer with shock, looking at her as if she was not eating a bun that had been placed in front of her, and was an idiot who went to nibble a black bun instead.

Yun Hua's heart stirred. This lady's origins were quite peculiar.

She actually had no feelings for anything in this world...

He smiled slightly: “Then— — we'll abide with the lady's wishes.”

With a wave of his hand, mist had suddenly condensed below his feet.

Wife is Outrageous 28

28. Bumping into a celestial in the daytime!

With a wave of his hand, mist had suddenly condensed below his feet.

Instantly forming into a white cloud.

Under Qi Baoer's dumbstruck gaze, he waved toward Hao Yunzhong: "Let's go."

That white cloud slowly floated up with him on it...

Ce... Celestial!

Heavens, she actually bumped into a living celestial in the daytime!

She had actually traveled to a world with sword celestials!

Her ordinary lifestyle finally had an unordinary moment!

And she had even rejected them!

What was that saying about having eyes but no sockets? They were talking about her!

If she was accepted into their clan by a celestial, then she would live wonderfully for a long time.

Even if she couldn't cultivate high grade techniques, they would at worst return her back to her era, right?

In this instant, Qi Baoer regretted so much that she almost wanted to scratch walls!

She hurriedly hopped up, and called out: "Wait— wait, big brother celestial, wait!"

The ascending duo's magic clouds were really fast.

How could Qi Baoer so readily allow them to leave?

They had immediately ascended over the cliff. She didn't know how to soar on clouds, but she was nevertheless an expert at rock climbing.

She quickly took out the flying tiger claw and tossed it. It firmly grasped on a large boulder, and scratched at it.

Her speed was shockingly fast, and in almost a blink of an eye, she had already climbed up a large section of the wall...

This high cliff was more than several hundreds of meters tall. Yun Hua watched her scale the cliff with the nimbleness of a monkey. Light flashed within his eyes, but he did not say anything.

The ascension rate dwindled by a bit.

Hao Yunzhong looked at the revered master: "Revered Superior..."

As if he wanted to say something.

Yun Hua waved his hand, hinting that he did not need to talk.

When Qi Baoer saw the two levitating at a not so far distance, she increased her speed.

She was anxious about them disappearing on her.

As she climbed up, she took in a deep breath, and did not dare to say anything.

She used all her limbs to increase her speed to the maximum.

Even though Qi Baoer's climbing skills were quite good, this cliff was just a bit too high.

She continued urgently climb, and when she finally climbed up to the summit, both her hands were already bleeding from blisters.

Her clothes were drenched in sweat as her entire person seemed to steam.

She was so tired that she almost lost all her strength.

But the two didn't seem to have the slightest intent of stopping their flight as they still continued to advance upwards.

Wife is Outrageous 29

29. Making one so comfortable that they want to heave a sigh

Qi Baoer said hurriedly: “Hey, Celestial, I say, Lord Celestial, wait for me.”

Without regard about the consequences, the flying tiger claw suddenly flew out, neatly grabbing onto the cloud under Yun Hua’s feet.

Yun Hua slowed.

This girl sure had a lot of nerve!

Eh? It’s so flexible and tough, but it didn’t fall down.

Qi Baoer didn’t care about whether it was dangerous or not, as she crawled up towards the flying tiger claw.

Yun Hua’s eyes flashed as he continued to ascend upwards.

Except that there was one other person hanging along the cloud, moving about, which was alarmingly dangerous.

Luckily, Qi Baoer had some parachuting experience and treated this as if she was hanging off a helicopter.

The green forest below her grew smaller and smaller as it became less distinct.

At this time, she had already crawled up to the cloud base under Yun Hua’s foot.

She gritted her teeth, trying to use her last bit of strength to turn her body and climb atop the cloud.

Unexpectedly, she had already used up all her energy, and her feet had gone numb.

She stumbled once, and then dropped down!

Falling from such a high altitude was not a sensation that she had not gone through many times.

But this time, she was actually falling off, without any parachute that she could open.

As her fell down a meter, it was as if her weight had multiplied by three.

With her current elevation and speed at which she was falling, it was certain that she was going to become a meat patty.

Sigh, I didn't expect that when I traveled through time, I would actually fall to my death!

Qi Baoer tightly closed her eyes as she hazily mocked herself in sorrow.

Before that idea had finished going through her head, a white silhouette flashed before her eyes.

She had already landed in a warm embrace.

She opened her eyes in surprise, directly looking at Yun Hua celestial, handsome countenance.

A hint of a faint smile could be seen from the corner of his lips.

As he ruthlessly dazzled Qi Baoer's eyes, it seemed as if all had gone still...

His eyes were as deep as the ocean, as bright as the stars, like the sunsets in "[Dawn Blossoms Plucked at Dusk](#)", like great majestic fireworks that made Qi Baoer go into a trance.

"Miss Qi, are you alright?"

The jade shattering voice resounded, and Qi Baoer, who had finally managed to retrieve her soul back, lost it again.

After a slight daze, did she realize that she was currently standing atop the soft cloud.

Even though that cloud was a lump of softness, once someone stepped on, it made one so comfortable that they want to heave a sigh

Wife is Outrageous 30

30. A mentality that would not yield nor cry until death

At the moment, she had no strength left at all.

She simply just hugged the cloud, not willing to release it.

When she heard Yun Hua's question, she calmly shook her head: "I'm alright."

For a female to stay calm in this type of situation was truly quite rare.

A hint of admiration flashed past Yun Hua's eyes.

But he remained calm on the surface: "May I ask why miss has chased us?"

Qi Baoer didn't want to beat around the bush, as she spoke in the ways of people from ancient times: "Forgive me having eyes but not seeing. I didn't know that you were celestials, but now I have changed my plans. I wish to enter your Purple Cloud Clan to learn the arts.

When she was chasing after them, Yun Hua had already guessed her objective.

He heard her say it as he watched her.

Even though her appearance wasn't that of a city destroying beauty, it made one feel comfortable when looking at her.

A pair of pitch-black shiny eyes like crystals that seemed to contain the entire starry sky within them.

Even though she was currently exhausted to the point of being paralyzed on the cloud, her little face had on a mentality that would not yield nor cry until death.

He shot her an indifferent glance: "Why do you want to join our Purple Cloud Clan?"

Qi Baoer desperately thought back to all the mysterious fantasy stories' bold

and visionary words and then decided to use one.

Straightening her chest to make herself look a bit imposing, she said: "Of course it's to eliminate demons and defend the traditional principles..."

Yun Hua looked at her coolly: "Speak the truth!"

Oh, fine.

Qi Baoer slumped down. Let alone the great clan master Yun Hua, even she herself thought that the great words coming out of her mouth sounded fake.

She raised her head to look at Yun Hua, and saw that his eyes were as ice cold as water, yet she couldn't see any happiness or anger.

After sighing, she decided to speak the truth: "When I arrived in your lands, I had neither kin or relatives. Since this world have celestials such as yourself, then there must also be spirit monsters. Even though I know a few superficial martial arts, they are not enough to even be a poke of a finger to you celestials and monsters."

She shot a furtive glance at Yun Hua's expression.

Mn, still normal.

"I need to find a good supporter. Even though I am a mortal, I still do not want to associate with demons, so finding you guys just happens to fit in my plans."

Yun Hua seemed as if he didn't expect that this girl would be so blunt.

His face twitched slightly, showing a hint of an indescribable fondness for this girl's straightforward disposition.

His face was still as indifferent as before: "There is a very difficult test if you want to join our Purple Cloud Clan. I'll bring you over to White Cloud Mountain."

Wife is Outrageous 31

31. Clap to promise

He seemed to be explaining: “That is Purple Cloud Mountain’s outer mountain, the place where all the new disciples cultivate. You will be cultivating together with them, and if you pass the test after a month, you will then be able to officially become a member of our Purple Cloud Clan.”

Qi Baoer was stupefied. She wasn’t afraid of the evaluation.

She always had an unyielding personality, and she was down for going there.

So she would do her utmost and wasn’t afraid that she couldn’t enter...

She turned her wide eyes and looked at Yun Hua.

Her heart moved as she laughed: “Clan Master Yun, if I pass, could you be my master?”

Yun Hua slightly creased his brows but didn’t say anything.

Hao Yunzhong laughed on the side: “Little girl, you’re thinking too wishfully! Revered Superior had long since declined to accept any disciples.”

Qi Baoer’s little face collapsed: “Oh...”

Yun Hua glanced at her, and faintly said: “It’ll depend on how you perform. If you do exceedingly well, I’ll think about it.”

Qi Baoer’s eyes brightened as she extended a little hand: “Okay! We’ll clap to promise!”

Yun Hua stared blankly for a while, yet still had delightedly stretched out his hand.

And hifived her.

Following a ‘clap!’ sound, the promise was established.

Even though Qi Baoer was a woman, due to her three years as a special forces soldier, her little hand was filled with rough calluses.

Moreover, due to her quick climb up the cliff, a few bloody blisters were on her little hands.

There were currently dirt atop her hands, and it appeared blackish.

As for Yun Hua's long and slender hands, they were as fair as jade.

The two hifived each other.

One black and one white, setting each other off nicely.

Hao Yunzhong rode a cloud behind Yun Hua.

When he saw this scene, he was so shocked that he almost fell off his cloud!

Since when did the ice cold Revered Superior Yun also have such a boyish spirit to him?

As he looked at Qi Baoer's dirty and filthy little hand, a hint of amusement flashed past his eyes.

With a slight tap of his finger, all the dirt on Qi Baoer's body disappeared without a trace.

Qi Baoer as so clean that it seemed as if she had just taken a bath.

"What kind of technique is this? So miraculous!"

Qi Baoer widened her eyes.

"A little cleansing technique, nothing much. If you properly cultivate well, you would also learn this."

Yun Hua calmly explained.

It was not known how fast he was riding that cloud, but saying that it was as quick as lightning might not be an exaggeration.

It was not known how fast he was riding that cloud, but saying that it was as quick as lightning might not be an exaggeration.

Even though its speed was shocking, the ride was extremely steady.

Qi Baoer felt like it was even more steady than riding an airplane.

What was even more rarer was that she could easily touch the other drifting white clouds in the sky near her.

Even if the wind was strong due to their fast speed.

But it seemed as though Yun Hua had let down some kind of barrier on this cloud.

Qi Baoer could only feel a faint breeze...

This kind of sensation was truly too exciting.

Qi Baoer was so excited that her eyes were as bright as the stars.

This kind of wind resisting travel had almost lasted two hours, until she saw a mountain peak soar to the sky in the distance.

The high mountain was immeasurable and directly thrust deeply into the clouds and mist as white clouds lingered around it.

There even seemed to be the sound of a swaying bell in this boundless horizon between heaven and earth.

There was an even taller mountain behind this one, and it was even half floating in the air.

Its peak was indiscernible, and indistinct purple clouds twisted around the mountain.

Countless numbers of pavilions and gardens could be faintly seen on that mountain.

It was a myriad of spectacular ambiences, magnificent and beautiful.

If one gazed into the distance, they would see the bluish mountain peak hidden within the mountain range, clouds and mists.

That mountain peak seemed as if it had reached the heavens...

Qi Baoer enjoyed traveling and had seen many famous mountains and rivers in her lifetime.

But it was still her first time seeing a mountain floating in midair.

Seeing it was hard to swallow.

As they approached closer and closer, Qi Baoer saw many people in various types of clothing tightly grouped together in the distant crowded plaza.

There were no less than three to four hundred people.

Furthermore, there a few dozen people in sapphire blue robes keeping order.

Yun Hua brought her right above the plaza.

“Welcome back to the mountains, Revered Superior!”

“Welcome back Elder Hao!”

All the ‘sapphire blues’ in the plaza flapped and knelt down.

When they kneeled, the noise of the several hundred ‘various types of clothing’ all looked in their direction.

Several hundred gazes landed uniformly on Yun Hua and company.

Many sucked in a breath as they looked them straight in the eye.

Qi Baoer hurriedly hopped down from the cloud.

She obviously knew who those people looked at to have such an dumbstruck expression and wryly laughed in her heart.

Looks like in an imaginary era, infatuation was still aplenty.

33. Riding on coattails

Yun Hua was not at all fazed under this sort of scrutiny. His face was a field of calm indifference.

“Yun Zhongyue.” Yun Hua called out.

“Dis... disciple is here.” A ‘sapphire blue robe’ ran over.

His face was a bit flushed. Revered Superior had actually remembered his name. That was too, too exciting!

“Does Revered Superior want me to do anything? This disciple is not afraid of anything difficult and will do it without hesitation!”

This ‘sapphire blue robe’ patted his chest in decisiveness.

“This is Miss Qi Louer, she is also another one who wishes to join our Purple Cloud Clan. Make some arrangements for her.”

Yun Hua instructed indifferently.

Yun Zhongyue glanced at Qi Baoer with a slightly distracted look.

This lady dresses really weirdly!

And was even personally brought here by the Revered Master, where exactly was she from?

Even though his heart was puzzled, he still agreed in a loud voice

Now, everyone present all evenly turned their gazes at Qi Luoer (from here, Baoer’s name shall be Luoer).

There were gazes of admiration, guesses, astonishment, and even envy...

She was a bit uncomfortable. She knew that everyone had misunderstood, but

she didn't feel like noticing it.

Yun Hua had obviously seen everyone's gazes as well, and he slightly wrinkled his brows.

He continued to instruct: "I picked her up on my way here, everything should be arranged according to the rules. Understand?"

Qi Luoer's little face darkened. Did handsome Yun Hua have to be this thorough?

It's not as if she was going to ride on his coattails!

Yun Zhongyue had obviously understood.

He bowed in response: "Yes! This disciple treats every newcomer equally!"

Yun Hua nodded: "Then that's good."

With a wave of his sleeve, his body became a ball of silvery light and dashed straight toward the horizon. In the blink of an eye, he had disappeared.

"Training in the great way is a challenging journey. Cultivating in righteousness is an unpredictable road. Everyone having the intention to cultivate in the way is a good thing, but not everyone can enter Purple Cloud Clan. This will depend on all of your aptitudes, mentality, and fate..."

Once Yun Hua left, Yun Zhongyue naturally spoke with an assurance that showed his capability and experience.

His voice was clear and sonorous. It drifted through the entire plaza and everyone had clearly heard it.

Among these several hundred people, almost all of them were female. There were only a few males, which were Purple Cloud Clan's official disciples that were maintaining order.

Furthermore, every female's appearance were extremely beautiful. They were like red peach blossoms or willows, all striking to the eyes.

Wife is Outrageous 34

34. Riding on coattails (2)

How come all of Purple Cloud Clan's new recruits were female? A hint of confusion through Qi Luoer's heart.

"Stand up properly, we shall first learn how to do a [crouching horse stance](#)." The official training had begun.

Qi Luoer was sad.

Looks like cultivating to become a celestial also requires a normal person's martial art foundation...

To her, this crouching horse squat was naturally a piece of cake.

She easily went into a standard horse stance.

"Suck in your chest and bend your back. Your chest needs to be flat and your back needs to be rounded..." Yun Zhongyue explained the essential point of the crouching horse stance.

Everyone stood in accordance to the words and quite a few people's calves couldn't help but tremble as they shook about.

"Bang!"

It seemed as if the person behind Qi Luoer could no longer keep the stance as she knocked against her.

Fortunately, Qi Luoer's stance was stable. After a slight shake, it stabilized once again.

"I'm sorry, I'm sorry." A voice as clear as jewels sounded from behind her.

Qi Luoer shook her head. She obviously didn't mind it: "No problem."

“So stupid!” An enchantingly fragile voice came from behind.

The voice was filled with mockery.

Qi Luoer creased her brows and turned to glance behind her.

She was slightly dazzled.

What a beautiful lady!

A beauty stood behind her. All five facial features were peerlessly exquisite, with skin that looked as if it might break with just a puff of the wind.

A pair of eyes that flowed with dense light, the corner of her mouth curled upwards, and because of the smile, she had become seventy percent more lovely to look at.

A extremely beautiful that would shake one to the core, making people not dare to look straight at her.

The white robe fluttered in the breeze and it seemed as if her entire being had an indescribable otherworldly charm.

Behind this white robed beauty was a purple attired girl.

She was only fifteen or sixteen with an oval face, and a pointed chin.

She had a large pair of black eyes that skittered about and a face full of an obedient air, her features were extremely beautiful.

That mocking tone came from the purple attired girl.

It was evident that the purple clad female knew a bit of martial arts, because her horse stance was quite standard.

Qi Luoer also did not have immunity towards beautiful women, and also slightly smiled at the white robed beauty.

The white robed woman blinked at her, and returned her smile, almost dazzling Qi Luoer's eyes.

Then, the purple clad girl snorted, then muttered something.

It was not known what she had said.

Qi Luoer stared blankly. What did she say?

Based on her expression, it probably wasn't anything nice...

Wife is Outrageous 35

That white robed beauty suddenly let out an “Aiyo!”, as if she could no longer stand, and directly stumbled backwards!

That purple robed girl was caught off guard and was directly knocked into.

This white robed beauty seemed to be delicately pretty, yet when she smashed down, she was ever so heavy, and forcibly smashed her into tumbling.

Her butt had nearly been split into eight parts! And her head had also knocked into the cyan brick floor.

Before her eyes, little birds were circling around her...

When that white robed beauty smashed onto her, she made her be a cushion in the true meaning.

“Idiot! You’re courting death!”

The purple robed girl cursed in rage.

On one side, she pushed her away, and hastily jumped up like a carp.

That white robed beauty slowly climbed up, and chuckled: “Who’s the idiot yelling at?”

“The idiot’s yelling at you!” The purple robed girl seemed to have replied without thinking.

Only when she finished her sentence did she realize her slip of tongue.

Sounds of mocking laughs rose in the surroundings.

The purple robed girl was extremely angry, she had never received such humiliation her entire life.

She struck a palm at the white robed beauty's charming head: "Slut, die!"

The purple robed girl's martial arts were not that bad. The sharp sound of the wind followed this slap.

If she truly had been slapped by her, that white robed beauty's extremely beautiful face could very likely change into that of a purple eggplant.

"Pu!" A lightning fast little hand horizontally blocked over, seizing the purple robed girl's wrist in place!

And that purple robed girl's angry palm could no longer descend.

The white robed beauty's eyes flashed with a faint light. With an aiyo, she hid behind Qi Luoer.

Once the purple robed girl's palm hit the air, her fury shot up to the stars as she glared at Qi Luoer: "What does me teaching a slut a lesson have to do with you?"

Qi Luoer used a grappling technique to obstruct the purple robed girl's savageness.

She said coldly: "It's not as if she did it on purpose. You acting like this is just too excessive!"

At this moment, the people around them all heard their noise and came over.

One after the other, they all pointed at the purple robed girl, saying that she was in the wrong.

"Who dares to be rude to our princess?!"

A severely cold voice suddenly rose and two women hopped out of the crowd.

These two women all dressed in common village girl attire.

But their expressions were sharp, and their movements were agile. In just one glance, it was evident that they were quite skilled.

These two women all dressed in common village girl attire.

But their expressions were sharp, and their movements were agile. In just one glance, it was evident that they were quite skilled.

Without saying anything else, they advanced toward Qi Luoer and attacked!

With just one look, it was obvious that her skills were not anything fancy as her moves brought along a howling wind.

Qi Luoer spun around, avoiding the head-on chop.

Before anyone could see what was happening, Qi Luoer had already circled around the girl's back.

She casually pushed, and coincidentally used a bit of strength. That girl could no longer stand, and fell flat on her face like a dog eating poop!

The other girl attacked from the side. Both of Qi Luoer's hands circled around, and it was not known how, but that girl's hands had already been twisted behind her back.

She used a bit of strength, and that girl screeched out like a dying pig.

The purple robed girl's complexion changed greatly. She pointed as she shouted: “You... What kind of demonic arts is that?!”

Qi Luoer laughed coldly. What she knew were not fancy martial arts and skills that could be dealt with anyone, rather, each one was a controlling or

immobilizing one technique.

During the time when she was a special forces soldier, her martial arts were one of the best.

Yun Zhongyue, who was in the distance, and the other Purple Cloud Clan disciples naturally had discovered the commotion.

Two Purple Cloud Clan disciples were about to advance, yet they were obstructed by Yun Zhongyue.

He gazed at Qi Luoer. He had never seen this girl's martial arts before.

It looked rather easy, yet it was extremely practical. He wondered where she had come from.

Luckily, there was not even a bit of demonic aura on this girl, so she ought to not be someone from the demonic sect.

Yun Zhongyue was certain of this.

Clap! Clap! Clap! The sound of clapping hands resounded through the silent field.

That white robed beauty's face was beaming: "Removing the nasty bits of injustice when seen! Little Luoer, looks like you're a female hero! Mn, mn, not bad, not bad!"

Her applause and her way of speech was like pouring oil on a fire, making the purple robed girl immediately jump at her with a palm out: "Cheap slut, you dare to still talk nonsense!"

That white robed beauty eeked.

With a whoosh, she hid behind Qi Luoer's body: "No good, the bratty princess is out for blood! Little Luoer, save me!"

When the purple robed girl’s slap hit empty air, she was so angry that her charming face had lost all color.

But she was also afraid of Qi Luoer’s martial arts, so she didn’t dare to advance for a while

That white robed beauty behind Qi Luoer made a face.

And grabbed onto Qi Luoer’s sleeves: “Little Luoer, you’re amazing! Even a princess is scared of you. I’ve decided, from now on, I’ll follow you!”

Qi Luoer’s entire face was filled with [black lines](#), it sounded as if she was some big crime boss.

Just as she was about to say something, Yun Zhongyue suddenly came over.

When the purple robed girl saw him, it was as if she saw her savior: “General Yun, you have come at the right time. These two cheap maids was rude to this princess.”

General Yun?

Countless numbers of gazes looked in Yun Zhongyue’s direction. Wasn’t he a guiding disciple from the Purple Cloud Clan? How did he become General Yun?

Yun Zhongyue's complexion sunk: "Chongzi, you have caused a great disruption! When you are here in the Purple Cloud Clan, there are no divided hierarchies. If you want to remain here, you'll have to first forget about your status as a princess!

When this Yun Zhongyue had not cultivated the way, he was originally a guard of the imperial army for the State of Tang. It was later on that he wholeheartedly cultivated in the way, and was accepted into the Purple Cloud Clan.

The father of this purple robed girl just happens to be the current monarch of the State of Tang, so they knew each other.

Since she was young, Li Chongzi had always liked waving swords and playing with sticks. After hearing that the Purple Cloud Clan was recruiting disciples this time, she was adamant in coming.

Her aptitude was considered to be very good, it was just that she had an arrogant disposition and enjoys stirring up trouble.

A majority of the girls there all hate her, but because of her status and her martial arts, they did not dare to provoke her.

Seeing that she had suffered such a huge humiliation due to Qi Luoer here, everyone had all released some of their steam Li Chongzi didn't expect that Yun Zhongyue would lecture her. Her little face instantly became very red, she was angry, but she didn't dare to speak.

Even though Purple Cloud Clan was situated within the borders of the State of Tang, it was an independent entity.

It was not subjected to any state jurisdiction and would never bow to anyone.

So even though Li Chongzi was extremely furious in her heart, she did not dare to pick a fight.

Just like this, a minor disturbance had passed by, but the enmity between Qi Luoer and Li Chongzi had been established right then.

She was a soul-shaking beauty, and her facial features were extremely fine, but it just so seemed like she did not know the slightest bit of martial arts.

It was not known whether her previous dodging of Chongzi’s palm was on a coincidence or done deliberately...

.....

Purple Cloud Celestial Mountain, many disciples waited outside the gates.

On the Hall of Heaven and Earth, several tens of disciples respectfully stood on both sides. Above them sat two celestial cultivating elders

The one on the left was over thirty with fair skin, and wore a cyan colored Taoist robe.

Faint rays of light revolved around his entire body, and a longsword shaft hung beside his lower waist. He looked calm yet dignified.

This was precisely Purple Cloud Clan’s Clan Master —— Ling Xuzi.

The one who sat on the right was actually Yun Hua. He still wore a white robe. Cold as ice, his handsome face rivalling that of celestial beings from heaven was practically expressionless.

On each side of the great hall were four chairs.

The eight who sat in them were elders who wore the same outfit. Their ages were varied, and Hao Yunzhong was also impressively sitting among them.

In front of the hall was a huge stone mirror that clearly reflected out everyone within White Cloud Mountain's plaza

Their expressions did not move as they leisurely drank tea.

However, their eyes would glance upon the mirror from time to time.

"Junior Brother, where exactly did that girl come from? The clothes she wears are strange, and the way she fights is also strange." Ling Xuzi looked at Qi Luoer with a hint of astonishment in his eyes.

Yun Hua's gaze was indifferent: "Even though this girl is a bit weird, she definitely has not been taught by the evil demonic sects. I found her in Cloudmist Mountain..."

Then he proceeded to simply explain what had happened when he found Qi Luoer.

Ling Xuzi naturally did not doubt that Yun Hua's judgement would be wrong. He slightly calmed down and laughed: "Not bad, this girl's aptitude is not bad. She has great courage and a firm mind, she is a good seeding.

Thinking about the words Cloudmist mountain, his heart lurched: "The oracles have decreed that the celestial maiden will be descending in the southeast direction of the State of Tang. This Cloudmist Mountain just happens to be there, perhaps this girl is the celestial maiden?"

Yun Che spoke indefinitely: "It's still hard to confirm at the moment, after all, she doesn't even have a bit of spiritual energy yet. Even if she was the celestial maiden, she is unable to control the Holy Maiden Ribbon."

Hao Yunzhong couldn't help but stick in a few words: "Isn't the celestial maiden suppose to be an unparallel beauty? I feel like that Bai Li somewhat resembles her. Princess Chongzi seems right, and that Su Yunluo, that Ye Lingfei..."

He looked at the stone mirror and said out a few names in one breath.

The Bai Li he referred to earlier was exactly that white robed beauty.

Su Yunluo was charming and elegant, Ye Lingfei was as cool and elegant as a flower, they were all absolute beauties.

Ling Xuzi couldn't help but laugh: "Appearance is secondary, the crucial point is the spiritual energy hidden within her."

He glanced at the stone mirror again: "Even though that Bai Li is an absolute beauty, it seems as if she is a bit timid. Based on how she performed on her training exercise, it seems as if her physique is not that good either..."

Yun Hua said calmly: "Senior Brother, saying all these now is still quite premature."

Ling Xuzi stroked his beard while nodding: "You're right, then we'll watch carefully after they have officially entered our Purple Cloud Clan."

Qi Luoer didn't know that she was currently being assessed like pork by these people.

Currently, she was, yes, running long distance.

Right, this is also what the present day people called a marathon.

However, this marathon was not run on level ground. It was on the mountain road, and it was not just that...

When Qi Luoer was in the special forces, she would always be carrying 15 kilograms and have to do a five kilometer long distance training course.

So to her, hiking was a piece of cake.

The mountain path was very wet and slippery. It was not known whether that had been done by a celestial technique, but each step was filled with mud.

For Qi Luoer, this kind of road was also considered to be nothing special. Very quickly, she had surpassed a large majority of the people and was walking with those disciples at the front.

The mountain path was very wet and slippery. It was not known whether that had been done by a celestial technique, but each step was filled with mud.

For Qi Luoer, this kind of road was also considered to be nothing special. Very quickly, she had surpassed a large majority of the people and was walking with those disciples at the front.

As they walked on the path got narrower and narrower, in the end they could only proceed one at a time.

On one side was a cliff of unmeasurable depth, on the other was the side of a cliff that was so slippery it could not be grasped onto.

It was extremely steep.

For those of little courage, they stopped at the side of the path, not daring to continue...

Everyone proceeded with extreme care, for fear that a misstep would cause them to fall and die a horrible death with a torn body and broken bones.

“Aiyo!” From behind Qi Luoer suddenly came a low cry. Immediately after that, a soft body bumped into her.

The force of this bump was surprisingly not small.

Qi Luoer had not been on guard so she stumbled.

Her foot slipped, and she fell!

As she was falling she hear cries of fear ring out.

Qi Luoer looked upwards as she fell and saw a woman smiling maliciously at her.

This woman had been standing right behind her, her face was made up to be like that of an ordinary village girl's.

It was actually one of Li Chongzi's maids!

She did it on purpose!

This was Qi Luoer's first reaction.

However at the moment the situation she was in did not allow her to contemplate this matter. With a flick of her wrist, a black object shot upwards, and hooked onto the edge of the cliff.

She hung in the air as if she was on a swing.

Utilizing her arms and legs as if she were an ape, she climbed back up.

With just a bit of a short, quick effort, Qi Luoer had returned from death once again.

She was frightened and unstable, black lines appeared on her face.

Heavens, did the cliffs of this world have an enmity towards her?

During this short period of two days, she had already fallen thrice!

If she had not been carrying her flying tiger claw, it was unsure she would've been made into a meat patty this time...

Thinking of the maid that faked a fall and purposely bumped her off, Qi Luoer was filled with anger.

By now the maid had already ran ahead, between Qi Luoer and her was a distance of two people.

Because the road was too narrow, she temporarily had no way of rushing over.

By now the maid had already ran ahead, between Qi Luoer and her was a distance of two people.

Because the road was too narrow, she temporarily had no way of rushing over.

Qi Luoer was fuming inwardly, just wait till they got past this hurdle, she would settle this debt with her!

While she was feeling aggrieved, suddenly a cry rang out from ahead.

The silhouette of a person fell with a blood-curdling screech!

Qi Luoer lifted her head and took a glance, she couldn't help but be stunned on the spot!

The one who fell was precisely that maid!

Thi-this.. Hadn't this retribution come a little too quickly!

Unlike Qi Luoer, she didn't have the good luck of having a flying tiger claw to use. Flailing wildly, her body flipped countless times in the air, in the blink of an eye, not even her shadow could be seen.

"Aiyo, I'm sorry. This fall of mine unexpectedly knocked you off, please pardon me, have a good trip...."

A long winded speech sounded out from ahead.

Qi Luoer took a glance.

White robed beauty! This was the voice of the white robed beauty!

Even though she was so delicate and timid, she actually dared to traverse this dangerous mountain path...

Luckily this type of mountain path wasn't that long. Hearing the sound of cheers from the front, they had finally reached the end.

A wide clearing suddenly opened up ahead, and a big road appeared.

The road wasn't that broad, it could fit about six people walking side by side.

Wisps of clouds entwined on the road, making it seem as if they were walking on clouds.

Qi Luoer breathed a sigh of relief, at last, there was a normal path to walk on.

By this point they had already walked more than 15 kilometers, a large majority of the people had not been able to follow.

Qi Luoer wiped the sweat from her forehead and glanced at the others around her, they weren't exactly in a better situation.

The weather was originally hot and stuffy, with this rapid march, everyone's hair started to stick together in clumps and their faces were a little muddy...

Qi Luoer felt a faint sense of nostalgia.

This was no different from the cross country races from her previous world.

The entire group of people seemed as if they had been dredged up from the water!

Sigh, she really missed the old days...

As she was reminiscing, a voice suddenly rang out: "Lowly slave, you caused the death of this princess's maid, this princess will make you compensate for her life!"

Raising her head, Qi Luoer saw Li Chongzi pouncing towards Bai Li with a scowl on her face!

Bai Li loudly exclaimed: "Aiyo! The bratty princess is causing trouble again!"

Raising her head, Qi Luoer saw Li Chongzi pouncing towards Bai Li with a scowl on her face!

Bai Li loudly exclaimed: "Aiyo! The bratty princess is causing trouble again!"

After a giggle, she ran behind Qi Luoer: "Little Luoer, hurry up and be the hero that saves the beauty!"

Qi Luoer's face was full of black lines, the corner of her mouth twitched. This beauty's seriously regards her as a shield!

She didn't know why, but Qi Luoer had an overall feeling that this Bai Li was not simple, like a someone pretending to be pig to eat a tiger...

Li Chongzi was so angry that she almost trembled. She used a finger to point at Qi Luoer's nose, and yelled: "You, you demoness, you still want to protect her!"

Qi Luoer felt her head expanding. This unlucky Bai Li had dragged her down together once more!

She had come here to cultivate to be a celestial, not to fight aaaaaaaah!

Getting pointed at by someone, this type of feeling was the worst!

Qi Luoer rudely extended her arm and grasped onto that delicate white finger.

Her actions were as fast as lightning.

She had also attacked from an angle that Li Chongzi had not expected, by the time Li Chongzi was able to react, she felt an acute pain come from her finger.

"Don't call me a demoness! Your maid knocked me off the cliff, should I also go look for her and settle the debt?! Don't test my limits or else, regardless of whether or not you're a princess, I'll knock all your teeth out!"

Qi Luoer approached Li Chongzi until their noses were nearly touching, clearly enunciating each word.

Qi Luoer was never someone who was easily bullied.

After being continuously provoked by this bratty princess, how could she tolerate it?

“Thats right, thats right, it was all an accident. Didn’t Little Luoer also fall down the cliff and almost perish? You can only blame your maid for not being proficient enough at martial arts...”

Bai Li poked her head out from behind Qi Luoer with a wronged expression on her face.

Li Chongzi was so furious her face turned white: “You... you come out! Are your skills so useless that you need to hide behind someone’s back?”

Bai Li blinked her eyes and stretched.

With a cold laugh: “Since when did I say I was skilled? If you’re so skilled, come here and get me!”

“You... you!”

Li Chongzi was so mad that her lips were trembling, but she dared not go over.

With just that grasp from earlier, Qi Luoer had almost broken her finger and the pain had penetrated into her bone.

Luckily, on account of the fact that they were both new disciples of the Purple Cloud Clan, she had not given her any serious injuries. It was only due to this that she was able to preserve her finger.

43. Little Luoer definitely can't bear to abandon me

Regardless, she no longer dared to openly clash with Qi Luoer.

Angrily turning around, she stepped on the road and ran forward.

"The buzzing housefly has sensibly left, Little Luoer, shouldn't we leave too?"

Bai Li leaned her body on Qi Luoer's, as if she was a little bird relying on others.

She was quite a bit taller than Qi Luoer, no matter how you looked at it, the sight of her leaning on Qi Luoer looked a little odd.

Qi Luoer's body involuntarily shuddered a little and she felt goosebumps all over.

By now, everyone else had already walked ahead on the road.

The road was covered by mist, it didn't take long for people to disappear within the wisps of clouds after walking on it.

Qi Luoer forced a laugh and pushed Bai Li off: " Bai Li, you're called Bai Li right? Come, let's walk together, just follow behind me."

"But.... but I'm really tired, I can barely move. You and I were fated to meet and can already be considered friends. Aren't friends supposed to share both fortune and misfortune? Little Luoer definitely can't bear to abandon me, right?"

Bai Li pressed her lips together with a grieved expression on her face. Her pair of peach-like eyes blinked non-stop, as if she was about to tear up...

Why did this beauty enjoy acting so spoiled?!

Qi Luoer had never been afraid of the strong, but was weak to the soft.

If others weren't courteous to her, she would attack head-on without the

slightest hesitation.

However, if people were soft to her, she would not show the slightest bit of temper, and could only obediently cave in.

Forget it, seeing that they seem to have been aligned together already, supporting her wouldn't take much effort either!

Qi Luoer felt a smile tugging at the corner of her mouth: "Alright, alright."

A glimmer of light flashed within Bai Li's eyes. She lifted her head, and looked towards the misty road with a bright smile on her face.

She sneered in her heart: "This Purple Cloud Clan is actually using this method to check everyone's backgrounds. Heh heh, they think this can trouble me? Aren't they going crazy looking for a celestial maiden? Then let me give them a celestial maiden!"

Sweetly hugging on Qi Luoer's arm, she started walking forward.

The layer of clouds beneath their feet started getting thicker, countless clouds revolved around the two people, slowly submerging them...

Sweetly hugging on Qi Luoer’s arm, she started walking forward.

The layer of clouds beneath their feet started getting thicker, countless clouds revolved around the two people, slowly submerging them...

The surroundings were filled with thick clouds, practically no one could be seen.

As the two of them were walking, Bai Li suddenly cried out in fear. As if she tripped on something, she fell to the ground.

Just as Qi Baoer was intending to help her, she was stunned in place!

Bai Li, who had just fallen a moment ago, was nowhere to be seen!

“Bai Li! Bai Li!” Qi Luoer shouted out.

Surrounding her, was a vast expanse of whiteness, not even the shadow of a person could be seen.

“Don’t tell me this is another test for the disciples?”

Qi Luoer was filled with suspicion. Who knew what weird tricks there were on this seemingly smooth road.

She carefully walked a few steps forward.

All of a sudden, the space beneath her feet suddenly became empty!

As if stepping into a void, her body flipped unceasingly as she fell.

Qi Luoer was startled. All around her was emptiness, there was nothing she could borrow strength from.

All her skills were useless, she could only fall downwards...

Seems like in this life, she was fated to fall off cliffs. If the Heavens weren't able to make her fall to death, they just wouldn't give up!

Qi Luoer helpless closed her eyes. If this is how it is, then so be it!

She completely gave up and comfortably flew in midair. It could be as deep as it wants, she didn't care anymore!

It was unknown how much time had passed, but Qi Luoer was so bored she nearly fell asleep.

Suddenly feeling muddleheaded, she lost consciousness...

"Baoer, wake up, wake up, look at grandpa..."

A voice suddenly came from Qi Luoer's side, the voice was exceedingly familiar.

Qi Luoer opened her eyes with a shudder.

In front of her was a magnified human face. Greying hair, a face full of wrinkles, but an abnormally hearty spirit, an expression filled with love and devotion that looked towards her.

Wife is Outrageous 45

45. Heavens, could you be more twisted?

Grandpa!

It's Grandpa!

Hah, could it be that she actually just happened to travel back after that fall from earlier?!

This is great!

Qi Luoer smiled so widely that you could not see her eyes.

"Baoer smiled at grandpa! Haha, our Little Baoer smiled at grandpa!"

Her grandpa's face was filled with surprise, as if he had discovered new land.

Qi Luoer twitched her mouth, why was grandpa speaking as if he was talking to a baby?

She wanted to quickly hop up.

Unexpectedly her hands and legs were restricted, she basically couldn't turn at all.

Eh, what happened to me?

Qi Luoer opened her mouth to talk, however all that came out were the simple sounds of "yiya, ei" ...

Looking at her grandpa, he looked younger than she remembered...

Qi Luoer's heart sank, she had a bad feeling: "Don't tell me... I crossed over, back to when I was a child?! "

Using all her strength, she lifted a hand and brought it to her face.

" ... "

As if she was struck by a bolt of lightning, Qi Luoer froze.

The hand was small and plump with white and tender skin.

On the back of the hand were a few round dimples, it was as cute as could be.

This — — this is a baby's hand!

It wasn't easy for her to cross back over, yet she actually returned to the time she was a baby!

Heavens, could you be more twisted? Playing tricks on me wasn't enough, huh?!

Aaaaaaaaaaaaaaaaaah!

Qi Luoer's mind was in turmoil...

She wanted to scream, to vent her anger. Her little hands shook, then she suddenly sat up!

Eh, when she looked at herself a moment ago, it seemed as if she was only about three months old, but why was it that she could sit up now?

Lifting her hand to have a look, it seemed like it had grown quite a bit.

This... Isn't this a bit too quick?!

Qi Luoer was dumbstruck...

.....Scene change.....

At the same time, within the Purple Cloud Clan's Hall of Heaven and Earth, the eight elders were focusing their attentions on a stone mirror at the front of the hall.

Yun Zhongyue was also present.

Qi Luoer's every action was projected on the stone mirror.

They saw her be born in that era, mature, and slowly grow up.

Going to school, joining the army, getting selected to join the special forces, her tough training.

They saw her be born in that era, mature, and slowly grow up.

Going to school, joining the army, getting selected to join the special forces, her tough training.

Up to the point that she was discharged and returned home, carrying her knapsack and going on and adventure.

At last, crossing over through a cave....

Qi Luoer's life in the modern era was shown in its entirety on the stone mirror.

As if it were a movie, after a while, the broadcast ended.

To the people sitting in the great hall, the objects, people and customs of the modern era were things that they had never seen before.

They looked around at each other, not one of them was able to identify what sort of country that was.

All they knew was that the people there dressed very open-mindedly and large metal monsters ran on the streets.

They didn't expect that Qi Luoer's life experience would be so unusual.

Could she be the celestial maiden?

Then the country she was from should be the Kingdom of Heaven?

Ling Xuze looked at Yun Hua: "Junior brother, what do you say?"

Yun Hua's eyes contained a trace of astonishment, after muttering to himself for a moment, he said: " Qi Luoer's birthplace is a little strange, but fortunately it isn't the Demon World. It might be a place that none of us are aware of. Since she managed to arrive here, she must have fate with our Purple Cloud Clan. To

say that she is the celestial maiden might be premature.

Ling Xuzi nodded his head: "What Junior brother said is reasonable, this child's aptitude is really not bad, if we nurture her properly, with time, she should become a prodigy of our Purple Cloud Clan. Let's take a look at the others."

The stone mirror projected the life experience of all the disciples.

Even though there was a disparity with their backgrounds, there were no strange happenings.

Compared to the people that they had investigated previously, there weren't many differences Ling Xuzi watched the mirror for a while, then suddenly recalled: "Oh right, what's that Bai Li's life experience like?"

Yun Zhongyue replied: "Reporting to master, Bai Li only arrived this morning, seeing that her spiritual root wasn't bad, the disciples asked her to stay. We didn't manage to investigate her life experience..."

Ling Xuzi faintly knitted his brows: "This child's spiritual root is indeed exceptionally good, it's only that her disposition is too lazy and timid.... Let's look at her life experience first."

With a flick of his sleeve, the image on the stone mirror changed to that of Bai Li's figure.

There was a little village surrounded by enchanting scenery, the customs there seemed exceedingly ordinary.

Wife is Outrageous 47

47. Who's the Celestial Maiden? (2)

There was a little village surrounded by enchanting scenery, the customs there seemed exceedingly ordinary.

The style of dressing was similar to that of the citizens of the state of Tang.

The people here worked in the day and rested at night, it seemed similar to paradise.

As the scene moved closer, a relatively large house could be seen, where countless people were coming and going.

The owner was a scholar with an elegant appearance. At the moment, his face was filled with anxiety as he paced up and down the hall.

In another room, the sound of a woman's groans could be heard, it was apparent that she was in labor.

Following the "Wahh!" sound of a child crying, a streak of red light shot past the horizon.

The skies were suddenly filled with joyous music as countless heavenly flowers fell from the sky, one after another, falling above the bedroom...

The people within the Hall of Heaven and Earth hadn't thought that Bai Li's birth would be this flashy, each and everyone of them focused their eyes.

The faces of the eight great elders were filled with surprise. Hao Yunzhong could bear it no longer: "Celestial maiden! This is definitely the omen of a celestial maiden's birth! Who would've thought she was the celestial maiden!

Ling Xuzi had a somewhat moved expression on his face.

Perhaps, they had actually found the celestial maiden!

o

Yun Hua however, had a slight frown on his face. He could not help but feel that there was something fishy going on.

He indifferently said: “ There are some people who have had omens appear when they were born. This isn’t that surprising either, we should leave this decision to a later time. Whoever is able to control the Holy Maiden Ribbon will be the real celestial maiden.

Ling Xuzi nodded his head: “Correct.”

After looking at the stone mirror for a while, the stone mirror flashed through scenes of Bai Li’s life.

Including a scene where when she was eight, the little village was pillaged by a group of bandits and all the villagers were massacred.

It was only because Bai Li’s mother hid her under her body that she narrowly escaped the disaster. From then on, she wandered from place to place....

Ling Xuzi scowled: “She’s a child from Cloudgate Village!”

Ling Xuzi knew about the destruction of this village.

At that time he had been travelling in that area. Smelling the stench of blood, he had hurried over.

Unfortunately the villagers had all been killed.

In his anger, he had crippled the arms and legs of all the bandits.

Only, he never thought that there would be a survivor from that little village, and the survivor actually came to the Purple Cloud Clan...

Ling Xuzi breathed out a sigh: “No wonder this Bai Li is so timid, she was actually traumatized by the massacre of her village.”

Only he never thought that there would be a survivor from that little village, and the survivor actually came to the Purple Cloud Clan...

Ling Xuzi breathed out a sigh: "No wonder this Bai Li is so timid, she was actually traumatized by the massacre of her village. Since she wasn't born this way, it can definitely be remedied. If we guide her properly, she will definitely become someone worthy of respect. This Cloudgate Village was situated in the southeastern part of the State of Tang. Along with the omen during her birth, there is a high chance that she is the celestial maiden."

Qi Luoer felt as if her life was a movie that was being fast forwarded. In no time at all, she had grown up...

Following that, she crossed over again!

Opening her eyes, she discovered that she was still on the misty road.

At present, the surging mist had thinned, she could vaguely see a white figure on the ground in front of her.

Bai Li?

Qi Luoer didn't care about anything else anymore. Running over, she helped her up.

Bai Li had a glazed expression on her face, as if she was still dreaming. She looked at Qi Luoer: "You are... Little Luoer?"

Black lines appeared on Qi Luoer's face, she glared at her: "Don't call me Little Luoer, my name is Qi Luoer!"

Bai Li wrinkled her pretty eyebrows: "I feel as if I've just re-lived my entire life...."

Re-lived entire life?

Qi Luoer's heart moved. Could it be that this road allowed a person to re-live all their memories?

As she was pondering this matter, she suddenly felt some pain from her arm.

Her body froze. She pushed Bai Li away: "What are you doing?!"

Bai Li looked at her with a wronged expression on her face: "I wanted to check if this was a dream..."

Qi Luoer was furious: "If you want to check if it's a dream, pinch yourself! Why pinch me?!"

Bai Li flattened her lips, looking wronged: "I'm afraid of pain."

Qi Luoer's mind was thrown into disarray!

She pinched her because she's afraid of pain?! What sort of reasoning is this!

This Bai Li is absolutely a freak!

She couldn't spend anymore time with her, if not, sooner or later she would be angered to death by her!

Qi Luoer threw her down and left with a turn of her head!

"Little Luoer, Little Luoer, are you angry?"

"Little Luoer, don't be angry okay? My heart will ache."

"..."

"Little Luoer, I'll admit I was wrong. Next time I will pinch myself, I won't pinch you ever again..."

"Little Luoer..."

"Little Luoer..."

Qi Luoer walked faster and faster.

Bai Li kept following behind, chattering non-stop.

She chattered incessantly.

Qi Luoer's head expanded!

"Would you shut up!"

Unable to shake her off, Qi Luoer finally lost control.

She reproduced the sound of a roaring lion at the world.

Bai Li blinked her eyes.

She said with teary eyes: "Fine, fine, I'll shut up, Little Luoer can't ignore me anymore, alright?"

I only have you as a friend....."

Only felt that her headache could not get any larger.

This Bai Li was just like a piece of sticky candy that had stuck onto to her.

She really wanted to give her a beating! But looking at her white, jadelike face, she just could not bring herself to slap her.

This feeling of wanting to hit but unable to hit, wanting to shake her off but unable to shake her off, Qi Luoer wanted to go on a rampage.

"You want to follow me, fine! Just be quiet!"

Qi Luoer had no choice but to give in.

Bai Li obediently nodded her head: "Alright, I'll be quiet."

She lazily stretched her waist, hammered her thighs a little, then hugged onto one of Qi Luoer's arms: "Little Luoer, could you support me as I walk, I can't walk anymore..."

Qi Luoer felt goosebumps all over!

She pushed her away like she was swatting a fly: "If you want to follow me, walk by yourself! The path of celestial cultivation is full of hardships, if you continue as you are, you will be eliminated!"

Towards fellow females, Qi Luoer had always been extremely courteous.

But just against this person in front of her, she was unable to see her as a normal female.

This fellow, she couldn't be a lesbian, right?!

Qi Luoer was born in the modern era, so she wasn't against homosexuality, but just because she wasn't against it, didn't mean that she approved of it.

Regarding Bai Li, she could not help but have a weird feeling about her.

This fellow, she could not help but feel Bai Li was always taking advantage of her...

Bai Li looked at her with a grieved expression on her face: "But, Little Luoer, I really can't walk, I sprained my leg."

I don't have a mother nor father and am an orphan, if I were to be eliminated, I would have nowhere to go..."

Qi Luoer was momentarily dazed. An orphan? That was quite pitiful.

"Which leg is sprained? Take off your shoe, let me take a look."

All said and done, Qi Luoer was still originally a soldier in the special forces and was naturally an expert at treating common injuries.

"Take off my shoe?"

Bai Li looked at her with a faint smile and a mischievous glint in her beautiful eyes.

Wife is Outrageous 50

“Take off my shoe?”

Bai Li looked at her with a faint smile and a mischievous glint in her beautiful eyes: “Don’t you know that in this time and age, should you wish for a virtuous woman to take her shoe off, it’s practically as difficult as asking them to take off their clothes.”

Seeing Qi Luoer glare at her, she kind-heartedly explained: “In this time period, if a maiden takes her socks and shoes off in front of a stranger, she can pretty much take everything else off.”

Could this line of reasoning be any stranger?!

Qi Luoer stared at her unhappily: “We are both women, what are you afraid of? If you don’t take your shoe off, how am I supposed to treat you?”

Bai Li gave a sigh: “Sigh, fine, fine. In any case, I have a pretty good impression of you. Letting you have a look shouldn’t be that big a matter.

However, in the future you must take responsibility for me.”

Swoon! Just seeing to an injured leg needs her to take responsibility?!

How to take responsibility? Does she have to marry her?

Ugh!

Qi Luoer was so furious she wanted bang her head against the wall: “Forget it, forget it! I don’t want to see it anymore! I’m not a lesbian, I can’t be responsible for you!”

“Lesbian?”

Bai Li’s face was full curiosity: “What does lesbian mean?”

“It means a female homosexual!” Qi Luoer was nearly defeated.

“Oh, that’s ‘mirror grinding’, I understand!”

The expression on Bai Li’s face was as if she had seen the light. She nodding her head and seriously said: “Don’t worry, I’m not a lesbian either.”

“In that case, why do you want me to take responsibility!” Qi Luoer said in a bad mood.

Bai Li smiled mysteriously: “Since I said that, I naturally have my own reasons.”

“Reasons? What reasons?” Qin Luoer really did not understand, she faintly had the feeling that she had been roped into an evil plot.

Suddenly, a thought struck her! She blurted out:” You.... You couldn’t be a man could you?!”

Bai Li smiled sweetly and said: “I can let you check for yourself.”

Without waiting for Qi Luoer to speak, she opened the front of her robe, revealing her towering snow white chest...

She had exquisite curves, so flawless without blemishes that it would make one sigh in admiration!

So perky, so large! So well-rounded!

Qi Luoer could not help but swallow her saliva.

Thinking back to her own, uu, it was smaller by an entire size! There’s seriously no justice in the world!

Qi Luoer was depressed, she felt inferior!

Wife is Outrageous 51

51. This isn't peeping...

Qi Luoer was depressed, she felt inferior!

Sigh.. when comparing herself to this large chested bimbo, Qi Luoer's self confidence took a serious hit.

In this time period, there should be no such thing as plastic surgery.

So Bai Li was definitely a woman! A genuine woman!

This was Qi Luoer's only reaction.

However, she had forgotten that the world she had crossed over to was one of immortals and demons.

What one could see was not necessarily always real...

.....Scene Change.....

Within the Purple Cloud Clan's Hall of Heaven and Earth, this scene had been seen by everyone.

Each and every one of them were flushed red, and had all turned their heads away.

Ling Xuzi flicked his sleeve, ending the live erotica on the stone mirror.

His expression was slightly unnatural.

This.... This Bai Li is definitely a freak! Even though she's timid, there are times where her courage surprises people.

A maiden's most important things were seen by others for no good reason! Did she know even the meaning of the word shame?!

"Preposterous!"

A fifty or so elder cried out while slapping the back of his chair, with a gloomy expression of dismay: “This girl too preposterous, how can she do this sort of thing in front of so many people....”

Yun Hua shot him a glance, indifferently saying: “The two of them are the only people on that road, what’s more, she seems to not know that we can see them from here.”

This one phrase made that elder choke on the words that he wanted to say, unable to say them.

.....Scene Change.....

“Little Luoer, have you seen enough?”

At this moment, Bai Li actually did not have the shyness one would expect most maidens had, she’d even proudly stuck her chest out while smiling sweetly Qi Luoer.

Ah?

Qi Luoer finally regained her senses.

With a red face, she angrily replied: “Who wants to see yours? Quickly put your robe back on, it will be bad if you’re seen by others.”

Bai Li smilingly replied: “You don’t with to see it? Then why are you drooling?”

What? Drooling? This was too embarrassing!

Qi Luoer hurried to wipe it away, however, the aforementioned drool was not there.

She breathed a sigh of relief.

Exactly, she wasn’t that lame...?

Qi Luoer immediately reacted.

Aaaaaaaaaaaaaaaaaah! This wretched Bai Li! She tricked her again!

Wife is Outrageous 52

Qi Luoer immediately reacted.

Aaaaaaaaaaaaaaaaaah! This wretched Bai Li! She tricked her again!

Bai Li laughed till her eyes could not be seen, then slowly put her robe back on.

She lazily stretched her waist: "Alright, you've seen it already, by now, you shouldn't have anymore suspicions about my gender right?"

"Fine, fine, I'm aware that you're a genuine woman, lets go!"

Not wanting to continue discussing this sensitive topic, Qi Luoer had no choice but to concede.

"If so, please help support me, I really can't walk anymore."

Bai Li blinked her eyes pitifully.

"Fine, fine! I'll support you as we walk!"

Qi Luoer had no choice but to surrender unconditionally. With a tug, she pulled her up from the floor.

Bai Li smiled and leaned on her body.

Practically half of her body weight was generously given to Qi Luoer to support.

Fortunately, Qi Luoer frequently ran while carrying weights as training, it was unlikely for her to be pressed down by her weight.

Half-carrying her, she trudged onwards one foot at a time.

For fear that she would be eliminated if they fell too far behind, even if she was assisting someone, she still walked at an extremely fast speed.

The road seemed like it had no end.

The two of them walked for an hour straight.

The silhouettes of a few people could be seen in the distance, as well as a red horizontal line that was extended across the road.

Qi Luoer's expression brightened. With a glance she could see that the people ahead were precisely Yun Zhongyue, who was responsible for them, and the rest of the other disciples.

☞ ! It seemed that the exam for immortals was the same as that of the human realm, it was set up like the finishing line of a race.

As Qi Luoer was about to walk a few steps closer, a purple shadow flashed past from behind her, running ahead of them.

That shadow belonged to Li Chongzi. Looking back at Bai Li and Qi Luoer, a trace of complacency and contempt could be seen on her pretty face.

A look of amusement flashed through Bai Li's eyes, she waved her arms: "Go go! Lets step on it! Get past that malicious woman!"

Qi Luoer forced a smile, this Bai Li was an expert at talking but not actually doing anything!

Did she think that she wanted to fall behind that woman? Could she not see that she was supporting another person?!

Humph, humph, if she could toss this burden away, she might be able to overtake that malicious princess!

Qi Luoer glanced at Bai Li with ill intentions.

Wife is Outrageous 53

53. This fellow! Will it kill you to stop being sappy?!

Bai Li however, knew what she was thinking, and hugged on to her even more tightly: “Little Luoer, you don’t have the heart to throw me away, right?”

Haah, fine, fine.

This first place, she wouldn’t fight for it anymore!

Qi Luoer helplessly shook her head.

For fear that someone else might overtake them from behind, she quickened her steps.

Originally, when dragging another person along, her footsteps were quite heavy.

At this moment, she was unsure if it was because she had drummed up some spirit, but she felt as if her movements had become lighter and more graceful.

Her speed kept increasing, by the time she had reached the end, it was as if she was flying!

As they approached the finishing line, they actually overtook Li Chongzi who had been far ahead of them, and rushed straight ahead!

The red line was right in front, Qi Luoer’s body was just about to hit it.

Suddenly, Bai Li who was being held in her bosom, slipped and fell right on the red line.

Yun Zhongyue smilingly walked over to the two of them: “Congratulations Lady Bai, you are the first to pass.”

Ah?! Qi Luoer was stunned.

This, this is, too....you know!

Bai Li firmly apologised: “Little Luoer, I didn’t do it on purpose. How about this, I’ll let you have the first place?”

“Humph, who wants your first place!”

Qi Luoer felt her mouth twitching. She, Qi Luoer, was a proud person. She didn’t need others to concede first place to her!

At this moment, Li Chongzi had also run over.

Originally, after getting overtaken by Qi Luoer, she was so furious her face had turned red.

However, after seeing what happened, a gloating look could be seen in her eyes.

As if saying: “Serves you right! Always helping her! This time’s first place was snatched by her!”

Qi Luoer basically didn’t care her about her at all, she was never a petty person. Glancing at Bai Li Bai Li smiled a brilliant smile, looking at her with droopy eyes, she softly replied: “I’m much better. Little Luoer, it’s so rare to see you care about me so much....”

This fellow! Will it kill her to stop being sappy?!

The rest of the disciples rushed over one after another.

More than half of the participants were unable to persist till the end. In other words, they were eliminated.

At this moment, the sun set.

Yun Zhongyue looked at the colorfully dressed maidens that appeared as if they had just been fished from a lake.

Yun Zhongyue looked at the colorfully dressed maidens that appeared as if they had just been fished from a lake.

With a smile appearing on his face, he put his hands into his sleeves, and slowly strolled over: "Everyone, congratulations on passing the first stage of the test.

From this day on, all of you will be probationary disciples, our Purple Cloud Clan's probationary disciples are split into Jia, Yi, Bing, Ding, Wu, Ji, Geng, Xin, Ren, Gui, these ten classes. You will be split into these classes to study. Every class will have an instructor to guide you.

Pausing for a moment, he continued speaking: "In a month, there will be an assessment. If you manage to pass, you will officially become a disciple of our Purple Cloud Clan."

Excitement could be seen on the faces of all the people who had passed.

After all, if they were able to become disciples of the Purple Cloud Clan, they were already halfway to becoming celestials.

Everyone was eager to start, wishing that this month would hurry up and pass, the exhaustion on their bodies disappeared without a trace.

Qi Luoer's eyes twinkled. From this day on, she would be a part of this mystical world!

Satisfied with their reaction, Yun Zhongyue nodded his head.

Continuing onwards, he explained some of the rules of the Purple Cloud Clan: "The hierarchy in Purple Cloud Clan is strict, and the rules are many.

In front of the various masters, you must definitely pay attention to your bearing, your words and your actions.

As for naming, Clan Masters are to be addressed as Revered Superior, elders are to be addressed as Revered One, and the others are also all your seniors. Salute when you see them, address them as they should be.”

Continuing after a pause: “You cannot leave the mountain or enter the sea whenever you wish to. Rest at night, and wake up early to cultivate at dawn.

Within the mountain are twelve side halls that serve as accommodation. They all have different names, later, I will have someone assign you to your accommodations, two people to a room.”

.....Scene Change.....

A simple yet neat arrangement, new bedding...

Qi Luoer sprawled on the bed, giving a big stretch.

How long had it been since she had last slept on a bed with a roof over her head? She truly missed it!

Rolling over once more, uu, comfortable! The exhaustion in her body seemed as if it had disappeared.

“Little Luoer, this is great, we must really be fated. Unexpectedly, we were both assigned to this room.” Bai Li sat on the other bed with a smile, striking up a conversation with her.

“Little Luoer, this is great, we must really be fated. Unexpectedly, we were both assigned to this room.” Bai Li sat on the other bed with a smile, striking up a conversation with her.

Qi Luoer’s body stiffened. Hearing this, she was depressed.

She wasn’t sure if what she shared with Bai Li was fate or disaster. Originally, she had hoped that she would be able to separate from her during the class assignments.

However, she had never anticipated that her wish would not be granted. Not only were they assigned to the same class, they were even assigned to the same room!

She wished to cry but there were no tears.

This sticky candy, no matter how hard she shook, could not be shaken off!

Breathing in deeply.

Qi Luoer told herself that she had to keep her calm, must keep calm, must remain calm!

If you didn’t wish acknowledge a certain someone, just pretend they didn’t exist, that they were transparent!

Qi Luoer was not used to using the methods of the ancient times to tell time.

Luckily, even though all her things were stolen in the forest, at that time her solar-powered cell phone had been in her pocket and hadn’t been stolen by that little brat.

She took it out to have a look, it was already ten o’clock at night.....

A glimmer flashed within Bai Li's pupils, moving closer to her, she curiously eyed the item within her hand: "What's this?"

Hey! When did this fellow's movements become so ghostly?!

She moved over so silently that it gave her a fright!

Qi Luoer calmly dodged backwards: "Even if I told you, you wouldn't know. Alright, let's not talk anymore, it's time to sleep!"

She stuffed her phone into her pocket.

Bai Li smiled a brilliant smile, it was as if a hundred flowers had bloomed. Stretching delicately, she pointed at Qi Luoer: "Little Luoer, do you want to share a bed with me?"

"Share a bed with you my ass!"

Qi Luoer couldn't help but curse: "Let's sleep on our own beds."

"But... But I have problems sleeping in a bed that isn't mine.. Sleeping alone is scary. Little Luoer, won't you accompany me?"

Bai Li blinked her beautiful eyes, looking at her with pitiful eyes.

"What's so scary about sleeping alone?!

What's more, aren't we in the same room?

Didn't you say you were an orphan?

Who were you sleeping with originally?"

Qi Luoer was also defeated by her.

Bai Li dejectedly pressed her lips together: "Originally, I also didn't sleep alone, I had a little spotted dog that I hugged to sleep. Sadly, I couldn't bring it into the Purple Cloud Clan....

Bai Li dejectedly pressed her lips together: “Originally, I also didn’t sleep alone, I had a little spotted dog that I hugged to sleep. Sadly, I couldn’t bring it into the Purple Cloud Clan....

Swoon! This fellow was actually using her as a substitute for her little spotted dog!

Qi Luoer’s mouth twitch, fiercely glaring at her: “Sleep! If you keep on making a fuss, don’t blame me for beating you up!”

She decided that she couldn’t talk to this fellow anymore.

If not, she would definitely be angered to the point of suffering a stroke!

Ignoring Bai Li, she covered herself with her quilt and went to sleep.

After today’s unceasing events, she really was too tired.

She fell asleep practically as soon as her head touched the pillow.

A white light flashed within the tranquil room.

The originally charming and loveable great beauty, Bai Li had changed in appearance.

Inky-black hair loosely draped over his shoulders, and creamy jade-like skin shined with a luster like that of a pearl at dawn.

His eyebrows were smokey moons, and a fiery red lightning bolt imprint appeared in the space between his brows.

Eyes as black as obsidian, lips like a red cloud, curled up to what seemed to be a faint smile, his bearing was languid but bewitching.

It was precisely the Demon Sect’s Holy Ruler — Yue Wushang!

Lazily stretching his waist, he mumbled: "Pretending to be a woman is really too tiring. Your lord here was almost stifled to death!"

He looked at the heavily asleep Qi Luoer.

The corner of his mouth curled into a smile: "I didn't expect that this girl and I would really have some affinity, to have meet her again so quickly."

Squinting his eyes, he extended a beautiful finger and gently touched Qi Luoer's charming face: "It's no wonder that whether it be her style, her appearance, her way of doing things, they were all strange, so she actually crossed over from another world. Don't tell me she's actually the celestial maiden?"

During the day, when he had transformed into Bai Li and walked with Qi Luoer on the misty road, he secretly used a mysterious teleportation technique, and had also seen Qi Luoer's life in her previous world.

He had also taken the chance to take a few glances at the lives of the other women that had been walking on the misty road, but he felt that there was nothing special about them.

Only Qi Luoer was a little strange.

After being affected by his technique, Qi Luoer basically would not be able to wake unless he wished her to.

So he sat by her bedside without any reserve.

He grabbed her wrist and felt her pulse.

There was nothing out of the ordinary, only that the bleeding blisters on her palm were quite unsightly.

He grabbed her wrist and felt her pulse but could not feel anything out of the ordinary.

Only that the bleeding blisters on her palm were quite unsightly.

Without much thought, his fingers softly massaged her palm: "This girl has suffered quite a bit."

Following the brush of his fingers, the bleeding blisters and old calluses on her palm disappeared without a trace.

He squinted his eyes and took a look, nodding his head with satisfaction: "Uu, much more pleasant to look at now."

Rubbing his chin, he glanced at Qi Luoer's small face. The look on his face was as if he was sizing up a healthy pair of pig trotters: "This girl can also be considered an undeveloped beauty, it's only that her skin is a little dark."

(What rubbish, she was originally a special forces soldier, after enduring arduous training under the sun everyday, how could her skin not be dark? Compared to the older and younger sisters that trained with her, her skin was comparatively better.) A ray of light flashed within Yue Wushang's eyes. Holding a ball of light with a gentle radiance, he let it shine on Qi Luoer.

Qi Luoer's skin gradually became clearer.....

Finally, Yue Wushang slapped his hands together and carefully scrutinized his work.

"En, so this was her original appearance? In any case, she has the appearance of a celestial maiden..."

Languidly stretching his waist, he glanced at Qi Luoer once more: "This girl's

spiritual roots really aren't bad. If she were to really be the celestial maiden, that would be troublesome....”

The only reason he had sneaked into the Purple Cloud Clan was because of this ‘celestial maiden’.

Originally, he had wanted to find the real celestial maiden and abduct her back to the Demon Palace.

But after pretending to be a woman for a day, he felt very bored, so he decided that after finding the celestial maiden, he would kill her and slip away back to the Demon Palace.

But even after knowing that Qi Luoer was most probably the celestial maiden, he couldn't really bear to do it.

In any case, this girl had saved his life once,

and was the first woman to treat him well without any conditions...

After thinking a little, he shook his head.

Forget it, after all, he hadn't confirmed it yet.

What if it wasn't her?

Wouldn't she have died for nothing?

An innocent dying was not important, but letting the real celestial maiden escape, that could not happen!

He gave himself a reason to not kill Qi Luoer.

Lazily yawning, he returned to his bed to sleep.

Wife is Outrageous 58

58. Why aren't you called Qi Baoer anymore?

Qi Luoer who had been sleeping suddenly muttered: "I... I'm called Qi Luoer now, not, not... Qi Baoer."

Eh?

Yue Wushang raised his eyebrows.

He had seen her memories of her previous life, so naturally he knew her original name.

The corner of his mouth curled into a sinister smile, he asked coaxingly: "Why aren't you called Qi Baoer anymore?"

Qi Luoer rolled over, muttering unintelligibly, she replied: "Tch, that name is too childish... Qi Luoer, I'm called Qi Luoer... I can't anyone know... uu, Qi Baoer... can't let anyone find out... I can't talk about it...."

Yue Wushang narrowed his sparkling eyes as the corner of his mouth curved into an evil smile.

It turned out that this girl was actually so afraid of others knowing her original name, this was quite interesting...

.....

"Baoer, Baoer, Qi Baoer, Qi Baoer....."

Feeling muddle-headed from her sleep, Qi Luoer vaguely heard someone calling her.

Subconsciously replying: "Uu..."

She was just too exhausted, her eyes were unwilling to open.

Hugging her pillow, she rolled over.

“Qi Baoer, Qi Baoer.....”

The sound was like a demonic magic that pierced into her head, unceasingly sounding out from the side of her ears.

Qi Luoer was unable to endure the disturbance. Without opening her eyes, she flung her pillow over: “What are you making a fuss about? Get lost!”

“Baoer, Qi Baoer, my foot hurts....”

As if the pillow had struck air, the voice rang out again.

The difference this time was that the voice sounded extremely grieved.

Bai Li? This was Bai Li’s voice.

En, her foot had been sprained, it wasn’t weird for it to hurt... Qi Luo hazily thought to herself.

Wait, wait, what was she calling her?!

Qi Baoer?!

Qi Luoer’s eyes flew open.

Jumping up, she looked at Bai Li.

Bai Li was sprawled out on her bed

A pair of aggrieved eyes looked towards her: “Baoer, my foot hurts...”

Qi Luoer’s heart jumped with a “ba-dum”.

She forced a smile: “You... Who are you calling? Who is Qi Baoer?”

“Of course I’m calling you.” Bai Li replied with an innocent face.

Qi Luoer's jumped with a "ba-dum". She forced a smile: "You... Who are you calling? Who is Qi Baoer?"

"Of course I'm calling you." Bai Li replied with an innocent face.

"You... Are you ill? My name is Qi Luoer, not Qi Baoer..."

Qi Luoer used the tactic of 'defend by attacking'.

"But, you've been saying that your name is Qi Baoer, not Qi Luoer for the entire night..."

Bai Li stared at her.

Huh! It wasn't possible right?! Had she been sleep-talking? However, shouldn't the words she wanted to say have been, call her Qi Luoer, not Qi Baoer?

Qi Luoer : 囧

"The name Qi Baoer is pretty good, from now on I'll call you Qi Baoer."

Bai Li's gifted imagination attracted her a supercilious look from Qi Luoer.

"You dare! If you dare to speak it out, I'll take your life!"

Qi Luoer desperately threatened her, she even considered killing Bai Li to silence her.

How was she supposed to seal this Bai Li's mouth aaah!

If others found out about this, her illustrious reputation would be damaged!

In the worst case scenario, the Purple Cloud Clan might even be suspicious about her motivations for joining them...

Was changing a name so difficult???

Killing her was out of the question. Hmm, it looked she could only try to entice her.

“Bai Li, haven’t I always treated you well?”

Qi Luoer said with a gentle voice, looking at Bai Li amiably.

“En, you have indeed treated me well.”

Bai Li rubbed her chin and nodded.

“Then — regarding the matter of name, could you help me keep this a secret?”

“Why must this be kept a secret? This name isn’t bad. Why must you change your name?”

Could it be — do you have problems that you can’t speak about? Or could it be —

Bai Li’s face suddenly lit up: “I know! You’re someone from the Demon Sect that came to the Purple Cloud Clan as an undercover spy, that’s why you can’t let anyone know your name....”

Black lines appeared on Qi Luoer’s face, this was exactly what she was worried others would think!

Fiercely glaring at Bai Li, she coldly replied: “If I was really an undercover spy from the Demon Sect, you would have been dead a long time ago!”

A frightened expression emerged on Bai Li’s face: “You... You wouldn’t try to silence me by killing me right?!”

Qi Luoer ‘humph-ed’: “This will be determined from your behavior. You only have to guarantee to stay silent for me to spare you.”

A frightened expression emerged on Bai Li's face: "You.... You wouldn't try to silence me by killing me right?!"

Qi Luoer 'humph-ed': "This will be determined from your behavior. You only have to guarantee to stay silent for me to spare you."

She breathed a sigh of relief within her heart. Naturally she wouldn't be willing to kill anyone over such a small matter.

A light twinkled in Bai Li's misty eyes: "Mm, I can guarantee I won't speak about this, but, my.... My leg really hurts! I'm most afraid of pain, if I get dizzy from the pain, uu, I might forget your instructions."

A threat!

This was a naked threat!

Qi Luoer sighed: "Your leg is only sprained, it isn't even broken. I can cure you, however, you aren't allowed to mention taking responsibilities ever again!"

Bai Li smiled faintly, within that smile of ultimate beauty a trace of evilness could be seen: "If you don't wish to take responsibility then don't, however, I will take responsibility for you."

Qi Luoer's mouth twitched.

This Bai Li was too weird, her words could scare someone to death!

She couldn't be bothered to speak anymore nonsense, and directly took the sock off of her injured foot.

Bai Li's ankle was extremely swollen, it was red to the point that it started shining.

It turned out that it was an extremely serious sprain.

No wonder she kept crying out that it hurt, a pretty and delicate little lady like her was naturally unable to endure this.

Seeing the seriousness of her injury, the anger remaining in Qi Luoer's heart reduced by a lot.

She gently massaged Bai Li's injured leg.

Luckily it was only dislocated, her bones hadn't been injured...

Knowing that she was afraid of pain, Qi Luoer massaged her foot extra gently.

"Mn..." A soft groan sounded out.

"What's wrong? Was I hurting you? Endure it for awhile, it's almost over."

Qi Luoer's actions became even gentler.

"That's not it...."

Bai Li's eyes misted over, a captivating trace of redness appeared on her loveable dimple.

"

The corner of her mouth curled, a faintly discernable smile could be seen: "The massage is just too comfortable..."

"..."

Qi Luoer froze.

Countless black lines slid down her face, as if her pity had turned into the floating clouds from that day, it disappeared with a trace!

It's comfortable huh?

Then I will let you feel even more comfortable!

Qi Luoer abruptly pressed down with force.

Crack, a soft sound could be heard!

It's comfortable huh? Then I will let you feel even more comfortable!

Qi Luoer abruptly pressed down with force. Crack, a soft sound could be heard!

Ah! A high-pitched scream comparable to that of pigs being slaughtered almost split the roof, alarming countless roosting birds.

All the goosebumps on Qi Luoer's body had almost been raised because of her shout.

Hmph, did it hurt that much? She yelled so world-shakingly!

Bai Li's face was deathly white, pointing a slender finger at Qi Luoer, a look of accusation could be seen within her eyes: "You... You..."

Qi Luoer put Bai Li's foot down, and patted her hands together: "Me? What about me? Your ankle was dislocated, if I didn't set it back, how would you get better?"

Taking out a bottle of Bone Setting Ointment, she rubbed it on the afflicted areas.

"Knock! Knock! Knock!" Somebody knocked on their door.

Faintly knitting her eyebrows together, Qi Luoer got up and opened the door. She received a huge fright!

Standing outside the door was a large denomination of people looking around. On their faces there was some shock, puzzlement, and some were even excited and curious...

Qi Luoer : 囧, who would've thought Bai Li's scream would have attracted so many people.

Seriously... It seemed that whether it be the celestial world or the human world, the people's love of gossip was boundless.

They were headed by a disciple of the Purple Cloud Clan that had been on guard duty. He looked at Qi Luoer, then looked at Bai Li who was within the room while frowning faintly: "Was yours the room the scream came from? What's going on?"

Qi Luoer forced a smile: "It's nothing, just that Bai Li sprained her ankle. I was massaging her leg but I probably used too much force. She's afraid of pain so she screamed loudly, disturbing everyone, we're really sorry."

Looking inside the room and seeing that they were both fine, the disciple nodded his head: "It's good that you're okay."

He was unable to resist reprimanding them: "Even though this isn't the Purple Cloud Celestial Mountain, it is still a holy ground of cultivation, you mustn't make a racket. Be more careful in the future."

Qi Luoer repeatedly nodded her head: "Yes, yes, we will take note of that."

Hearing such a blood-curdling screech, everyone had run over in excitement, wondering if a murder had happened.

After finding out that it was such a small matter, they slowly scattered and returned to their rooms, feeling relieved and a little disappointed.

Closing the room door, Qi Luoer glanced at the main culprit of tonight's incident, and spoke with a bit of resentment: "Causing a world-shaking commotion because of this little bit of pain, this time we've disturbed everyone and have probably made a fool of ourselves."

Closing the room door, Qi Luoer glanced at the main culprit of tonight's incident, and spoke with a bit of resentment: "Causing a world-shaking commotion because of this little bit of pain, this time we've disturbed everyone and have probably made a fool of ourselves."

Bai Li had a wrong expression on her face: "It was you who used too much force and caused me to feel so much pain! I couldn't take it anymore so I cried out...."

Swoon! Why did she have to speak so ambiguously! It sounded too indecent!

Qi Luoer almost cried. Why couldn't she have gotten a normal roommate, aaaah!

This Bai Li, could it be that there was a problem with her sexual orientation?

To prevent herself from being angered to death, Qi Luoer automatically filtered out Bai Li's words, strengthening her resolve to ignore her.

Minding her own business, she got onto her bed: "Alright, it's already late! Quickly sleep!" She covered her face with her pillow.

"Little Luoer, Little Luoer...." Bai Li softly called out.

Qi Luoer pretended to be asleep, ignoring her.

"Little Baoer, Little Baoer....." Bai Li changed her form of address.

Huff! Qi Luoer jumped up: "You're not allowed to call me that name! Bai Li, what exactly do you want?!"

No matter how good her self-restraint was, Qi Luoer couldn't take it anymore!

She had overused her strength during the day and had been tormented by Bai

Li during the night, she was physically and mentally exhausted! Even if she was a clay doll, fire could've been rubbed out!

Bai Li's eyes roamed about: "I... I'm scared to sleep alone."

Qi Luoer glared at her: "Once you get used to it, you won't be afraid anymore!"

"But... But I'm afraid that if I don't sleep well tonight, I might get muddle-headed and accidentally expose your secret..."

The corner of Qi Luoer's eyes and mouth started twitching, countless black lines slid down her face.

This girl, this was obviously a naked threat!

Qi Luoer clenched and unclenched her fists: "What exactly do you want?"

Bai Li's line of sight wandered. Her eyes narrowed slightly, bringing with them the boundless colors of spring: "I want to sleep with you. "

"Out of the question!"

Qi Luoer declined without thinking.

"Why not? Isn't it only men and women that aren't allowed to have direct contact, don't tell me that women aren't allowed to have direct contact with each other either? We're both female, are you still afraid of being eaten by me?" Bai Li felt a little wronged and puzzled.

Qi Luoer gave her a harsh look.

Humph, if it was any other normal woman it would be fine, but could this Bai Li even considered normal?

“Ai!”

Bai Li breathed out a sigh: “Then there’s no other way. If I don’t manage to sleep well and muddle-headedly expose your secret tomorrow, you must forgive me.”

Qi Luoer glared at her furiously.

Clenching her teeth, she steeled her heart!

So what if Bai Li was a lesbian?

Fortunately, she didn’t know any martial arts. If she dared to make a move on her, Qi Luoer would knock all her teeth out!

“Fine, fine, I’ll sleep with you tonight, however, it’s only for this one night. Tomorrow, you must sleep alone!”

Qi Luoer finally compromised.

“Alright, alright.”

Bai Li smiled till her eyes turned into crescent moons. Half lying down with one hand supporting her body, the other hand slantingly pointed at Qi Luoer: “Little Luoer, quickly, come over, I’m about to die from sleepiness...”

Swoon! This position vividly resembled that of a beautiful young woman requesting her husband to pamper her!

The hairs on Qi Luoer’s body all shivered from this stimulus.

This girl, would it kill her to stop being sappy?

But since she had already agreed to it, she couldn't renege.

Clenching her teeth, Qi Luoer climbed onto the bed, muffledly replying:
"Alright! Go to sleep!"

She didn't want to look at Bai Li's beautiful wicked face again, for fear that she would involuntarily leave a five finger print there...

"Little Luoer, why is your back facing towards me?"

A pair of warm hands snaked over and embraced her.

Qi Luoer's body stiffened, clenching her teeth: "Let go!"

"Uu, I feel afraid with your back facing me, I have no other choice but to hug you..."

Bai Li's aggrieved voice sounded out from behind her. However, a smiling expression flashed within her eyes.

Qi Luoer was so furious she wanted to hit her head against a wall: "Then let go first, I won't face my back towards you anymore."

She didn't know what was going on. During her life in the modern times, Qi Luoer had at times shared a bed with classmates and with pretty older and younger sisters, but she never felt any peculiar feelings.

But at this moment, being hugged by Bai Li, her little face started heating up.

Bai Li finally loosened her hands. Afraid that she would start creating more needless problems, Qi Luoer turned and faced her.

Humph, we're both women, who's afraid of who!

Raising her head, she just so happened to make contact with Bai Li's alluring eyes.

Humph, we're both women, who's afraid of who!

Raising her head, she just so happened to make contact with Bai Li's alluring eyes.

Being in such close proximity with her, Bai Li's great beauty was even more evident, all the pretty movie stars Qi Luoer could think of added together could not compare to her!

Qi Luoer stared at her in a daze.

This girl was practically [Daji](#) reincarnated!

If it was looks you wanted, she had it, if you wanted a large chest, she had it. Her skin was so white and tender it was as if water could be pinched from it.

Why did this girl grow up to be so beautiful?!

It caused her to feel a little inferior.

Qi Luoer felt a bit indignant.

Unfortunately Bai Li started adding fuel to the fire: "Little Luoer, am I pretty or not?"

"Pretty! Extremely pretty! You're practically [Sister Lotus](#) reincarnated!" Qi Luoer could not help replying sarcastically.

Bai Li raised her eyebrows: "Sister Lotus? Is she also very pretty?"

"Hehe, that's right, extremely pretty, so pretty it's impossible for her to be prettier. Practically the whole country recognizes her, wouldn't you say she's pretty?"

Qi Luoer almost gritted her teeth as she said that.

Bai Li shuddered, looking suspiciously at Qi Luoer, the corner of her mouth curved: “This — Little Luoer, why do I feel like you’re not praising me but insulting me?”

“You’re thinking too much! I’m really praising you!”

Qi Luoer pulled a straight face, her expression couldn’t be any more honorable.

Patting Bai Li’s head, she yawned: “Alright, there’s more training tomorrow, lets sleep!”

Minding her own business, she closed her eyes.

”

“Little Luoer, you smell very nice.”

“.....” Qi Luoer ignored her and kept her eyes shut.

Little Luoer, come closer to me, you could fit a person between us, the quilt isn’t big enough to cover both of us...”

“.....”

Qi Luoer continued treating a certain someone as if they didn’t exist.

“Little Luoer, your skin isn’t bad either, it’s so smooth to touch.”

A pair of ambitious hands stroked Qi Luoer’s arms.

“Pu!”

The pair of ambitious hands was caught, and the sound of Qi Luoer gnashing her teeth in anger could be heard: “Bai Li, if you keep touching me indiscriminately, I’ll chop your pair of hands off and stew them like pig trotters!”

“Huu, it hurts!” Bai Li softly cried out.

“So it hurts? I’m going to make it hurt so bad it kills you! We’ll see if you dare to flirt with this lady again!”

"Huu, it hurts!" Bai Li softly cried out.

"So it hurts? I'm going to make it hurt so bad it kills you! We'll see if you dare to flirt with this lady again!"

Although the words from Qi Luoer's mouth was fierce, in the end she couldn't bear to really hurt her and released her pair of 'wolf claws'.

"Little Luoer you're so cruel... You grabbed my wrists so hard they turned purple."

Bai Li's exceedingly pretty face was filled with grievance, but a smiling expression flashed within her eyes.

Around her white jade-like wrist, there was indeed a purple bruise that swelled up to about an inch. It was quite shocking to behold.

Qi Luoer had not expected this one grab would produce such results, she felt quite guilty in her heart.

But hearing Bai Li speak as if she was a throwing a tantrum in front of her lover, she couldn't help but shiver.

Staring at her, she snapped back: "Who asked you to touch me as you pleased."

Jumping off the bed, she brought over her knapsack and took out a medicinal ointment and rubbed it on Bai Li's wrists: "Alright, after applying this ointment, the swelling from your bruise will go down by tomorrow."

"Even though Little Luoer's tongue is so sharp, she actually has a soft heart, uu, I keep liking you more and more."

Bai Li's pupils contained laughter, her smile could bring ruin to a country.

Qi Luoer's body shuddered. Waving away the goosebumps on her arm, she coldly replied: "Don't fall for this older sister, this sister is not from here."

For fear that Bai Li would spout out even more terrifying words, she got on the bed and shut her eyes, not speaking another word.

She was just too tired. In a moment, she had fallen asleep.

What she did not know was that the moment she had fallen sound asleep, a white light flashed next to her.

The great beauty Bai Li turned into the great demon lord Yue Wushang.

He pulled Qi Luoer into his bosom, mm, hugging this girl felt really comfortable.

Narrowing his eyes, he breathed out a sigh of satisfaction.

With this girl as his companion, perhaps the days here wouldn't be so boring?

The corner of his thin lips curved, he frivolously laid a kiss on Qi Luoer's lips: "Alright little girl, sleep well."

A dull white light flashed once more, his figure disappeared from the room....

After being tormented by Bai Li for half the night, when she woke up in the morning, Qi Luoer's eyes were ringed by two dark circles.

She glanced weakly at last night's main offender. Bai Li's eyes were lightly closed, her long eyelashes drooped, she slept extremely soundly.

She glanced weakly at last night's main offender. Bai Li's eyes were lightly closed, her long eyelashes drooping as she slept extremely soundly.

What a picturesque scene of slumber!

Alas, a beauty would always be a beauty, even when sleeping.

It made her jealous.

Lifting the quilt, she got out of bed. On the table, there were two sets of pale-purple female clothing; its style was simple yet elegant.

It was said that this was the uniform most junior disciples wore when they first enter the Purple Cloud Clan.

Lifting up a set of clothes, Qi Luoer couldn't resist throwing a glance at Bai Li.

En, she still hadn't woken up.

She heaved a sigh of relief. Even though they were both women, she still did not want to let Bai Li see her changing her clothes.

She wasn't sure why that was so. It was probably because of Bai Li's terrific figure?

She put on her clothes hurriedly.

Sigh, clothes from ancient times were so troublesome, they had to be put on piece by piece.

After fumbling with them for quite some time, she finally managed to put the clothes on tidily, albeit with great effort. Yet the feeling that her clothes were wrinkling, and she not being able to straighten them right was bugging

her constantly.

Inadvertently looking back, she saw Bai Li lying languidly on the bed with her head propped up on a hand, a smiling expression could be seen within her eyes.

☞ ! When did this fellow wake up?

Feeling a little embarrassed, Qi Luoer put on a poker face: “Since you’ve already woken up, then why aren’t you getting out of bed? Today’s the first day of classes. If you’re late for class you may get hit by the instructor!

Bai Li lazily stretched her waist: “Uu. Hugging Little Luoer to sleep was really comfortable, it’s been a long time since I had such a good sleep.”

Comfortable, comfortable my ass!

She was tired to death!

Qi Luoer stared at her out of the corner of her eye and made up her mind to not talk to her for fear that she would get so angered by her that her menopause would come early.

Bai Li circled around her, clicking her tongue: “Tsk, tsk, Little Luoer definitely stands out from the masses. The exterior of this robe has a really unique style... and it’s kind of elegant seeing this girdle wrapped between your arms as well. “

☞ ! She made a mistake!

Although Qi Luoer’s skin was quite thick, at this moment her little face couldn’t help but redden.

She wished she could dig a hole in ground and crawl inside.

Bai Li slowly and methodically put on her clothes.

Glancing at Qi Luoer, Bai Li saw that she was still struggling with her clothes.

The urge to laugh could be seen within her eyes: “Little Luoer, I’ll help you put on your clothes and you help me tie my hair alright?”

Glancing at Qi Luoer, Bai Li saw that she was still struggling with her clothes.

The urge to laugh could be seen within her eyes: “Little Luoer, I’ll help you put on your clothes and you help me tie my hair alright?”

Sweat, why did that line sound so awkward?!

Embarrassment could be seen on Qi Luoer’s face: “The clothes here are a little odd, I, I’m just not used to them.”

Bai Li smiled a vague smile: “I’m also not used to them. We’ll get better at it in the future after putting them on a few more times.

By now, the distance separating them was extremely close, they were so close Qi Luoer could clearly see Bai Li’s long eyelashes, she could feel her warm breath.....

Qi Luoer’s face inexplicably heated up, this girl, her beauty was deadly against both males and females!

“Little Luoer, your body’s actually quite good.

As she helped her dress tidily, Bai Li stroked her chin, her eyes repeatedly sized Qi Luoer up.

Hmph, of course she could be considered a beauty too.

But standing side by side with Bai Li, this safflower could only turn into a supporting actress that enhanced Bai Li’s beauty!

“Great beauty Bai, compared to you I’m inferior. Alright, let’s dress up quickly.”

Qi Luoer had always liked playing with other’s hair, so she was completely

confident in her ability to tie hair.

With little effort, she helped Bai Li tie her hair into a slanted bun.

And even left two locks of hair that hung charmingly by the sides of Bai Li's cheeks.

Her entire person looked elegant and graceful, lovely yet distinguished.

Casually tying her own hair into a flying moon bun, a strand of black hair hung by her ears.

Fine black hair draped over her shoulders, and only the black hair on her head was rolled into a slant, like a bending moon. It was neat and pretty.

Looking at her, Bai Li smilingly said: "Little Luoer, you actually aren't that stupid."

Black lines appeared on Qi Luoer's face. Giving her a knock: "No matter how stupid I am I'm still more intelligent than you! Alright, let's go!"

Qi Luoer and Bai Li had both been assigned to the Gui class.

By the time they arrived, there were already quite a few people in the class.

The cunning and unreasonable Li Chongzi was also present.

Seeing Qi Luoer and Bai Li entering together, she snorted and turned away.

Ignoring her, Qi Luoer found a seat and sat down.

Ignoring her, Qi Luoer found a seat and sat down.

Bai Li smilingly sat next to her.

Even though Bai Li appeared delicate and timid with little courage, she unexpectedly had the potential to become a gossip queen, more than half of the people in the class recognized her.

As they greeted her one by one, she took the chance to introduce Qi Luoer to them.

The first thing Qi Luoer had done when she had arrived was to start fighting for justice, going up against the most devious and crafty, Li Zhongzi.

After yesterday's incident, everyone already recognized her.

A majority of those who came here to become a celestial were already at a rather high level of cultivation, so they were able to get along quite well.

After just a moment of talking, everyone seemed to be quite well-acquainted with each other.

As the class was making a commotion, a young man walked in.

The man was dressed in blue robe, however, it wasn't the attire of a Taoist. His temperament was warm and gentle, with a scholarly air, as if he was a frail scholar.

Faintly nodding his head towards everyone: "Everyone, I am a fifty-eighth generation disciple of the Purple Cloud Clan, Li Yu. I am the instructor of this Gui class, from today onwards, I will be instructing you in basic Taoist knowledge."

Speaking with assurance and composure, his face was calm and his bearing

was dignified.

“Ah, so you are Instructor Li Yu? I didn’t expect that you would be so young!”

“Yeah, I heard you were a disciple of Revered Superior Yun.”

A clamor of voices broke out in the classroom.

The reputation of this Li Yu had already resounded within the celestial world.

He was the head disciple of Revered Superior Yun Hua, and it was rumored that his celestial techniques were at a deity level. He practically had the worship and adoration of all the common people. In here, nine of ten would have heard of his name before.

No one expected that he would be such a kind and gentle person.

“Instructor Li, will you be accepting any disciples?”

“Instructor Li, do you know if there are any other instructors who will be accepting disciples this time?”

“Instructor Li,

The class had practically descended into chaos.

Li Yu waved his hand, indicating them to be quiet.

Faintly smiling: “This time the Celestial Superiors have placed a great importance on all of you. They’ve instructed the disciples of the fifty-eighth generation to accept disciples, after the eight Great Elders have taken their pick, we will each choose a disciple out of your batch.

Everyone felt excited. To be able to be the disciple of a head disciple, that was a very impressive thing.

What’s more, this instructor Li was still young, it could be said that he was as gentle as jade. Becoming his disciple was surely comparable to bathing in spring’s wind...

What's more, this instructor Li was still young, it could be said that he was as gentle as jade. Becoming his disciple was surely comparable to bathing in spring's wind...

"Instructor Li, I want to be your disciple."

"Instructor Li, me too...."

The constant chattering of the girls were louder than a flock of a hundred sparrows.

"Will Revered Superior Yun be accepting any disciples this time?"

An exceptionally clear, resonant voice suddenly suppressed the sound of the chatter.

Li Yu stared blankly for a moment, raising his head to take a look, he came into contact with Qi Luoer's limpid eyes.

In this flock of various birds, this girl could not be regarded as beautiful, but she had a kind of clean and bright aura.

Her eyes in particular were very bright, comparable to the brilliance of a crystal....

He laughed faintly: "Revered Superior Yun hasn't accepted a disciple for many years, this time shouldn't be the exception."

A ray of light flashed through Qi Luoer's eyes as she replied with an 'oh'. As she thought back to the bet she had made with Yun Hua, her heart jumped slightly:

“Since he has long stopped accepting disciples, does this bet still count? He wouldn’t be deceiving me would he?”

During class, Li Yu gave a summary of the history of the Purple Cloud Clan and the six kingdoms.

Then, he finally said: “Since all of you are able to be seated here, it proves that your aptitude can be considered quite good, today I will teach you all ‘matter manipulation’, this is the Purple Cloud Clan’s most basic course, first, I will speak about the essential points and the chants.....”

After he finished explaining the essential points and the chants, as if his hand was a lily, he spread it open slightly.

In his palm appeared countless paper balls with a blue luster, their shape was quite similar to the lucky stars of the modern times.

With a wave, the ‘lucky stars’ flew up.

A ‘lucky star’ landed in the palms of every disciple.
”

“Using the vocal chants and mind incantations, you can make this fortune-changing star float up..”

Qi Luoer was speechless beyond compare.

The celestials of the Purple Cloud Clan wouldn’t be the ancestors of Ma Xiaoling right?

There was little difference between this object and Ma Xiaoling’s lucky stars.

She carefully sized up the ‘little star’ in her palm.

Reading out the chant, she followed Li Yu’s method and ordered the ‘little star’ to fly with all her might.

However, it was as if that ‘little star’ had its own personality.

However, it was as if that 'little star' had its own personality. No matter how much she struggled, it remained motionless.

It lay quietly in Qi Luoer's palm, as if it was mocking her for her incompetence.

Looking around at her other classmates, uu, a large majority of them were in the same situation as her.

Gesturing wildly at that little piece of paper, they danced and jumped around as if they were having cramps...

Only a few disciples that probably had a foundation in metaphysics were able to make their little stars rise up about half a foot after waving and talking to it for quite awhile.

There were also some that rose to about one foot, the star that rose the highest rose to about three feet in the air....

"Don't tell me I'm a genius at martial arts but useless in the metaphysical?"

Despite trying her best for a long period of time, the little star stayed completely motionless, causing her to feel anxious and disheartened.

"Huff!"

Suddenly, a little object with a blue luster flew past the end of her nose, giving her a fright. She lifted her head.

She saw Bai Li sitting there lazily, a jade-like finger moving faintly.

A blue crystal-like fortune-changing star followed her gestures, flying high and drooping low, turning left and right.....

Everyone was dumbstruck, who would've guessed that the delicate, pretty,

timid, and fragile Bai Li would be a genius in the taoist arts!

Li Yu looked at Bai Li with a twinkle in his eyes. This was his first time seeing a student with such great natural aptitude...

Qi Luoer was naturally extremely envious of her, however, she was happy for Bai Li.

This fellow finally showed proficiency in a skill....

In her heart, she made a firm resolution, she would definitely put in more effort!

She would definitely prove herself to be the most outstanding disciple, win her bet with Yun Hua and make him accept her as his disciple!

The morning passed just like that.

The afternoon was spend doing physical training. Like before, they practised the horse stance, long distance running and so on.

By the end of the day, everyone was exhausted to the point of death, quite a few of the more spoiled girls were whining endlessly.

.....

“Little Luoer, shouldn’t you go to sleep?” This was Bai Li’s third time calling her.

“En, I’ll sleep in a moment.”

Holding the fortune-changing star in her palm, Qi Luoer chanted the voice chants as she unceasingly gestured with her finger.

As if it was trying to anger her, the fortune-changing star wouldn’t budge no matter what.

Holding the fortune-changing star in the palm of her hand, Qi Luoer uttered the voice chant as she unceasingly gestured with her finger...

As if it was trying to anger her, the fortune-changing star wouldn't budge no matter what.

Bai Li's eyes were hazy with sleepiness: "Can we go to sleep now? I'm really tired."

"Go to sleep if you're tired!" Qi Luoer replied without even raising her head.

"Uu, but I'm afraid of sleeping alone..." Bai Li said with a wronged face.

"What's there to be afraid of?! This is the Purple Cloud Clan's territory, there are no spirit monsters or hooligans around, you can sleep in peace."

Being disrupted from her chanting by Bai Li, Qi Luoer couldn't help but glare at her.

"How do you know there aren't any spirit monsters around?" Bai Li asked unhurriedly.

Unable to stand the constant disruptions, Qi Luoer snappily replied: "This is the celestial clan's territory, unless they're looking to die, which spirit would dare to enter? Aside from those that don't want to live!"

Bai Li laid on her side with a faint smile on her face: "White Cloud Mountain's celestial barrier is only able to prevent the little low level spirit monsters, they wouldn't be able to obstruct the true, big spirit monsters."

Qi Luoer stared blankly for a moment, eventually she lifted her head: "Who said that? How would you know?"

Bai Li squinted her eyes and stretched: “Does this even need to be said? White Cloud Mountain is only the Purple Cloud Clan’s outer sect, the disciples here are all trash. They haven’t even entered the clan, why would they put up a strong celestial barrier for?”

“Who said the disciples here were all trash?”

Wasn’t Li Yu the head disciple?

“I heard that all spirit monsters have an evil aura, if any of them tries to enter, they will definitely be discovered.” Qi Luoer was a little unconvinced.

A ray of light flashed within Bai Li’s pupils. She laughed softly: “The more formidable spirit monsters would naturally arouse their attention.

But if they were strong to a certain extent, if they wished to conceal their presence, let’s not mention Li Yu, even the Clan Master of the Purple Cloud Clan may not necessarily be able to discover them.”

The corner of Bai Li’s mouth slanted into a smile as she said this indifferently.

Qi Luoer was startled, giving her a look; “How do you know that?”

Bai Li smiled and blinked her eyes, straightforwardly replying: “I guessed!”

Ah? She guessed?

Qi Luoer felt the corner of her mouth twitch, glaring at Bai Li, she coldly replied: “You’re really good at guessing!”

Qi Luoer felt the corner of her mouth twitch, glaring at Bai Li, she coldly replied: “You’re really good at guessing!”

No longer wanting to continue with the useless talk, she lowered her head and continued struggling with the fortune-changing star.

Without knowing how much time had passed, under her constant urging, the fortune-changing star with her suddenly moved!

Eh, it moved?

Qi Luoer’s heart jumped wildly. Holding her breath with rapt attention, she gently pointed her finger.

The fortune-changing star in her palm suddenly jumped, following her finger, it slowly rose up into the air....

“Ah, I managed to control the fortune-changing star!” Qi Luoer felt like she was going to explode from the joy in her heart.

She focused her complete attention on her finger.

After pointing the left, the fortune-changing star turned to the left and started shaking, pointing to the right, it once again gave her face and turned to the right...

“I finally did it, I finally did it! It turns out that I actually also have this so-called spirit power!

Qi Luoer smiled till her eyes could barely be seen, persisting with her efforts, she continued trying to manipulate the fortune-changing star....

Go left!

Eh, that's not right, why did it turn to the right?

Go right!

Sweat, it's flying to the left now!

Was this little thing purposely trying to make things difficult for her?!

Qi Luoer was furious, she pointed with all her might...

"Go up!"

"....."

"Go down!"

"....."

Qi Luoer was on the verge of tears. She had finally managed to make this little thing move, but why did it like butting heads with her so much?

Qi Luoer's face got blacker and blacker, the dark aura emitting from her got heavier and heavier...

Occasionally lifting her head, she saw Bai Li lying on her side on the couch with a lazy expression on her face.

With an extended finger, Bai Li followed her movements, the fortune-changing star in her palm moved up and down, left and right....

Swoon, so this fortune-changing star wasn't being directed by her, it was actually being directed by that meddling Bai Li!

Qi Luoer clenched her fists so hard that a cracking sound could be heard: "Bai Li! Is your skin feeling itchy again?! I don't mind tying you up into a [rice dumpling](#)!"

Qi Luoer's eyes swept the room at lightning speed, looking for a rope to tie Bai Li up with. This girl was too good at causing trouble!

Bai Li shrank back with a wronged expression on her face: "I, I just wanted to help you out."

"Help my ass!" Qi Luoer was unable to refrain to stop herself from cursing.

Wife is Outrageous 73

73. Can't deal with her, but can't she hide?!

Hating herself for not being able to strangle her to death, she ignored her, turned and went out.

She wasn't able to deal with her, but couldn't she hide from her?!

Bai Li was instantly stunned, her eyes flashed with a mysterious light as she smiled faintly. She had unexpectedly let her leave.

Night, as cool as water.

It was already late at night, the surroundings were pitch black. A crescent moon hung in the sky, and a few stars could be seen twinkling indistinctly.

Not far behind Qi Luoer's dormitory was a dense bamboo forest that extended all the way up the mountain.

The night wind whistled as it blew, causing a rustling sound to ring out from within the bamboo forest.

Qi Luoer was was bold and skilled. Even though the bamboo forest was quite eerie at night, she hiked upwards through it without any fear.

She definitely had to master this 'matter manipulation' by today.

She didn't believe that she wouldn't be able to subdue this little thing.

If the others could do it, she could do it too!

She didn't wish to disturb others but even more than that, she didn't want to get mocked by a certain person.

As she followed the stone path within the bamboo forest, her field of vision suddenly widened as a grassy meadow appeared before her.

Taking a long breath, she sat down.

Looking down from this height, her field of vision was exceptionally wide, the scenery below was plainly visible.

Under the dim light of the moon, Qi Luoer could see the scattered courtyards below, arranged in picturesque disorder.

They were precisely the residences that the new disciples were living in.

After such a busy day of classes, the majority of the disciple should've already entered slumberland, right?

The corner of Qi Luoer's mouth leaked out a bitter smile.

It had already been two days since she arrived in this world.

This past two days felt just like a dream!

A world of celestials!

What's more, she had unexpectedly crossed over to a world of celestials!

Qi Luoer breathed out a sigh, who knew if she would be able to return in this life?

Going missing while on an adventure, wouldn't her parents be worried to death?

Grandfather should be even more worried, his one and only darling granddaughter disappeared just like that, who knew how he would turn heaven and earth over to find her....

To her, the word celestial had originally been like the clouds floating in the sky.

They were existences far above her, something that didn't concern her in the slightest.

...

It turned out that celestials weren't that different from ordinary people, they also knew how to compete and would even pk...

Everyone said that celestials were omnipotent, who knew if she could return to her original world after becoming a celestial?

Wife is Outrageous 74

74. Destined man

Everyone said that celestials were omnipotent, who knew if she could return to her original world after becoming a celestial?

As Qi Luoer gazed down the mountain. Countless thoughts surged in her mind, she didn't know what she was feeling in her heart.

Raising her hands, Qi Luoer was startled.

She had been preoccupied with practising the entire day and hadn't paid any attention to her hands. Now, with an inadvertent glance, she couldn't help but stare blankly.

Her palms were smooth and glossy with a slight flush, the original calluses and bloody blisters had disappeared without a trace!

What happened?

Qi Luoer unbelievably took another glance, the bloody blisters were still gone, her little hands stood out even more.

Could this be caused by cultivating to be a celestial?

"Hehe, who would've thought that celestial cultivation would have a cosmetic effect, this is really unexpected." A happy smile leaked out the corner of Qi Luoer's mouth.

She looked at the fortune-changing star in her palm. Under the dim moonlight, the fortune-changing star shone with a faint blue light.

Taking in a long breath, Qi Luoer silently read the voice chants once through, verifying that there were no mistakes, she resumed practising....

Like before, it was still useless!

Exactly which part was it that had problems?

There was nothing wrong with her hand gestures, her voice chants were chanted without mistake, where was the problem?

Could it be that she was really talentless in spells?

Within her mind unexpectedly emerged that cold indifferent, otherworldly silhouette. She laid down in frustration.

If she couldn't even pass this hurdle, Yun Hua definitely wouldn't accept her, right?

Suddenly remembering the many stories about crossing over that she had read in the modern era, it seemed that the reason that a female lead crossed over was always to meet a male lead that was destined for her.

When she crossed over, the first man she had seen was him. (In her eyes, that little thieving brat naturally couldn't be counted as a man.) Could it be that he was her other half?

Qi Luoer suddenly felt her little face heat up, the corner of her mouth leaked out a bitter smile.

Yun Hua was a celestial that was far above her, for her to want to be like a celestial was a little unrealistic.

Lying on the tender grass, Qi Luoer felt like she was lying on a soft, dark green blanket, it was so comfortable she didn't want to get up.

Folding her hands under her head, she closed her eyes and enjoyed the caress of the night breeze.

Encircled by a faint grassy smell, she emptied her mind.

The 'matter manipulation' chant involuntarily floated up into her mind, the hand gestures transformed unceasingly following the chant.

Wife is Outrageous 75

75. That was a lazy fellow

The 'matter manipulation' chant involuntarily floated up into her mind, the hand gestures transformed unceasingly following the chant.

Suddenly feeling a faint itch from her palm, the fortune-changing star slowly rose up in the air, whirling incessantly....

Ah, it succeeded?!

No one's playing tricks on her this time right?

Qi Luoer opened her eyes wide and checked her sides.

Bamboo shadows danced, the night wind blew, her surroundings were silent, not a single person's shadow could be seen.

Still not feeling reassured, she experimented a few more times.

The fortune-changing star flew up everytime.

Even though the flight was unstable, it was indeed flying under her control!

Without that sticky candy Bai Li's meddling, she had indeed succeeded!

Qi Luoer was so excited she spun on the spot, the fortune-changing star followed her and also spun.

Conducting a few tests in succession, she succeeded every time.

Following the repeated experiments, her commands became even more precise.

After practising for a while, she took out her handphone and took a look, it was already two in the morning.

Would Bai Li have gone to sleep after she left?

That fellow was already so afraid of sleeping alone, now that she was alone in the dormitory, she was most likely too scared to sleep, right?

Having mastered matter manipulation, Qi Luoer was in a much better mood.

She started putting herself in Bai Li's shoes.

She never expected that she had the potential to be a busybody, even after being being frequently angered by Bai Li, but for some reason she was worried about her.

Seeing the color of the sky, she hurriedly descended from the mountain.

Running back the entire way, she finally arrived back at her dormitory.

Worried that she might disturb Bai Li's sleep, she breathed in and softly pushed the door open.

At a glance, one could see that the two beds within the room were still neatly made, not a single person could be seen.....

Qi Luoer stared blankly, her heart pounded!

Where could Bai Li have gone at this time?

Even though she had only known Bai Li for less two days, Qi Luoer completely understood her character, this fellow was extremely lazy! She definitely wouldn't have gone out to practise alone like her, where could she have gone?

"Bai Li, Bai Li...."

Looking around the vicinity, Qi Luoer even went to the latrines to have a look.

Because she was afraid of alarming the others, she didn't dare call out loudly.

Wife is Outrageous 76

Looking around the vicinity, Qi Luoer even went to the latrines to have a look. Because she was afraid of alarming the others, she didn't dare call out loudly. There was no sign of Bai Li in the surroundings, causing her to feel extremely worried.

This girl really didn't let one have any peace of mind!

It was already so late at night, where could she have gone?

Could it be....

She suddenly felt a bad premonition in her heart: "Don't tell me that she was so afraid of being alone that she went to look for me?!"

Bai Li's miserable eyes seemed to appear before her, causing her heart to sink.

Damn it! This White Cloud Mountain was so big, where could she have gone to find her?

She felt some regret in her heart, if she had known this would happen, she wouldn't have left Bai Li by herself and went to practise!

Could she have secretly followed her up the mountain?

Who knew if there were any wild animals in the mountain, if a frail and timid little girl like her met any wild animals...

Unable to keep her cool, Qi Luoer turned and started running up the mountain.

The mountain wind blew, causing whooshing sounds to emit from the bamboo forest. Even though it was summer, the wind at night still brought with it a slight chill.

As she climbed upwards, Qi Luoer constantly called out softly.

But the forest was quiet, basically no traces of Bai Li could be found.

Having already travelled this route, she could naturally do it again with ease. Without much effort, she had returned to the meadow.

Within the meadow, not a single person's shadow could be seen.

Not giving up, she walked along the meadow.

The ground under her foot suddenly sank. As if she had stepped into a void, she subconsciously jumped up.

The scene before her eyes suddenly changed!

Where there had just been soft, dark green grass, a lake suddenly appeared.

There were dense blue ripples, and mist hung in the air.

With a shock, Qi Luoer discovered that more than half of her body was submerged in the lake!

What's more, the lake water was freezing cold, it seemed as if the cold could enter a person's bones.

As the freezing lake water enveloped her body from head to toe, Qi Luoer couldn't help but shiver.

Just a moment ago as she entered the water, she had felt an immense force coming from beneath her, forcibly dragging her downwards.

Extending out her hands and feet, she tried to swim upwards. However, that attractive force was too great, it felt as if it were an invisible rope that had firmly bound her hands and feet.

She looked downwards with great difficulty. Within the whirlpool there were definitely no fish demons or wild beasts.

She looked downwards with great difficulty.

Within the whirlpool, there were definitely no fish demons or wild beasts.

Where did this immense force come from?

She held her breath as she struggled frantically

The more she struggled, the faster she sank, it seemed as if she was just about to be dragged into the whirlpool.

Her heart sank: “Who would’ve thought that I would drown to death here!”

“Splash!”

The sound of water could be heard, immediately following that, she felt something constricting her waist, as if it had been bound by something.

She was shocked.

Before she had any time to react, her body was dragged upwards at a great speed by that thing .

“Splosh!”

With a loud splash, she flew out of the water as if she was a big fish that had been caught by a fisherman.

Cutting an arc in the sky, she landed on the grassy shore with a crash!

Fortunately she knew martial arts, with great effort she managed to adjust her body as she was falling.

Narrowly escaping the disastrous outcome of landing on her head.

Instead, she landed in an ass up goose style!

(TL note: Basically she landed in an upside down OTZ position with her hands and legs in the air) As she regained awareness of her situation, a sharp knifelike pain shot up her nerves to her brain.

The sensation spread to pain receptors all over her body...

“God, my butt!”

Jumping up from the ground, her hands subconsciously covered the source of her pain.

Her tears nearly rushed out. Through her fuzzy vision, she saw a white-clothed woman standing opposite her.

Female ghost? Celestial?

Shaking her head, her vision finally refocused——

Bai Li?!

Standing on the opposite side was the Bai Li that Qi Luoer had been searching all over for!

She stood there charmingly, her posture relaxed and languid.

She held a white ribbon in her hand and the other end was coiled around Qi Luoer’s waist...

“Little Luoer, why did you try to commit suicide? Are you depressed about something?”

One could tell from Bai Li’s eyes that she seemed to have predicted something Swoon! Who was trying to commit suicide?

If she hadn’t been trying to look for her, how would she have mysteriously been swallowed up by this lake that appeared out of nowhere?

The main cause of the disaster was this great beauty before her eyes!

“Isn’t it all because I was trying to look for you?! Bai Li, where were you just now? Making me look for you! Who knows where this rotten lake suddenly appeared from, causing me to fall in...

“Isn’t it all because I was trying to look for you?! Bai Li, where were you just now? Making me look for you! Who knows where this rotten lake suddenly appeared from, causing me to fall in...”

Qi Luoer replied resentfully.

Giving Bai Li another glance and seeing that she was perfectly fine, the worry in her heart finally disappeared.

She breathed a sigh of relief.

Inadvertently lowering her head, she just so happened to see the ribbon around her waist.

Her heart moved, she suddenly lifted her head: “Bai Li, you’re the one who saved me?!”

Bai Li smiled widely: “It’s just as you see. Little Luoer, this time, you owe me once again for saving your life...”

Qi Luoer blanked.

She looked at the ribbon, then looked at Bai Li, who was smiling carefreely again. Her eyes opened wide with surprise: “Bai Li, you know martial arts?”

Hadn’t she always been weak?

How did she have such great arm strength?

Bai Li nodded her head, an ‘of course’ expression could be seen on her face: “Of course I do, you only found out now?”

Qi Luoer was furious, so this fellow had always been disguising herself as a pig to eat a tiger!

She had thought that Bai Li didn't know anything and repeatedly protected her, it turned out that she had been putting on a play all along!

With a humph: "If you knew martial arts why did you pretend that you were weak? Was it your intention to make a fool out of me?"

Bai Li delicately pointed her finger: "When did I say I didn't know any martial arts? Little Luoer was willing to be the beauty that rescued the hero, I was just matching your actions, now you're even blaming me, I feel extremely hurt..."

With an extremely grieved expression on her face, it seemed as if she was deeply hurt.

Qi Luoer shuddered viciously.

This Bai Li really seemed to find being corny amusing. She really didn't want to talk to her anymore, lest she be angered to death!

Glaring at her once more, she turned and walked away.

Only after taking two steps did she realise that the surrounding scenery was completely foreign to her.

On the shore of the lake there was a clump of extremely tall trees.

She didn't know what this species of tree this was, the branches and leaves grew extremely densely and appeared to be a strange extremely bright silver.

The tree bore a vermillion coloured fruit that was partially hidden within the leaves.

Under the hazy moonlight, it shone with an alluring luster.

Qi Luoer's eyebrows wrinkled slightly. In her whole life, the number of types of trees she had seen was more than the types of grains she had eaten.

But she had never before seen such a strange species.

Wife is Outrageous 79

79. It's so late at night, why did you try and look for me?

Looking at Bai Li that had followed behind her: "Where is this? How did you end up here?"

Bai Li ran her fingers through her hair, the action was ever so casual. She smilingly replied: "After Little Luoer abandoned me and left, I didn't feel at ease, so naturally I chased after you.

But you ran too fast, in the blink of an eye you had already disappeared.

I searched and searched, without knowing how, I found this place.

After that, I saw Little Luoer being depressed and about to commit suicide..."

"Isn't it all because I was looking for you? It's already so late at night, why did you try and look for me? Couldn't you have gone to sleep yourself?"

Qi Luoer was extremely annoyed.

Little Luoer, so the reason you were trying to commit suicide was because you were so worried about being unable to find me, uu, you're so good to me... Little Luoer, I keep liking you more and more."

Bai Li's brows bent, and smiled more vividly than the lake's water.

A tinge of pink floated up onto her pretty cheek. However, no matter how one looked, her eyes that had curved into crescent moons did not display any shyness.

"Good my ass! Only a fool would be good to you!"

Goosebumps appeared all over Qi Luoer's body. Geez, would it kill her to not speak so ambiguously?

Pervert! This girl was absolutely a pervert!

Clenching her fists, Qi Luoer breathed in deeply, she had to remain calm, no matter what she had to remain calm!

Mysteriously crossing over to another world was already tragic.

If she developed a heart disease from this lesbian, then that would be 'tableware'...

(TL: This is a pun, the words used for tragic in that sentence also could be cupware.) A vermillion fruit was suddenly handed to her: "Little Luoer, don't be angry anymore, here, eat a fruit."

Qi Luoer glanced at the fruit.

The fruit resembled both an apple and a pear, it's outline was similar to that of a person's. On it's 'head' was a little pink flower, it looked extremely cute.

It was precisely the fruit that grew on that strange big tree.

She lifted her head and looked up, she could distantly see that there were still several dozen fruits on the big tree.

The fruits swayed gently in the breeze, like little people playing on a swing.

After rushing about for an entire night, Qi Luoer had started to feel a bit hungry. She received the fruit and opened her mouth to take a bite.

Suddenly, she thought back to the wilderness survival course she had attended in the army.

Regarding the plants in the wilderness, the brighter their colours were, the more toxic they were.

She had never seen or heard of this type of fruit before, what if it was toxic?

Wife is Outrageous 80

She had never seen or heard of this type of fruit before, what if it was toxic?

They were so deep in the mountains, there were no doctors around!

She gave Bai Li a look: "Do you recognize this fruit?"

Bai Li laughed as if it was extremely harmless. In an environmentally friendly way, she directly shook her head: "Don't recognize!"

Swoon! So this fellow was letting her eat first as a test!

She knew that Bai Li wouldn't be so kind!

Qi Luoer raised her arm and tossed the fruit back: "I don't want to eat this, you should enjoy it yourself."

Receiving the fruit, Bai Li gasped: "Ai, this fruit looks just like the vermillion fruit from the legends, I heard that when eaten by ordinary people, it can increase their strength by sixty years worth of power, Little Luoer, are you really not going to eat it?"

Black lines slid down Qi Luoer's face: "Looks just like? What if it isn't? What if this fruit isn't the vermillion fruit but a poisonous fruit?"

Bai Li puffed her chest out: "Is it poisonous? Then let me try it first! For Little Luoer, I'm willing to risk my life!"

With a crunch, she bit into the fruit in her hands!

Qi Luoer hadn't expected her to really eat it without any hesitation, it gave her a huge fright.

Without thinking, she extended her hand and hit the fruit out of Bai Li's hand: "Idiot! Why did you really eat it? What if it's poisonous?"

A look of astonishment flashed across Bai Li's face.

Following that a smile blossomed on her face, she softly replied: "Little Luoer indeed loves me dearly, I'm touched to death. But for little Luoer, even if I was poisoned to death I would still die happily....."

After associating with her for two days, Qi Luoer was already used to her ambiguous and scary way of speaking.

Taking a look at her complexion, Bai Li's skin was still pink and tender, there seemed to be no indications of being poisoned.

Qi Luoer felt slightly reassured, it seemed like this fruit wasn't poisonous and could be eaten.

Raising her head, she looked at that bizarre large tree, wanting to pick a few.

The sound of something being crushed resounded through the quiet night.

Bang! Bang! Bang! bang!

It sounded like a woodpecker pecking at a tree.

What's that?

Looking toward the source of the noise, Qi Luoer was immediately stunned!

The fruit that had previously been hit to the ground looked as if it was being pushed.

Following the 'bang, bang' sound, the flesh of the fruit rapidly disappeared...

The strange thing was that nothing could be seen.

Following the 'bang, bang' sound, the flesh of the fruit rapidly disappeared...

The strange thing was that nothing could be seen.

Bai Li cried out in alarm: "Ghost!"

She hid behind Qi Luoer.

Black lines appeared on Qi Luoer's face.

This girl, she clearly practised martial arts, yet she still wanted to act!

However, at this moment she couldn't address Bai Li's 'false identity'.

Her complete attention had been attracted by that sound.

The fruit had already been nibbled on till nearly nothing was left, it seemed as if something had eaten it very happily.

Clenching her teeth, Qi Luoer extended her hand to pick the fruit up.

Instead, she was pecked twice by something, leaving two red marks on the back of her hand.

One on the left, one on the right, they were completely symmetrical.

Swoon, what was this?

Qi Luoer's curiosity won over any fear that she had.

Almost mischievously, she grabbed the fruit that only had a bit of pulp left over.

With this grasp, she surprisingly felt two smooth things hanging on the pit!

That texture was unexpectedly quite similar to that of an egg!

She blanked for a while, and her hands suddenly went limp.

The sound of something rustling sounded as the fruit pit that only had a bit of pulp left over fell on the floor, and the shadow disappeared.

Feeling the pit again, she was unable to feel the two slippery round things anymore.

Qi Luoer was dumbfounded, she didn't know where to look.

What exactly was that thing? It actually knew how to turn itself invisible?!

Behind her, a glimmer flashed past Bai Li's eyes.

She suddenly moved, her posture incomparably graceful as she directly flew up that strange big tree.

She extended her hand and picked a fruit. Just after she picked the fruit, as if she had been scalded by something, Bai Li suddenly cried out in fear, and fell straight down!

Qi Luoer got a fright.

Fortunately she was quite close by, with a flash, she received Bai Li in her embrace.

Out of the corner of her eye, she saw a dark green shadow pouncing downwards!

Python!

It was actually a python!

Its body was thick as a bucket with a large wart on its head. Its two strange eyes flashed with a cold light as it opened its mouth wide, as though it wanted to swallow Qi Luoer and company whole!

Qi Luoer had no time to think. Carrying Bai Li, she rapidly dodged, causing the python to hit nothing but air.

Its body was thick as a bucket with a large wart on its head. Its two strange eyes flashed with a cold light as it opened its mouth wide, as though it wanted to swallow Qi Luoer and company whole!

Qi Luoer had no time to think.

Carrying Bai Li, she rapidly dodged, causing the python to hit nothing but air.

Qi Louer's heart thumped wildly.

She had never seen such a thick python before.

Heaven's it couldn't have ascended to become a celestial, right?!

She felt all over her body, but didn't feel anything that could possibly be used as a weapon.

Heavens, they all say to hit the snake where it's most vulnerable.

But how could she hit it without a weapon?

She can't just charge in barehandedly, right?!

That python threw pounced in the air in a rage as its very red tongue slithered in and out. It's tail directly came sweeping over!

Qi Louer leapt, directly flying to the very top of that huge tree, reaching out a hand to grab onto a branch, and shook in midair like a swing.

Temporarily safe for now, Qi Louer let out a slight breath of relief.

Suddenly, she heard Bai Li's shout from below the tree: "Aiyo, not good! Little Louer, save me!"

It was a voice full of terror, and was shocking to the ear.

Qi Louer was throw into disorder by her. Even though she knew that Bai Li knew martial arts, she didn't know the depths of her power.

And since she knew that Bai Li was gutless, she really might've been frightened by the python.

As she quickly looked down, she only saw Bai Li running and leaping, being chased by that green python, like rain hitting flowers.

At every instant, she somehow avoided the green python's life threatening attack...

As expected, she's still playing with me!

Just as Qi Louer climbed up that branch, she sat on the fork of the tree and watched Bai Li 'bounce'.

Didn't she want to play?

Then she'll watch how long she'll play for!

She watched the green silhouette struggle in a stalemate with the white silhouette. Qi Louer stood up on the branch, engrossed in watching the bustle.

"Aiyo, not good!"

Bai Li cried yet again.

Following this surprised cry, that green python opened its huge mouth as a silver colored thread sprayed out.

Bai Li seemed to not evade it in time and was hit directly by the silver thread as she yelled in surprise, falling to the floor!

All of this happened too fast, so fast, that no one could react in time.

She saw that enormous python open its huge mouth. It was as if Bai Li was being dragged in by something invisible as she 'flew' into the enormous python's mouth.

She saw that python open its huge mouth. It was as if Bai Li was being dragged in by something invisible as she ‘flew’ into the enormous python’s mouth.

Qi Louer was shocked.

Under her great urgency, she broke off the thick branch in her hands!

And flew down.

The thick branch in her hands danced like a tornado, directly advancing for the python’s mouth!

“Thump!”

That python was preoccupied with sucking in Bai Li, so it didn’t have time to evade. Qi Louer’s branch was directly inserted into its enormous mouth.

Blood splattered everywhere as the python’s tail flailed about in pain, swinging squarely at Qi Louer!

Qi Louer had already anticipated this move. She lifted the tree branch up as she jumped, and the green python’s huge tail swept under her feet.

Even though this move severely injured this python, it increasingly aroused its violent nature, as it continued to spray out poisonous mist.

Its huge body wriggled and swept, creating a gust of wind, cause bits of grass and dirt on the meadow to fly about...

Qi Louer had no time to deal with that, she had to guard against its poisonous mist, pay attention to its attacks, and also worry about Bai Li’s safety.

When Bai Li had fallen, she still continued to be silent, it was not known whether she was alive or not.

Qi Louer wanted to dash over to have a look, yet couldn't leave from this python's attacks....

She was anxious and burning with rage, she didn't have a single strategy at all!

She seriously didn't know how to solve this, and then she heard a delicate voice come over: "Eh, this girl isn't that simple, she could actually snap off the branches of the Cloud Fruit Tree."

The sound was tender and lovely, as though it came from a small girl.

"Mn, it's really weird. Wasn't it said that even Purple Cloud Clan's Instructors couldn't even do that? How could this girl do that? Look, her spiritual power isn't even high!"

Another voice sounded, this one somewhat deeper, as if it came from a boy.

Once these two children's voices suddenly came, Qi Louer was shocked, and quickly looked all around, but didn't see a single shadow.

Was she being haunted?!

This distraction wasn't that serious, but she narrowly avoided a head on collision with the python's sweeping tail.

With a whoosh, the python's enormous tail swept at the big tree, causing that huge tree to shake incessantly.

Qi Louer broke out in cold sweat. If she had been hit by that sweep, even if she didn't die, her bones and muscles would definitely break!

Wife is Outrageous 85

Qi Louer broke out in cold sweat. If she had been hit by that sweep, even if she didn't die, her bones and muscles would definitely break!

"Hey hey, don't randomly look around for us, you can't see us. Hurry up and stab its wart with the Cloud Fruit branch!"

That boy's voice sounded once again with an experienced tone of voice.

Qi Louer didn't bother to think anymore, and lifted the branch in her hand to attack its wart.

Even though that python's body was big and robust, its movements were actually exceptionally nimble.

It tightly protected the wart on its head. Qi Louer continued to attack, yet they were all evaded...

Qi Louer was as impatient as fire, she knew that if she didn't take care of this python, she couldn't go see if Bai Li was safe.

And Bai Li was within the poison mist. The longer she took, the hope of her surviving would diminish.

She had continually been on the move this entire night, and was already utterly exhausted.

But now, she could only clench her teeth and endure, as sweat drenched her clothes.

It was as if her entire person had been fished out of the water, she was nearly steaming...

The Bai Li lying on the ground was pale, as she secretly cracked opened her

eyes.

When she saw Qi Louer's conditions, a hint of a guilty yet conflicting light flashed through her eyes...

She slightly twitched her finger, launching an streak of invisible aura at the python!

Qi Louer was currently fighting as if her life depended on it, and suddenly felt the surroundings grow cold.

It was as though an invisible anger permeated the environment as all the hairs on her body stood erect!

Was another huge vicious beast nearby, lying in wait?

Qi Louer was shocked, if another monster came, then really couldn't take it!

That python slightly trembled and its movements slightly slowed by a bit.

Qi Louer was best at seizing opportunities, and rapidly find the enemy's opening.

She reacted nearly instantly, as she thrust the tree branch at the python, bringing along the sharp sound of the wind.

It was as if that python was bound in place by an invisible thing. It wanted to evade, yet its movements had slowed by more than half.

"Thud!"

Red mist splashed everywhere as Qi Louer's branch was deeply stabbed into the wart above its head!

The green python's huge body twitched, then fell down with a bang.

Qi Louer didn't bother to check to see if it was dead as she ran over to Bai Li's front.

Bai Li's complexion was light purple and a single stream of blood was at the corner of her mouth as she motionlessly land there.

Qi Louer knew that this snake's venom would be extremely overbearing. Her heart thumped wildly, fearing that she would accidentally fumble.

Test her breathing first...

Not breathing!

Then felt her pulse, her pulse had also stopped!

Died?! No way!

How can this sort of bad person die?

Qi Louer's tears nearly began to flow.

She had learned first aid treatment in the special forces.

Regardless of the consequences, she had to first lay her down flat. Then, she untied her clothing, and half her towering snow white breasts were exposed...

She couldn't find any gauze in this place, so Qi Louer could only rip a piece of Bai Li's clothing. She placed it at Bai Li's mouth, and helped her do artificial respiration...

She continued to do this twenty or thirty times until Bai Li's chest finally began to slightly move up and down as she gradually regained her breath.

However, her face was still purple, she resembled a swollen eggplant.

Qi Louer knew that if she didn't cure this venom, Bai Li was still in danger.

Even though, her knapsack had some medicine, she didn't bring it up the mountain.

Since that's the case, she could only quickly go down the mountain!

She gritted her teeth. Just as she was about to carry Bai Li on her back, she suddenly heard a voice state: “Hey, if you don’t cure the snake venom, she’ll die.”

This voice was that boy’ voice. It was only a voice, for there was no one in sight.

“Yeah, yeah, you have to cure the snake venom.”

That girl’s voice parroted.

Qi Louer no longer cared where these voices came from. She asked: “I didn’t bring any medicine to cure snake venom, how do I cure it?”

“Cloud Fruit is exactly the bane of this Tourmaline Serpent, try to feed her a Cloud Fruit.”

That little girl’s voice said.

Qi Louer was delightfully stunned.

She quickly flew, hopping up that big tree, and casually picked off a few vermilion colored Cloud Fruits.

Scared that Bai Li couldn’t swallow well when unconscious, she chewed the Cloud Fruit into little pieces and stuffed it into Bai Li’s mouth.

Fortunately, Bai Li was not completely unconscious and knew how to swallow.

And that Cloud Fruit was especially juicy, its pulp was especially smooth and soft. Not long after, an entire Cloud Fruit had already been pushed in.

This Cloud Fruit was indeed the bane of the snake venom, the purple on Bai Li’s charming face slowly vanished...

Qi Louer slightly let out a breath of relief. She had finally snatched back Bai Li’s little life!

Wife is Outrageous 87

Qi Louer slightly let out a breath of relief. She had finally snatched back Bai Li's little life!

Afraid that Bai Li had not regained consciousness due to any remaining poison, she bit into another one, intending to feed it to her.

That boy's voice suddenly sounded: "Alright, alright! Just one is enough! Cloud Fruits are stuff that're difficult to encounter even once in a thousand years, you can't just waste it!"

The voice was filled with pain, as if this tree was his family or something.

Qi Louer didn't know where this little god was from, so she didn't feel like paying any attention to him at all.

She had fought for more than half a day, was thirsty, hungry, and exhausted. As she sat there, she herself also ate one.

This Cloud Fruit's flavor was extremely sweet. Once Qi Louer ate one, she felt as though her entire body was soaking inside a clear spring as all her exhaustion disappeared without a trace.

A warm aura feeling seemed to wander within her chest, and wherever this aura went, it was as though her body was being created anew. This was exceptionally invigorating.

Eh, it truly was some good stuff!

Qi Louer lowered the one she had not finished onto the ground and hopped up the tree with the intention of picking a few more.

The boy's voice from underneath the tree sounded once again.

This time, the voice was somewhat flustered: “Hey hey, stop picking! These Cloud Fruits only blossom once every three hundred years, bears fruit once every three hundred years. If an ordinary person were to eat one, they could increase their power by a hundred years of effort, it’s exceptionally precious...”

Qi Louer was stunned, then she laughed: “Since this fruit is so precious, since I’ve encountered it, I ought to pick a few more as provisions...”

“You can’t do that! Cloud Fruits don’t last long, after you pick it, it would change color after two hours, change taste after four, and after six hours, it would stink so bad that you can’t eat it.”

The boy’s voice chattered on.

Qi Louer stared blankly with black lines on her forehead!

Why is this Cloud Fruit even more fragile than lychee? If that were the case, she can’t pluck more, picking more would be a waste...

She casually picked two, then hopped back down.

That boy’s voice sounded like a cat whose tail had been stepped on as he shrieked: “Didn’t I say you can’t pick too much? Stupid woman, you still picked more?!”

Qi Louer snorted: “I’m hungry, I just wanted to two more, can’t I?!”

“Can’t, can’t! Absolutely cannot! You think this Cloud Fruit is some kind of cabbage that you randomly planted? Something that you can eat until full!?”

This thing took six hundred years to bear thirty two of them, it can’t just be wasted by you!

Besides, you can only eat this once a day. Eating it more than once a day would have no effects, it would just be squandered...”

That boy voice sounded like an old perfectionist as he thoroughly explained this fruit’s characteristics.

Qi Louer looked to the right, yet still didn’t see where the owner of the voice was.

Her heart stirred: “Who exactly are you guys? Come out and talk to me!”

Once she said that, everywhere around here became silent.

“Hey, come out! Let me see what kind of spirit or god you are.”

“...” It was still silent, without any movements.

Can’t be ghosts, right? Qi Louer only felt that there was something fishy.

She originally didn’t believe in ghost stories, but this was a xianxia world. There were celestials, devils, so it naturally would have ghosts.

Qi Louer raised her head and carefully swept over her surroundings, yet still didn’t see half of anyone’s shadow.

She unintentionally looked at the Cloud Fruit Tree again, and inspiration struck: “Hey, if you guys don’t come out again, I’ll pluck all the Cloud Fruits off this tree to play ball...”

Before her last words had finished, she heard a thin sigh. Following right after, the girl's voice shouted out: "No, please don't, we'll come out..."

"As expected of a disreputable woman, I'll do it!" That boy's voice was somewhat flustered.

After the slight flapping of wings, two round lights came from empty space, flying over to Qi Louer.

Qi Louer stared, her mouth suddenly agape as she went speechless.

Egg! What flew over, were two eggs! Two golden yellow eggs!

Each one was as big as a duck's egg, and on each were a pair of small wings as they crookedly flew to Qi Louer's front.

"Woman, we're coming out! Don't pick any more Cloud Fruits!"

The slightly bigger egg of the two said as it hopped on the ground.

Its voice was actually that boy's voice.

Qi Louer's mouth was hung open so large that a duck's egg could almost fit right in.

As expected, this world did not have something that was most abnormal, it only had things that were even more abnormal!

Even eggs could talk, and they even had an additional pair of wings!

She wondered whether the egg yolk would come out if she broke them open...

Qi Luoer was a bit puzzled as she pondered.

“Wuu...”

Bai Li who had always been sprawled on the ground suddenly groaned, and opened her eyes.

After seeing her awaken, Qi Luoer let out a breath of relief and temporarily ignored the two eggs as she supported Bai Li up: “How are you?”

Bai Li blinked misty eyes at her: “Little Luoer, were you the one who saved me? I just knew that you’re so good to me, I’m liking you more and more...”

Brr!

This fellow was so sappy as soon as she woke up!

Qi Luoer’s entire body trembled with goosebumps: “How are you? Feeling any better?”

Bai Li slowly sat up and laughed as she looked at Qi Luoer: “I was about to die, but once I felt Little Luoer’s kiss, I suddenly revived.”

囧！

Black lines hung down on Qi Luoer’s head. That was artificial respiration, alright? Who kissed her?

Her own sexual orientation was normal, she talked as if she was a ‘lesbian’!

Eh, wait a minute!

When I was giving her artificial respiration, I didn't even feel a pulse when she was unconscious, how did she know I 'kissed' her?

Could it be that this girl's not the same as normal people? To actually be conscious in that kind of condition?

When she glanced at Bai Li again, she saw that her face had already recovered its complexion. Her cheeks were delicate and soft, making one itch to take a bit.

She recovers quite fast!

Don't know if that's because of the godly effect of the fruit or something special about her body?

She muttered to herself. Suddenly, the ground below her shook, and the surrounding atmosphere had a trace of an odd sound...

What happened? Did another monster appear?

Qi Luoer casually placed the three fruits in her sleeves and softly cried: "Careful!" She waited with rapt attention.

Bai Li's face suddenly paled, her soft body timidly leaned on Qi Luoer's body: "Little Luoer, I still feel a bit weak, wuu..."

Qi Luoer was stunned. Could it be that the remaining poison had not been purged?

Before this thought had finished passing through her mind, the space around her began to warp.

Bang! The ground resounded, and the surrounding scenery suddenly changed.

Qi Luoer was stunned. Could it be that the remaining poison had not been purged?

Before this thought had finished passing through her mind, the space around her began to warp.

Bang! The ground resounded, and the surrounding scenery suddenly changed.

The lake and Cloud Fruit Tree disappeared without a trace, in front of her eyes was the original grassland.

On the grass, stood three people.

Qi Luoer's heart skipped a beat, she knew all three of them.

One of them was Yun Zhongyue, the other was Li Yu and even the sect Elder Hao Yunzhong was there!

Qi Luoer was startled, why would the three of them be here?

When Hao Yunzhong saw Qi Luoer and Bai Li, he faintly breathed a sigh of relief And then angrily scolded, "What happened to the two of you? Not sleeping in the middle of the night but running all the way to this mountain? And what's with this evil energy?!?"

Li Yu's soft voice could be heard, "Just now, demonic energy rushed out of this place, alarming Elder Hao.

Then we found out that you two were missing. Afraid that you two had gotten into an accident, we searched for you until we reached this place and discovered that there was actually barrier here. Just what exactly is in this barrier? Have any of you suffered any injuries?"

Qi Luoer smiled bitterly.

Just as she was about to tell them the whole truth, a voice beside her ear said, “Do not tell them anything about the Cloud Fruit!”

Qi Luoer paused, the voiced had belonged to the “boy”.

As of now, those two eggs were nowhere to be seen.

She did not know where they had hidden.

Her heart lurched, and then she told them about her sneaking out to practice.

She talked about the green serpent, about the lake, only leaving out the incident of the Cloud Fruit Tree.

In order to prove Qi Luoer’s words, Bai Li even took out a bright green pearl with a faint fishy smell. “Look, this is the Tourmaline Serpent’s inner core...”

Qi Luoer was stunned, since when did Bai Li obtain the Green Serpent’s inner core? Why didn’t she see it...

Hao Yunzhong’s eyes shined and he took the pearl, “Tourmaline Serpent’s inner core! You actually encountered a Tourmaline Serpent?”

Li Yu eyes widened, “This disciple heard that Tourmaline Serpents like to associate with treasure....”

Turning to Qi Luoer, he asked, “Luoer, have you discovered any treasure?”

Qi Luoer glanced at Bai Li.

Bai Li remained calm and shook her head without batting an eyelid.

Wife is Outrageous 91

Bai Li shook her head, her face completely calm: “We accidentally went in, and as soon as we went in, it attacked us. Fortunately, Little Luoer’s martial arts is outstanding, and she killed it. Elders had just appeared right after I obtained this pearl, and the surroundings have also changed...”

Hao Yunzhong took a quick flabbergasted look at Qi Luoer: “This Tourmaline Serpent is king of all serpents, and not even ordinary disciples would go near it. How did Miss Qi kill it?”

There was a distinct doubtfulness in his tone.

Qi Luoer slightly raised her brows as she said faintly: “I was just lucky. It turned out that the branch I stabbed it with hit its weak spot, or else it how could I have done anything to it with its armored skin and iron bones?”

Bai Li giggled: “Good thing she killed that huge guy, or else what everyone would find are not our persons, but corpses...”

I heard that White Cloud Mountain always has a strict defense, how did such a huge demonic monster appear? Phew, scared me to death!”

These words contained a faint mocking tone, and Yun Zhongyue’s face slightly heated up. White Cloud Mountain’s defense had always been arranged by him, and such a careless mistake had happened, which also made him anxious.

Luckily, it was in the middle of the night where others couldn’t tell if his face was red or not.

Li Yu laughed slightly: “White Cloud Mountain is so vast, and this Tourmaline Serpent was also inside a barrier as it secretly came in. It’s not unpardonable if no one had sensed it.

The demonic energy was probably released by this snake. Good, good thing that it didn't cause too great of a damage. Miss Qi and Miss Bai being helped by the heavens can also be considered a fortunate occurrence. All right, it is already quite late, you two should go have a rest."

A crisis had finally passed by.

Hao Yunzhong and company sent clouds to deliver Bai Li and company back to the dormitories, warned them a few more times, and then left.

Qi Luoer had wasted an entire night. She was utterly tired. Once Hao Yunzhong and company left, she had already thrown herself on her bed.

Phew, so tired!

She rolled over— —

And suddenly leap up!

What the hell is this, pained her to death!

At the same time, two surprised voices sounded from below her body.

"Crushed me to death!"

"Stinkin' woman, why did you lie forward?"

One voice was coarse, and the other was shrill, it was exactly that boy and girl's voice!

Wife is Outrageous 92

One voice was coarse, and the other was shrill, it was exactly that boy and girl's voice!

Something moved inside her front pieces of her robe and then two golden eggs with wings came out.

Black lines covered Qi Luoer's entire face.

No wonder she couldn't find those two eggs, so they were hiding in her chest!

She grabbed onto one, and said maliciously: "Who told you guys to follow me? Hmph, to dare hide in my chest, I'm going to boil you into my midnight snack!"

That egg's little wings did its best to flap: "Stinkin' woman, let me go. Who the hell wants to follow you, you're the one who stole our two Cloud Fruits..."

That was the little boy's voice.

"Qi Luoer said coldly: "What do you mean your Cloud Fruit? They don't belong to anyone, alright?"

Besides, that tree had many more, why did you target these two?

Hmph, I've wasted an entire night and I'm hungry! Tell me, should I make you into a poached egg or a fried egg?

Just plain old boiling is good too."

Qi Luoer looked suspiciously at the egg in her hands with some curiosity.

She wondered if this egg would have egg white and egg yolk once she broke it open...

Seeing Qi Luoer's calculated gaze, the two eggs started trembling.

The boy's voice sounded: "What poached egg, what fried egg?! We're not stupid eggs!"

The other egg's voice also timidly leapt: "Please don't hurt my husband, how about we let you be the master?"

Husband?!

Qi Luoer had almost been struck by lightning!

She never expected that those two eggs were actually husband and wife!

Look at this scene, it's quite affectionate...

"No!"

The slightly larger egg called out: "Wife, we are worldly spirit treasures, how could we just recognize a master at random? Moreover, it's even such a inferior... I'll never recognize her!"

These eggs that could only fly were actually worldly spirit treasures?

Qi Luoer opened her eyes wide, continuously sizing up those two eggs.

The two eggs were somewhat scared about her stare as they both leapt backwards.

"Come, be obedient. Tell me, what are your names? I never heard that eggs were also spirit treasures."

Qi Luoer chuckled.

"Come, be obedient. Tell me, what are your names? I never heard that eggs were also spirit treasures."

Qi Luoer chuckled.

"We're not some eggs! We are the Husband and Wife Stem. We're worldly divine treasures..."

The egg with the girl voice hopped on the ground, as if offended.

"Husband and Wife Stem? Never heard of it!"

Qi Luoer shook her head: "You guys claim to be divine treasures, got proof?"

"Divine treasures are divine treasures, what proof do you need?!"

The boy egg's body rocked back and forth, as though it was rather indignant.

"Since you guys are divine treasures, you guys should have great abilities right? Why can't I see the least bit of ability from you guys? Aside from being able to become invisible and get eaten."

"That's because we haven't transformed! Once we transform, we'll have great abilities!"

The girl egg retorted in a small voice.

Transform?

Qi Luoer looked at the exterior of their eggs: "Don't tell me you guys will really hatch out into little chicks?!"

The boy egg snorted: "We're not going to transform into a stupid chicken! Our appearance after transformation is even more beautiful than a little chick!"

“Even more beautiful than a chick? How would you look like? What do you guys need in order to transform?”

Bai Li also moved closer and lazily looked at an “egg”.

Her soul seizing enchanting eyes seemed to have bewitched the female egg, who let it slip out: “Only our fated master’s blood will allow us to transform...”

As if it suddenly realized that it blurted that out, its pair of wings did its best to cover the position of its mouth.

Bai Li laughed. Want blood? She had some!

She never expected that she didn’t come to this Purple Cloud Clan in vain. She had actually encountered spirit treasures like the “Husband and Wife Stem”. Not taking them was just too much of a waste!

Qi Luoer didn’t know the “Husband and Wife Stem, but Bai Li was after all, the demonic sect’s sect leader who was very knowledgeable about spirit treasures of the world.

“Husband and Wife Stems” were born in twos. It was said that they possessed five hundred years of past knowledge, and five hundred years of hindsight. After transformation, the “Husband and Wife Stem” would know freezing arts, lightning arts, art of incantations... they were rare treasures.

Bai Li had merely heard about these treasures, and never expected that she would personally see them. Once she heard that girl egg introduce herself, her heart filled with exultation.

Without saying anything further, she took the boy egg in spite of his struggling, bit her middle finger, and then dripped her blood on its little wings.

Bai Li had merely heard about these treasures, and never expected that she would personally see them. Once she heard that girl egg introduce herself, her heart filled with exultation.

Without saying anything further, she took the boy egg in spite of his struggling, bit her middle finger, and then dripped her blood on its little wings.

“Hehe!”

A low laughter like that of water boiling in a pan sounded as Bai Li’s droplet of blood disappeared without a trace.

Bai Li was stunned.

That boy egg actually laughed as it got up. Its round body rocked back and forth as it appeared to be pleased with itself: “Only my fated master’s blood works. You guys are only new apprentices of Purple Cloud Clan, how can you be the masters of us divine treasures? Dream on... ah!”

Before it had even finished saying its few words, the blood on Qi Luoer’s finger also dripped on its little wings.

Unlike Bai Li’s blood, Qi Luoer’s blood spun around on its little wings, then slowly merged into its wingtips.

Seeing that its wingtips had turned pink from snow white, a glowing circle of light emitted from its body...

The boy egg uttered a few miserable shrieks: “How can this be! How can she be my fated master?! Something must have went wrong! It must have!”

It shrieked, but it couldn’t control its body’s transformation.

Soon enough, its golden outer shell slowly split open and peeled off, fluttering in the wind.

A pair of round catlike ears first appeared ,then a pair of huge round black eyes. Then, small pink lips appeared, and four short limbs...

Qi Luoer widened her eyes, stumped in place.

Jigglypuff! Wasn't this the Jigglypuff that appeared in Pokemon?!

It resembled that cartoon's Jigglypuff by around seventy to eighty percent!

The only difference was that This Husband and Wife Stem's color was milky white and roundly plump.

It was like a white furball. Impossibly cute.

Qi Luoer was not immune to little animals, let alone this guy, who had transformed into such an extremely cute appearance.

Her delight rose to its limits in her heart, and it seemed as if all of her exhaustion had disappeared without a trace.

She couldn't help but stretch out a hand to lift it up.

That little thing seemed to want to hide, but since Qi Luoer was its fated master, it only cowered and didn't dodge.

Wife is Outrageous 95

95. Who defiled whom? (2)

That little thing seemed to want to hide, but since Qi Luoer was its fated master, it only cowered and didn't dodge.

Two ears drooped down and nearly covered its eyes. It was as if it refused to confront reality: "How can this be? A stately divine treasure like me actually has such an inferior master?!"

Qi Luoer was nevertheless delighted in her heart as she kissed its head, but she didn't expect that it would scream: "Stinkin' woman, it's improper for men and women to touch each other, do you not understand that?!"

It stretched out its short upper limb to wipe at the spot where Qi Luoer kissed it, as if it had been defiled.

Qi Luoer couldn't help but laugh out loud. This guy's too cute! Didn't expect that not long after she had come to this world, she'd actually gotten such an adorable "little toy"! What a huge profit!

She stuck out a finger to poke at its soft chubby body: "Oh, since I'm your master, I'll give you a name." She looked at its round chubby body and continued: "How about Dou Ding?"

"What a weird name, I don't want it! Protested the little Jigglypuff.

You can't refuse! I'm your master, so whatever I say goes!" Qi Luoer overruled while repeating her original sentence.

Dou Ding was depressed! Its drooping ears covered its eyes: "Wuuu, why do I have such a master?"

Qi Luoer admonished little Dou Ding, then raised her head to look at the other egg. Appearing to have sensed her evil gaze, that egg timidly shrank back in fear

and shouted: Don't even think about having me, you're my husband's master, which means you're not my master. My master should be your future husband..."

Before she finished talking, its little wings seemed as though they were on fire as it got a great shock. It lifted its head and looked at the Bai Li in front of it with a bloodstain on her finger. Without needing to think, it was obvious that Bai Li's blood had dropped on its body!

Ripples of white rings of light emitted from its entire body...

In not even a short period of time, another Jigglypuff was born! And it was the size of a goose egg.

What was different was that the fur on its body was a light yellow, and its head was a bit smaller than Dou Ding.

Qi Luoer's chin nearly dropped to the floor!

Wife is Outrageous 96

96. How can I be husband and wife with Bai Li?

Qi Luoer's chin nearly dropped to the floor!

Didn't it say that its master was her future husband?

How could it be her?

Too weird!

Could it be that she was destined to be a lesbian?

AHHHHHHHHHHHHHHH!

No! She liked handsome men!

Yet Bai Li laughed like a fox that had stolen a fish as she grabbed the little yellow Jigglypuff and narrowed her eyes: "This lord will also give you a name. Your husband is Dou Ding, so you'll be Dou Bao."

Dou Bao? Dou Bao (steamed bun with bean paste)?!

Dispirited, Dou Bao's ears also drooped down.

Its master seemed to be even weirder than Qi Luoer!

She randomly gave her such a lousy name!

Qi Luoer grabbed Dou Ding up: "Your wife said that your fated masters are also husband and wife, who said this? How can we two be husband and wife? We're both girls!"

Dou Ding shook its ears, its eyes spinning round and round, as if it was also somewhat puzzled: "It should be like that, what went wrong this time? My grandpa grandma, father and mother were all like this, why did it turn out this way for us?"

Qi Luoer was stunned. She fiercely grabbed Dou Ding's body: "You said that your grandparents and parents are also like this. Then what about others like you? What's the percentage of this happening?"

Dou Ding was grabbed to the point where it almost fainted as its eyes became spirals.

Before it had time to answer, Dou Bao had already yelled out: "We're the only divine treasures in the world, how can there be others like us. Since the beginning of time, there are only six of us in the world. Our grandparents, parents, and us..."

So they're all one family!

"Hmph, then this might just be a coincidence. You can't calculate with such a small number!

Qi Luoer let out a breath of relief. She'd already said so, right? She wasn't a lesbian, how can she be a married couple with Bai Li?!

The one she liked right now was the aloof Yun Hua, she swore to get ahold of Yun Hua.

Bai Li, being sisters is okay.

Being husband and wife is too scary!

She picked up Dou Ding, put it on her bed, and yawned: "All right, I'm your master now. I'm sleepy, so stand vigil for me, wake me up at around 5-7 am..."

Wife is Outrageous 97

She picked up Dou Ding, put it on her bed, and yawned: "All right, I'm your master now. I'm sleepy, so stand vigil for me, wake me up at around 5-7 am..."

Dou Ding's little face immediately swelled like a filled air balloon: "I'm a divine treasure, not a stupid rooster!"

Dou Ding almost teared.

As the stately 'Husband and Wife Stem' that had lived for more than two thousand years, he was suppose to be a 'celestial' with boundless power that ordinary mortals would bow at if they saw him.

When did he degenerate to doing a rooster's job?

Wuu, that's serious wasting resources!

Qi Luoer bopped it on the head: "I'm your master, you're suppose to do whatever I say! If not, hehe, lightning will strike you one day."

Dou Ding's face drooped.

Even though it was a hundred percent unwilling, it still complied with heaven's degree and recognize its little master.

Even though its little master's spiritual power was so low that it could be overlooked.

But its master was its master, someone who it was unable to resist.

Or else it might really incur the wrath of heaven; that would certainly not be good...

Bai Li also yawned, then casually stroked Dou Bao's soft fur: "Baobao, I can't bare to make you stay up, come sleep with me. Since Dou Ding's there, we

wouldn't have to worry about oversleep."

Then she placed Dou Bao beside her pillow and also went to sleep...

Leaving the pitiful Dou Ding who widened his big round eyes, not daring to sleep, as it obediently took on the role of a daybreak rooster...

Early next morning, Dou Ding punctually woke up Qi Luo.

Qi Luoer got up, and Bai Li naturally got up as well.

On behalf of Dou Ding being responsible and diligent, gave Dou Ding half a day off, letting it have some free time.

She headed off to class with Bai Li.

The following days after, Qi Luoer was even more hardworking. After coming back home every night, she would go to the bamboo forest area to train, manipulate matter, recite incantations, practicing sword techniques, and fighting techniques...

And reviewed everything she learned from Instructor Li Yu during the day time.

She lost more and more weight, making even those who hated her a bit, like Dou Ding, worry.

It even urged her to go back into that barrier to pick another Cloud Fruit.

Wife is Outrageous 99

99. The Lazy Bai Li

She lost more and more weight, making even those who hated her a bit, like Dou Ding, worry.

It even urged her to go back into that barrier to pick another Cloud Fruit.

It was then that Qi Luoer knew that even though Dou Ding was able to enter the barrier, it was unable to pick Cloud Fruits.

It wasn't able to climb that Cloud Fruit tree, else the places it touched would dry up...

This was also the reason why they had stolen the Cloud Fruit she had picked back then.

Even though little Dou Ding was filled with complaints, it was still extremely diligent. In order to reward it, Qi Luoer went to pick one for it.

Making him so happy that he vigorously bounced up and down in joy, and started to somewhat respect this master of his.

And Bai Li still had that kind of sloppy temperament.

Didn't practice at all after class, and every time Qi Luoer returned from practice, she would see her fast asleep.

But even though it went like this, her techniques were still the best.

This made Qi Luoer insanely jealous.

However, natural talent was natural talent. She couldn't do anything about it, aside from working even harder in her training...

Just like this, a month had finally passed by.

"Bai Li, tomorrow is our exam. I wonder what they would test us on, I'm a bit

nervous.” Qi Luoer rarely prattled.

Bai Li stretched: “What are you nervous about? Your studies within this group of people can also be considered outstanding. You’ll definitely pass.”

Qi Luoer sighed: “I know I can pass, but I don’t know if Yun Hua would be satisfied...”

The tips of Bai Li’s brows slightly raised, as a glint of light flashed through her eyes: “Why does he have to be satisfied? He doesn’t even accept disciples!!

Qi Luoer looked at her, sighed, and spoke no further.

Bai Li didn’t plan on letting her off: “Oh, I forgot, Yun Hua was the one who brought you here. Did that big ice cube promise you something?”

Qi Luoer stared blankly as she thought about the bet she made with Yun Hua.

Sigh, Yun Hua had long since never accepted disciples. I wonder if he’ll keep his word.

Mn, he said that if I performed outstandingly, he’ll accept me as his disciple.

But, what does outstandingly mean? Did she have to be number one?

Wife is Outrageous 100

But, what does outstandingly mean? Did she have to be number one?

She sighed faintly, then glanced at Bai Li.

She saw her eyes narrow, and didn't know what she was thinking about.

"Bai Li, who are you going to take as Master?"

Bai Li's lips curled as she laughed: "I — don't mind. I don't care who becomes my Master."

"How can you not mind?"

Qi Luoer looked at her curiously: "Taking someone as Master is a huge matter, if you get a good Master, your studies and progress will quicken by many times."

Bai Li glanced at her smilingly: "Is that why you want to have Yun Hua as your Master?"

When she spoke of Yun Hua, there was not the least bit of respect, as she directly called him by name.

Fortunately, Qi Luoer herself didn't have strong views about senior-junior positions, so she didn't feel like Bai Li's words were inappropriate.

Having been in contact with Bai Li for a month, she had grown accustomed to Bai Li's way of speaking, and long treated her as an intimate friend.

Once the conversation got to this point, she no longer wanted to hide it as she nodded: "Mn..."

She spoke about back then, when she was brought to Cloudmist Mountain, and the bet she made with Yun Hua. After that, she sighed: "But I don't know what Revered Superior Yun Hua counts as outstanding... Do I have to get first

place?”

Bai Li's eyes flickered as she laughed: “He might've been deceiving you! Outstanding is too vague... only a stupid girl like you would believe that!”

She didn't know why, but after hearing that Qi Luoer wanted Yun Hua to be her Master, her heart felt extremely unwell.

As she dumped cold water on Qi Luoer with her words, several thoughts spun around in her heart...

Come early morning, Qi Luoer assembled at White Cloud Mountain's plaza with Bai Li.

The eighty disciples who were about to take the test were basically all present.

Everyone was all somewhat nervous. It was said that in this time's exam, both Clan Masters would be present and would personally evaluate them.

Yun Zhongyue had already explained it to them that more than half of them would be eliminated.

In other words, the out of the eighty people present, only thirty six of them could become official disciples of Purple Cloud Clan.

The ones eliminated after the exam would have to leave White Cloud Mountain, and would no longer be affiliated with immortal cultivation world.

This was why everyone was nervous, for fear that they themselves would lag behind and be the one to be knocked out.

Wife is Outrageous 101

This was why everyone was nervous, in fear that they themselves would lag behind and be the one to be knocked out.

It was good that within this one month, everyone had all learned a few techniques.

Drawing talismans and catching ghosts all came very easily.

With those skills, even if they left Purple Cloud Clan, they would still be considered great among the masses. Perhaps, they could become a National Preceptor, or even a...

Qi Luoer was not worried that she would not pass, she was worried that Yun Hua might not accept her...

It was as though a little rabbit was inside her head as her mind went into a mess.

“Elder Hao has arrived!

A sapphire blue robed disciple shouted loudly.

A current of mist appeared out of nowhere from the level ground as Hao Yunzhong appeared before the many disciples.

His gaze swept across once, and the plaza immediately went into absolute silence as everyone’s attention focused on his person.

He nodded in satisfaction: “Everyone, I am Purple Cloud Clan’s Guardian Elder...”

Before he finished speaking, he suddenly stopped and looked toward the sky with a slightly worried face.

Everyone saw him look toward the skies, and followed his line of sight.

Everyone's complexions all changed!

The originally incomparably sunny and cloudless sky was now suddenly covered with black clouds. Lumps of clouds rolled over.

Above the black clouds were numerous troops of every size and shape!

The entire world darkened!

"Not good! The Demon Sect is invading!"

Hao Yunzhong lowly yelled, then waved his hand: "Everyone, go look for a place to hide. We'll do the exam again once we drive these demons off."

After giving Yun Zhongyue a few instructions, he flew up, turned once in the air, and disappeared.

This was the first time that the various disciples had seen such a sight before. With their eyes, they saw the troops head toward Purple Cloud Mountain.

There was also a small team heading toward White Cloud Mountain. They stirred up tons of smoke and dust as they attempt to slam through White Cloud Mountain's barrier...

At first, everyone didn't know how to react.

Yun Zhongyue jumped up, and said: "It's not safe here anymore. Everyone, follow me!"

At this point, there was no need for Yun Zhongyue to shout. Everyone immediately followed behind him.

The originally sunny and cloudless afternoon now resembled a dark night.

Wife is Outrageous 102

102. Who will be eliminated? (3)

Some disciples were scared and couldn't help but want to use their arts to light a torch.

However, once a small flame was conjured, it was unexpectedly brushed away by Yun Zhongyue's hand: "We can't light torches now! We'll be discovered by the those from the demon sect!"

These words scared those who had been about to light torches, making them quickly stop their fire arts.

This was the first time Qi Luoer had seen the so-called demon sect people.

She saw those demon sect disciples dressed completely in black. Even though there were some that looked ugly and some that were handsome, dark air winded around their body as evil energy soared through the skies...

Her heart hammered. Within this month, she had heard many people talk about the Great Demon Celestial Battle.

Apparently, every great war was a bloodbath. Could it be that this was another one?

Suddenly, she thought about Dou Ding and Dou Bao, who were still in their room.

Her heart sank: "Not good. We can hide, but what about Dou Ding and Dou Bao?!"

She acted without thinking, and turned around, leaving the group, running straight toward the dormitories.

It was as dark as night at the moment. Everyone was all anxiously escaping, so no one noticed that she had left.

The road was dark, it was hard to see anything.

Fortunately, Qi Luoer had night advancement experience, and she was familiar with this road.

Thus, even though she was unable to clearly see the road ahead, she still advanced exceptionally fast.

“Little Luoer, wait for me!”

A sound suddenly came from behind.

Bai Li?!

Qi Luoer turned around to look, and Bai Li had already arrived before her.

She grabbed her hand: “Little Luoer, why didn’t you say anything before running off?”

☹! This guy’s sticky candy disposition probably wouldn’t even change in ten million years!

“Bai Li, why are you following me? Why aren’t you following Supervisor Yun to hide...”

“Little Luoer, I’m worried about you. If you’re going to die, we’ll die together! Don’t even think about leaving me behind!”

Bai Li used her little finger to point at her. Even though it was hard to make out her face in the dark night, Qi Luoer was able to guess her expression after hearing her secretly grudging voice.

Qi Luoer only felt that her head enlarged. When she turned back to look, everyone else had all disappeared without a trace...

Alright, alright. I’ll just let her follow me.

Even though Bai Li didn’t have much courage, it would be easier to protect her since Bai Li herself was strong in mystic arts anyway.

Wife is Outrageous 103

Even though Bai Li didn't have much courage, it would be easier to protect her since Bai Li herself was strong in mystic arts anyway.

Afraid that she would separate from Bai Li in the dark night, she held her hand and ventured forward.

A trace of laughter flashed through Bai Li's eyes.

She leaned on Qi Luoer's shoulder: "Little Luoer, being able to be with you like this really makes me wish that this road would never end..."

☹! Can't this guy forget how to be sappy?!

Black lines littered Qi Luoer's face as goosebumps emerged all over her body: "Bai Li, if you say these kinds of sappy words again, I'm going to ditch you and ignore you forever!"

Qi Luoer put down extremely harsh words!

Bai Li's body trembled: "Alright, alright. I know that it's better for some words to stay in one's heart. I won't talk anymore..."

Swoon!

Qi Luoer tightened her fist and had a urge to punch her head.

The corners of her mouth incessantly twitched. Why can't this Bai Li be a bit more normal?

She really only treated her as a normal friendddddddddd!

"Little Luoer, where are you going in such a hurry?"

Bai Li advanced with her, shoulder to shoulder as she asked.

“Dou Ding and Dou Bao are still in the dormitories. I’m going to help them.” Qi Luoer said as she ran as fast as possible.

“No need to go...”

Bai Li suddenly stopped as her tone of voice became somewhat strange.

“What’s wrong?” Qi Luoer blanked, and also stopped.

“Because...”

Bai Li slowly said that word, then suddenly patted the embroidered purse on her waist: “Why haven’t you guys come out yet?”

“Hehe, so Masters was going to get us...”

A big round head stuck out. Dou Ding shook its rounded ears.

“We’ve always been on my master’s body.”

Another head poked out. And Dou Bao blinked in embarrassment.

Ah?! Qi Luoer was dumbfounded!

She glared at Bai Li: “Then why didn’t you say that earlier?!”

Bai Li innocently shrugged: “You didn’t ask me earlier! You were all over the place, how should I know where you were going?”

囧!

Qi Luoer didn’t know if she should be angry or laugh. Seeing that Dou Ding was on Bai Li, she said: “Stupid Dou Ding, what are you doing on her? I’m your master!”

Qi Luoer didn't know if she should be angry or laugh.

Seeing that Dou Ding was on Bai Li, she said: "Stupid Dou Ding, what are you doing on her? I'm your master!"

Dou Ding pouted its little pink lips: "You don't even bring me out to play! Besides, you guys never separate from each other, so there's not much of a difference if I follow her!"

Swoon, this little thing actually quite right!

The way he said it didn't make them seem like good sisters, rather, they sounded like a loving couple...

Qi Luoer grabbed it over.

She looked at it eye to eye: "Stupid Dou Ding, what do you mean there's not much of a difference if you follow her or me?! She is herself, and I am me! She and I will part one day. Speak, are you going to follow her or me?!"

Dou Ding shrank and mumbled in a small voice: "Okay, okay. You're my master, so I will obviously follow you..."

This was when Qi Luoer finally hmped and let go of its short little limbs.

Dou Ding rolled its eyes and then mumbled to itself again: "Women have so many issues..."

"What?!" Qi Luoer and Dou Bao shouted together.

Qi Luoer shot Dou Ding a dirty look: "So you still look down on women... you're actually a male chauvinist pig!"

Dou Bao's big round eyes spun with anger and a sense of being wronged:" Dou

Ding, I don't want you anymore! Where do I have issues!"

Dou Ding's one sentence offended the two women present. It's got a headache.

It slanted its head to look at Bai Li, but Bai Li only stroked her chin, wearing an interested expression on her face.

"Eh? Why aren't you bouncing up and down like them?"

Dou Ding couldn't help but ask.

Bai Li smiled: "Why should I bounce? What you just said is right..."

"Bai Li, are you even a woman? You're actually agreeing with Dou Ding's stupid reasoning!"

Qi Luoer looked unhappily at Bai Li.

A smear of light flashed through Bai Li's eyes.

She laughed: "I'm only telling the truth. This doesn't have anything to do with whether or not I'm a woman..."

Qi Luoer stood there, muddled.

Then, a few "bang! bang! bang!" noises sounded in the distant skies, followed by a huge tearing sound.

Countless 'black clouds' poured down, descending upon White Cloud Mountain.

Then, a few “bang! bang! bang!” noises sounded in the distant skies, followed by a huge tearing sound.

Countless ‘black clouds’ poured down, descending upon White Cloud Mountain.

Qi Luoer’s expression changed greatly: “Not good! The Demon Sect got in! We have to run! Ah, where are the others?”

Dou Ding raised its big head: “That’s easy. I can’t find them. Follow me!”

After Dou Ding’s evolution, even though it didn’t have little wings anymore, it still was able to fly.

At this moment, it floated in front of Qi Luoer in midair and lead the way.

Qi Luoer was stunned for a while, then elated.

Hey, she got a good one! Didn’t expect that this little thing can act as a police dog...

Dou Ding’s flew very fast. Qi Louer strained her movement skills to its limits to barely follow behind it.

Even though Bai Li’s movement skills weren’t bad, she evenly advanced with Qi Luoer, without getting left behind in the slightest.

They kept going for about a cup of tea.

Dou Ding suddenly halted in midair: “Alright! They’re in a cave not too far in front. I don’t want them to see me, so I’ll turn invisible first!”

As it spoke, Dou Ding’s plumply round body disappeared.

Qi Luoer only felt the inside of her sleeve sink, as though something soft had

squeezed in.

She couldn't help but laugh.

Looking up ahead, she saw a huge mountain cave to the front. It was dark, and it was unknown just how deep it was.

As she walked forward, she felt a chilly wind that made her entire body tremble blow out from within the cave.

Qi Luoer wrinkled her brows: "Bai Li, there's something wrong about this cave, let's be careful."

Bai Li leaned over: "Uu, Little Luoer, then you have to protect me..."

It seemed though she was squeezing into Qi Luoer's chest.

Qi Luoer trembled, and hastily shook her off: "Alright, alright. Follow behind me. Don't run off."

The two held hands as they step by step, advanced into the cave.

When they entered, the cave became deeper and darker, it was so dark that one could not see their fingers.

Qi Luoer wrinkled her brows. Dou Ding said that the others were inside the cave, but why couldn't she see any one of them?

Upon entering, she could still only hear the whistling of the wind, but now, she couldn't even hear any wind sounds.

Upon entering, she could still only hear the whistling of the wind, but now, she couldn't even hear any wind sounds.

It was deathly silent all around, with only an expanse of moisture in the air that assaulted the senses.

Suddenly, an odd noise sounded from the depths of the cave.

It sounded like a wild animal grinding its teeth, but also sounded like something been torn. The sound was muffled, yet incomparably clear.

Qi Luoer couldn't help but tremble. Could there be a monster inside this cave?

"Be careful!"

Qi Luoer held Bai Li's hand as she warned in a low voice.

Bai Li's palm was ice-cold, and she said in a shaken voice: "Little Luoer, could there be a spirit monster in this this cave?"

"D-don't be afraid! Leave everything to me..."

Qi Luoer quickly consoled.

Even though she told someone else to not be afraid, her own heart was jumping around.

After all, this place wasn't the same as the society she originally came from. Whatever strange and savage thing could all appear here...

Bai Li leaned her head on Qi Luoer's shoulder: "Mn, with Little Luoer next to me, I'm not afraid of anything. I'd gladly charge into a mountain of dagger and a sea of flames together and..."

Before she finished speaking, a series of cries came suddenly came from the

depths of the cave.

Sound after sound rang, with some distant and some far, some to the left and some to the right.

These ear-piercing mournful shouts would make one's hair stand on end.

Qi Luoer's complexion changed. She jumped, and said: "It's the sound of the other disciples! Did they encounter a terrifying beast?"

Bai Li dragged her back: "Little Luoer, wait!"

Qi Luoer blanked: "What?"

Bai Li said coldly: "Don't you feel that this cave is really weird? We've been here for almost a year, so we should already be familiar with every nook and cranny in White Cloud Mountain. When did it have such a eerie cave?"

Qi Luoer was stumped. She liked to explore, so in the month she was in White Cloud Mountain, she had indeed walked everywhere.

She really didn't feel like there was a cave anywhere...

"What do you mean? Are you saying that this is an illusory realm created by the Demon Sect people? It's not real? But we just heard the shouts of our comrade earlier. I recognize their voices."

A cold smile surfaced on the corner of Bai Li's mouth: "How do you know that it's made by people of the Demon Sect?"

A cold smile surfaced on the corner of Bai Li's mouth: "How do you know that it's made by people of the Demon Sect?"

Qi Luoer frowned: "You also saw lots of Demon Sect members charging in. It might be an illusory realm they created to compel us to go in so they can kill us all in one fell swoop."

Bai Li coldly laughed: "If it's really an illusory realm created by Demon Sect people, it's alright if ordinary disciples don't notice it, but who are Yun Zhongyue and Li Yu? It doesn't make sense to say that they don't recognize it and obediently bring a flock of dumb birds to walk in a trap..."

Swoon! Bai Li's words today possess to have a bit of a bite.

But, they weren't unreasonable. Then — — what exactly is going on here?

Just as she was being a bit hesitant, she suddenly heard the sound of someone singing come from inside the cave: "The cold moon stares at the deep burial mounds, the greedy do not move. Once entering the nest of a hundred demons, they must die within this cave..."

The singing voice was mournful as it floated about, and was barely discernable.

It was as though there was a spectre of death, grinning as it sang in this boundless darkness.

Qi Luoer only felt her blood freeze, as she suddenly yelled: "Are you human or a ghost? Where are you playing this trick from, come out right now!"

Her voice was extremely loud and clear, suppressing that faintly discernable singing sound.

"Heheh!"

“Haha!”

“Hehe!”

“Hoho!”

“.....”

A series of strange laughs echoed from the depths of the cave.

So there’s still two fish who managed to slip through the net...”

“Little girls, if you’ve got guts, come on in.”

“Oh, check out their smooth and tender skin, they must be really yummy...”

“Your friends are all in our hands...”

The screaming of a few girls followed those words, along with muching sounds.

It sounded like some sort of wild animal tearing at its prey...

Qi Luoer’s heart pounded, as both her legs softened.

The hand in which she held Bai Li seeped with cold sweat.

She nearly broke into a run.

But when she thought about those fellow sisters of hers that were still in the cave, she gritted her teeth and tightened her fists.

These people’s martial arts must be quite good to be able to contain her sisters. She herself was probably not their match.

However, she couldn’t abandon her comrades no matter what, she really couldn’t!
